FROM GRANTS PASS TO COOS BAY

Merry Crowd Accompanies Tom Harvey In Special Car by Progressive Whist Route.

In answer to unique little invitations to "join the special car to accompany Tom Harvey to Coos Bay," about 35 young people gathered at the home of Mr. and Mrs. W. E. Dean, Thursday evening, where "passes" were issued, and were soon launched merrily on their way over the "progressive whist route."

Misses Both Dean and Chloe McKenzie were the hostesses of the evening and entertained their guests in a manner which made this one of the most delightful little affairs of the season. Each table represented a station between Grants Pass and Coos Bay and also contained a bell, which the young folks were not long in discovering. The guests proceeded from station to station until 11:30 o'clock when a dainty and appetizing lunch, consisting of tiny chicken pies, wafers, olives, cranberry jell, cake and coffee was served. Later the prizes were awarded, Mrs. Herman Horning and Ralph Davis receiving first and Miss Oro Willson and Walter Carroll the consolation prizes. The remainder of the evening was spent with music, one of the most entertaining numbers being the one rendered by the young men, who in some inconceivable manner had succeeded in purloining all the different toned bells from the tables and gave an open air concert in the front yard.

Over one of the doors was a large sign which read "All roads lead to Oregon" and it was with deep regret that the assembled guests remembered that one of the members present would soon follow the "road which leads to Coos Bay." Mr. Harvey has lived in Grants Pass since childhood and he will be greatly missed by his many friends here, when he leaves next week to engage in the hardware business at Coos Bay.

T. W. Pack, lately of Berkeley, Cal., has just finished setting out a 45 acre apple orchard at his place on Rogue river about seven miles above Grants Pass, planting Newtowns and Spitzenbergs exclusively. Mr. Pack is the present owner of the well known H. B. Miller place a few miles below town and is going into the orchard business on an extensive scale. He is now in Berkeley and will soon return accompanied by Mrs. Pack, to take up his permanent residence here.

The postoffice people have a great deal of trouble in delivering letters addressed to secretaries of the various secret orders of the city and many of them do not reach the party for whom intended until several days after their arrival simply because one of the clerks has to make a tour of inquiry to ascertain who is entitled to receive the letter. Secretaries of all organizations should notify the postmaster at every election of officers.

A great many people of Grants Pass wondered why Geo. S. Calhoun's flag at the store was half masted on Thursday and the phone both at the store and at his residence was kept busy with ringing. The reason was not that there had been any grave misfortune to any member of his family or even that business was dead; it was merely in observance to the anniversary of the San Francisco disaster, one of the greatest calamities of modern times.

Sam Williams is suffering from a broken arm and crushed finger received Wednesday while assisting in loading the Williams Bros. saw mill machinery on the cars at the depot yards. Mr. Williams was holding a wagon tongue and steering the loaded wagon which was being hauled by a team with oilkin attached to the rear axle. The end of the tongue struck a projection on the car and was broken off, striking Sam's left arm and breaking it near the wrist. Williams Bros. are moving their sawmilling machinery to West Fork.

Farmers, make your wants known by inserting a few lines in the Classified Ad Column. 25 cents spent in this manner will sometimes do more than a whole day's talking.
