## Items of Personal Interest.

Prof. M. F. Hanville, the new principal of the high school will arrive from Salem Monday.

Mrs. Fred Gumpert returned Saturday evening from the East where she has spent the past several weeks visiting friends and relatives.

Mr. and Mrs. J. C. Mattison came in from Gailce Tuesday to spend several days with relatives and to attend to matters of business.

Mrs. Harry Smith and Mrs. Christina Goodnough went to Roseburg on Tuesday to attend the Rebekah district convention held at that place this week.

Miss Ida Robertson was in Grants Pass this week after spending six months in Portland and Roseburg. She will spend some time with her parents on Rogue river.

Mrs. F. E. Peter and Miss Helen Clark leave Saturday morning via Sacramento for Mrs. Peter's home at Mason, Mich., where the former will stay a year or more. Miss Clark will remain several months.

Harry Andrews and family spent last Sunday visiting at Medford. Harry says Medford is improving right along and some day will overtake Grants Pass if we would only stand still and let them. He was glad to get back home, where the sun shines a little brighter.

Mr. and Mrs. A. H. Gunnell have returned to Grants Pass after having spent the winter with relatives at Jefferson, the former returning a couple of weeks ago, the latter returning last week after spending two weeks in Portland.

W. T. Miller returned to Coquille City Tuesday, after having spent two or three months visiting his aunt, Mrs. E. J. Woodriddle. Mr. Miller came to Josephine county in 1871 and remained two years, going then to Coos bay. He thinks it is probable that he will return and make Grants Pass his future home.

O. A. Dearing of Portland was in Grants Pass Wednesday and Thursday looking over this section and doing some business for the American Type Founders Co. with which company he has been working for the past 35 years. After this long a service Mr. Dearing thinks it is about time for him to make a change and he is hoping to find a little farm which just suits him.

Mr. and Mrs. A. M. Bunch will leave about April 1 for Oakland, Cal. They will spend some time in looking about and will probably spend several years in that section. The Bunch ranch of 160 acres at the Applegate bridge, being a portion of the Murphy donation claim, has been rented to Chas. Williams for a term of three years. Mr. Bunch has been a resident of this county for the past 30 years 13, of which were spent on the Murphy ranch. This change is made necessary on account of Mr. Bunch's health.

I am pleased to say that now I am free from these complaints. I am sure I owe this to your liniment." For sale by National Drug Co. and by Demaray.

## Good Game of Basket Ball.

Two games of basket ball were played at the opera house Monday night with a fair sized audience in attendance. The first game was played by two teams selected from the Grants Pass High School girls' basket ball club and was watched with much interest, but the greatest interest centered in the game between the Grants Pass High School boys and the local boys' teams. The game was closely contested by both sides and both teams scored pretty evenly up to the finish, when the local boys won out in a score of 14 to 15. This was one of the best games that has been played in Grants Pass and held the close attention of the spectators throughout as both teams were in prime condition and "played ball" all the time.

A slight accident occurred in the last half when Owen Thomas, who was acting as referee, got into one of the mix-ups peculiar to basket ball and the his nose came into contact with the goal post with such force that he is at present, wearing the former neatly done up in court plaster, while Manager Wilcox is also slightly disfigured about the face, the result of a blow from Mr. Thomas' foot when he fell.

## The Masquerade.

The masquerade dancing party given by the young ladies of Grants Pass last Friday evening at Clemens' hall was an unqualified success in every particular. Hall decorations were dispensed with entirely, on this occasion and the decorations bestowed upon the dancers and the result was most pleasing. Costumes of every description were in evidence—unique, gorgeous, ridiculous and beautiful—and in some cases the disguises were so perfect that the masquers were entirely unrecognizable. At 8:30 the grand march took place and dancing continued until 10 o'clock when another march was called and prizes were awarded to the two best sustained characters—Mrs. August Goettsche, impersonating a Negro Mammy and Al McKenzie as an English dude, being the fortunate prize winners. After the prizes were awarded, the masks were removed and dancing continued until 12 o'clock. Lemonade was served and excellent music furnished by Miss Ruth Dean, Messrs. Wharton, Cheshire Mahoney and Ott.

About 80 invited guests were present at this dancing party and all agree that this was one of the decided "hits" of the season and shows what the girls can do in the way of making decent success of anything they undertake. The boys are "it" again and they will have to get busy soon.

## Juniors Win From Woodville.

A red hot game of base ball was played at the A. A. C. grounds last Saturday between the Grants Pass Juniors and the Woodville team in which the Juniors came off victorious with a score of 13 to 5. The Woodville boys think they can beat the Grants Pass Juniors yet and a return game will be played next Saturday at Woodville if the weather permits.

Following is the line-up of the game last Saturday:

## A Brief Record of Local Events.

St. Paul, Kansas City or Omaha to Grants Pass for \$33 until April 1.

