In your last issue of the Courier we notice an article by Judge Chiles that seems to have the right message

to the right words. Swat 'em again, Judge, sic 'em. The whole people will wake up after awhile and will make a noise like true reform and sweep all the rubbish out of our county. Lots of people will shoot about the rottenness of Wall street and never catch on that they are daily bled by the blood suckers at home. We don't care if you hit 'em below the belt, Judge.

Mr. and Mrs. Frodelius, Swan Haglund and Misses Hattie Webb and Anna Peterson made Uncle Ebe's humble cabin a call last Sunday, bringing with them a fine basket of "grub stake" which was duly enjoyed after which we all climbed Gilligan's Butte and passed a delightful afternoon.
