THE BOYS ENTERTAIN WITH DANCING PARTY

Another of a Series of Parties Given Alternately by Boys and Girls.

On Wednesday evening, another of the delightful little dancing parties which have been holding sway during the winter, was given at Clemens hall by the young men of Grants Pass and proved, as former ones, to be a perfect social success. At 8:30 o'clock about 40 couples were assembled at the hall, which was tastefully decorated. Programs were in use and lemonade served from a little booth at one end of the hall.

Dancing continued until 11 o'clock, when all adjourned to Horning's confectionery and ice cream parlors where the boys had arranged for refreshments of ice cream and wafers. After refreshments were partaken of the guests returned to the hall and dancing was continued until the "wee small hours" when the merry-makers returned to their respective homes, well pleased with the evening's entertainment. Excellent music was furnished for the occasion by Messrs. Ruth Dean and Ada Umphlette and Messrs. Mahoney, Cheshire and Wharton.

R. Thomas Sells to R. H. O'Neill.

O'Neill, has sold his interest in the business to Mr. O'Neill and has retired from the firm. This move was made necessary on account of the condition of Mr. Thomas' health, which for the past several years has not been of the best. Mr. Thomas, as yet has not made definite plans for the future but says his first effort will be to get well.

Mr. O'Neill, who succeeds to the business is well and favorably known through his residence here and business with Mr. Thomas and also through his residence here some 12 years ago.

I am now practically 20 years younger than before I took Electric Bitters. I can now do all my work with ease and assist in my husband's store." Guaranteed at all drug stores. Price 50c.

The body of Lucius Slagle of Waldo was brought to Grants Pass on Monday from Kennet where he had been killed in the mine where he was working. We have not thus far been able to learn the particulars of the accident by which he lost his life. His body was taken to Waldo for interment. He was a young man, about 20 years of age.

The new livery barn of Burkhalter and Parker is now ready for business. Thirteen new rigs were received this week and are now being set up. The barn is a brick building, spacious and convenient. Grants Pass, being the center of so large a territory, has a great volume of livery business, the new barn being the fourth institution of its kind in the city. The proprietors are bustling business men and the new barn will doubtless get its share of the trade.

Howard Jeter, aged 13, and Frank Martin, aged 7, were out flower picking on the hills northwest of town Sunday when they came upon a big rattlesnake asleep on a rock sunning himself. The boys were startled but Howard hunted around for a rock, which, as he says, he "dropped on the snake and smashed him." When the snake was dead Howard measured it and secured eight rattles. It measured about 3 1/2 feet. The boys then left the vicinity for fear of coming cross the snake's mate.

J. W. Harmon of Dryden last Thursday came nearly having a rough and tumble hand to claw conflict with a panther. He and his dogs were tracking a panther and the dogs tried their game and Mr. Harmon started in at 75 yards with a Colt's automatic revolver. The animal decided that things were getting too warm for him and he quit the tree and attempted to escape but the dog closed in. Finally the panther made a rush at Mr. Harmon and was within about eight feet of him when a good shot put an end to his fight. There were 13 bullet holes in the animal's hide. Mr. Harmon now has an 8 foot hide which he is having dressed.

The amount of rain which has fallen in the last few weeks has been a starter even to the old time webfoot, few of whom can recall so protracted a wet season at this time of year. The placer miners of this county certainly have no reason this year to complain of a shortage of water for the spring run and there is an unusually large amount of snow in the mountains. The advantageous features of Southern Oregon weather are again emphasized, however in comparison with other districts as here we have merely had somewhat unusually heavy rains and have escaped entirely the destructive storms which have devastated Northern California.