Melita Commandery, Knights Templar, of this place had a banquet at Hotel Josephine last Friday evening, following their meeting, the event celebrating the official visit of Judge Burnett, Grand Commander of the State K. T.

Geo. Parker informs us that he has sold to Thos. W. Pack, who recently purchased the Miller ranch, nearly 3000 Newtown Pippin and Spitzenberg trees. Mr. Pack will set out about 50 acres of orchard this year and next year will and greatly to the acreage.

Benjamin Heeley, owner of the Jewett mine on Mt. Baldy, died at his home in San Francisco last week, the result of appendicitis. An operation had been performed but it was impossible to save his life. Mr. Heeley was in Grants Pass only a few months ago and spent some time here looking after his property.

County School Superintendent Lincoln Savage is now located at Room 5 Masonic Temple and the superintendent's room at the court house has been joined to the sheriff's room by cutting a large opening between the two rooms. This makes a fair sized room for the sheriff's office, which has always been too small and crowded.

Orchardists are getting ready for another bumper crop of large fine apples, pruning and spraying have been the chief occupation of them all the past few weeks. Some of them however found time to attend the big rally at the opera house on Tuesday evening and heard about the high prices paid last fall by the English market for Rogue River pears and apples.

Among the transfers of Portland real estate is noted the Auditorium, located in the same block as the A. O. U. W. temple on Second and Taylor streets to E. E. Redfield, formerly of Grants Pass, the price being \$95,000. The building is a four-story brick occupying a single lot. The A. O. U. W. building was sold at \$140,000.

Edna Heaton, a 16-year-old girl, despondent over the neglect of her lover, attempted to shuffle off the responsibilities of life Monday morning at Medford by taking carbolic acid. The prompt use of a stomach pump saved her life, although she is was frightfully burned. The unhappy girl resides in Grants Pass, but has been in Medford for some months.

The corner display window at Cramer Bros.' hardware has for the past week contained a lively exhibit, there being about 90 little chicks which have never known a mother's cluck, but are content to nestle with one another within the confines of a "wooden mother." These are a portion of an incubator hatch and the brood of over 300 chicks from 300 eggs came off last week, all the chicks being in a healthy condition.

## Golden Drift Managers go East.

C. G. Ament left last Saturday evening by the North bound train accompanied by his brother C. W. Ament. These gentlemen will make an extended visit to many of the principal Eastern cities on business connected with the Golden Drift Mining Company. The plant of this Company is not in active operation at the present time, as the officers of the company decided to delay operations until such time as additional machinery can be installed with which they will be able to extend their pipelines to the large body of gravel some 300 yards beyond their present workings.

They have been busy engaged the last few months in filling in large cribs with tailings from the mine just above the dam, these cribs were put in to protect and fortify the wing of the dam on this side of the river next to the railroad.

The Golden Drift Mining Company is a concern in which the people of Grants Pass are always deeply interested, during the five years they have been operating here, they have been maintaining a considerable monthly payroll which has always been met promptly, in addition, all of their supplies have been purchased here, showing that these gentlemen believe in patronizing the home merchant.

We wish these gentlemen all success and trust that the business, whatever it may be upon which they are now gone East, will be profitable to them.

The body was taken Friday morning to Wilbur, Douglas county, accompanied by members of the family and friends, where the funeral services were held and the interment made. Mrs. Kremer had been ill for the past two months and her death was due to a complication of stomach and other troubles. Besides her husband, Dr. W. F. Kremer, she leaves three children, Dr. Maude Kremer, of Portland, Roy Kremer, a student in San Francisco medical school, and Clair, the youngest daughter and at home. ## CORNELL WINS PRIZE FOR GOOD WORK

Wins Fifty Dollar Prize from the Oregon Life Insurance Co. for February's Work.

A. B. Cornell, Grants Pass agent for the Oregon Life Insurance Co., has been doing such good work for his company during the past month that he won a \$50 prize offered by the general manager to the agent writing the most business during the 24 working days in February. In a general circular to the Oregon Life agents the manager has the following to say regarding Mr. Cornell:

"A. B. Cornell, who when he first joined Oregon Life had no knowledge whatever of life insurance, is certainly a very apt pupil and his success can be attributed only to the fact that he possesses indomitable pluck and is extremely industrious. As an evidence of his industry need only mention this fact: the business accepted from him during February insures 20 people and places \$36,000 additional business on our books. Mr. Cornell operates in Southern Oregon, which is no richer and no better in any respect than any other portion of Oregon, but Mr. Cornell has learned to spell W-O-R-K. The first prize in the February contest for the largest amount of business is awarded to Mr. Cornell. The prize for the largest number of lives insured would also have been awarded to him but, but as is customary in life insurance contests one person can earn but one prize in the same contest."

Manager Samuel emphatically states to the agent that these prizes do not come from the Oregon Life Insurance Company but are given out of his personal funds; and that not a cent of the policy holders' money goes for this purpose.

Mr. Samuel's was the originator of the Oregon Life and is doing all within his power to advance its interests even to great expense to himself.
