Special Election

A special election is called for Monday May 6, to submit to the taxpayers of the city the proposition of purchasing for the use of the city a rock crusher and roller for use in improving the streets the cost to be not less than \$4000 nor more than \$7000. This is the outcome of a movement which has been agitated for months and years past, the condition of the city streets during the winter time demanding some permanent improvements in the road making line. It is to be hoped that the taxpayers will take the sensible view of the expenditure and consider it more of an investment which will result in the beautifying and modernizing of the city and the consequent increased value of their property.

The Presbyterian Ladies hold a cooked food sale at the White House grocery at 2 o'clock Saturday, May.
A large congregation of people were in town Tuesday from all parts of the county to attend the Norris-Rowe Circus. This institution is growing year by year and will in all probability eventually expand into one of the big circuses of America.

S. E. Isham was given a surprise party at his home on North Tenth street on Monday evening by his neighbors and friends. Mr. Isham has lately been making additions to his residence and the surprise party was in the nature of a housewarming. A pleasant evening was spent.

Engineer Dick Miller was brought to Grants Pass Monday with an injured eye which Dr. Findley attended to. Miller was on the first section of the Norris & Rowe show train out of Hornbrook on the Siskiyous when a lubricator glass exploded and a missile struck him in the eye, which will result in the permanent loss of the sight of that eye.

Meedames Sampson, Riddle and Bobzien entertained about 70 ladies at the Sampson home on Fifth street Thursday afternoon. The event was well planned and thoroughly enjoyed by the ladies who attended. Guessing contests were introduced and afforded much pleasure. Sherbet, cakes and fruit punch were served.

Zodiac Brown, one of the depot employees, had an accident Wednesday that will incapacitate him for work for a few days. While unloading a car, a heavy iron pipe dropped on his feet, crushing the great toe on each foot. The injured members were attended to by Dr. Loughridge and while very painful, are doing nicely at the present time.

S. R. Bristow left Wednesday night for Portland where he will have the position of gate keeper for the S. P. Co. at either the East Morrison or Hawthorn Avenue crossings. Mr. Bristow has been in the employ of the Southern Pacific company for the past eight years, about six years ago he lost both feet in an accident near Glendale. He now has artificial limbs which are so perfect as to cause him no apparent difficulty in locomotion and he is able to ride a bicycle or a horse with ease.

The Three Pines Timber company commenced operations last week at their mill on Upper Jump-off-Joe with a force of about 20 men and a number of teams. They are also building a flume which will convey the lumber four miles from the mill. The balance of the distance the lumber will be hauled by team to the track at Three Pines. Messrs. Howland & Cook, the owners of the property, have now associated with them J. S. Gill of Portland. Their mill has a capacity of 30,000 and the product will be shipped mostly to California.

James Macomber, a young man of Leland, was tried on Wednesday in Justice Holman's court on a charge of larceny of a watch from Letcher's jewelry store. The evidence of Mr. Letcher and others was that the watch disappeared from the counter where it lay with several others and that, on suspicion being directed toward Macomber he went out at the back door and got rid of the watch, throwing it into a pile of rubbish where it was found by Mr. Letcher after a brief search. Macomber was bound over in the sum of \$300 to answer the charge at the July term of circuit court.

A farewell reception was tendered last week which was attended by 200 or more people. After a most excellent program and refreshments the auxiliary to the Christian Woman's board of missions presented Mrs. Bower with a gold W. B. M. pin. There is deep regret that Mr. and Mrs. Bower have severed their connection with the church, yet the prayers of his congregation and their love and sympathy go with them to their new field of labor in the confidence that they will be as helpful to the people of Colorado City as they have been to the people of Grants Pass. The church is looking forward with great interest to the time when Rev. and Mrs. Billington will arrive and take charge, feeling confident that they will win a place in the hearts of the people of this city as well as of the church.
