Front Street, near Palace Hotel

DEERING

Good health prevails throughout our Valley.
Here's long life to all enterprises that will tend to make our county greater and better.
Artemus Bigelow made the trip "by hand" from Crescent City to your burg Tuesday. Art stopped here to get his wind and a dose of Deering grub.
Alfred Peterson made a business trip to Waldo Tuesday.
Uncle Hawley is trying to make the railroads come down off their perch and disgorge. That's the kind of noise people like to hear. Now, Uncle, will you proceed to beat the timber grafters to a pulp?
The bees are swarming over at Uncle Clark's. He has a fine stand and it keeps him busy making hives. How would you like to be that "hot cake" this Fall?
Bernard Frodelius and wife and Miss Anna Peterson went over to Kerby Sunday where they held a conference with the dentist. It was not necessary to have their teeth amputated, only calcimated.
Samie Egger of Waldo was the guest of G. W. Webb over Sunday.
Mr. Mook was troubled last week with an attack of pleurisy and a crick in his back, but is much better

now, as he says the "blamed pleurisy" fell in the "crick" and was drowned.
Some of our people have to go clear over to Kerby to "slack their thirst." They plead justification on the ground that you "can't raise, "nothing" in Oregon without irrigating—not even a row.
Dave Gilmore was in our Valley last week looking after the cattle that graze in pasture at 25c per head. Dave says the law is to be remodeled and patched up. Well, we hope so. Now, if they would fix it to read: "25 cents per head for grazing, 25 cents per head for range water, 25 cents per climate, 25 cents for scenery, 25 cents for the privilege of breathing this glorious ozone, 25 cents for using range trails, and then charge up 25 cents for the grand total effect of the whole, making \$1.75 per head in all—would be about right, eh?" An Oregon steer is worth about \$6. A rancher would then have \$4.25 which he could invest in a gallon of the "snake producer." What more could he ask for? But then there would be some kickers anyway.
E. M. Albright, E. H. Turner and Tommie Gilligan drove over to Waldo yesterday.
Owing to somewhat limited hotel facilities and the fact that the auditorium is still nebulous, Deering will make no bid for either of the national conventions next year, but in 1912—
Bully for Roosevelt.

Wilderville.

Mrs. Spaulding and babe of Grants Pass, formerly of Wisconsin, visited a few days with her relatives, Mr. and Mrs. Akers before going to Swedo Basin.
The Ditch Co. have several men cleaning out their ditch ready for the season's irrigating.
Claud Armstrong has returned from Castello, Cal., where he has been running a Donkey engine. His father recently went down there.
Rev. Akers preached at Wilderville church Sunday to a large congregation.
C. F. Lovelace, E. Erickson and Wm. Holland were on the sick list a few days the last week.
James Hooking and family and his daughter, Mrs. Tolman of Omaha, Nebraska, and Mrs. Leo Sams and childrentook picnic dinner at the big dam on Applegate Tuesday of this week. After spending a pleasant forenoon at the dam they visited the sawmill on Chaney Creek.
Scott and Bessie Robinson made a trip to Grants Pass Wednesday of this week.
Grandma Woodard is spending a few days at her son's, Elba Woodard.
Mr. Akers made a business trip to Grants Pass Wednesday of this week.
E. A. Humpton and family have moved back to their place on Deer Creek Tuesday of this week. We hope to see them this Fall.

UNCLE FULLER.

Greenville.

Henry Rehkopf of Applegate passed through Greenville Sunday morning, en route for Grants Pass to attend the ball game.
Eervitt Lewmna returned home Friday, after having had his hand lanced three times to prevent blood poisoning. The hand was injured by using a shovel, which caused a bruise.
Saturday the 11th teachers institute will be held at the Greenville school house at Provolt, and everyone invited to attend.
So "Monty" wants to hear from the Provolt correspondent. But as the old scribe is too busy, I will take pleasure in writing, so "Monty" "Red Cloud" and "Windy" can know what is going on at Greenville, Ore. To "Red Cloud" I will say he need not think the old scribe was captured by any pretty girls at Laurel Grove, as he is too busy farming to be captured by anybody. He says leap year is coming and he may have to go to the mountains to keep away from the many pretty girls and he will employ "Red Cloud" to take his place.
The weather still continues very warm with threatening showers, which would be greatly appreciated by the farmers of the valley. If the warm weather continues it is liable to damage the grain crops as the ground is too dry to plow. Fruit is still unharmed in many places while other gardens have been killed by the frosts. All gardens look fine.

The stockmen of the valley report their stock looking fine while many of the small cattle raisers have disposed of their stock, owing to the forest reserve prices, which would not pay them to bother with such small herds. Those still in the stock business, anticipate many advantages over that of last season as the number of cattle run to the mountains during the season 1906 will this season be reduced one-third, which will make much more feed for those of 1907. In a few years the valley will be carrying on a fine dairy business. Raising beef cattle will be discontinued and the farmer will feed his hay to cattle. It is reported that the new creamery at Greenville is to be moved to the south side of Williams creek near the farm of E. N. Provolt. The place where the creamery is to be erected is owned by A. A. Davis of Medford, who some few years ago erected a quartz mill on this property, but later moved it to another field. This is the only suitable place for a creamery on the creek, as it is convenient for all the farmers.

The present road supervisor, George Sparlin, is again working. He has at present seven men at work, some with teams, building the road between E. N. Provolt, and K. Fields and when completed it will be one of the best roads in Josephine county. Mr. Sparlin built quite a lot of new road last Fall, but realize that is much better to build with soft loam in the Spring. He was appointed supervisor for 1906 and owing to his good management of road affairs he was reappointed for

This year. He has done more for the betterment of the roads than any supervisor who has ever worked on this division.

HAPPY HOOLIGAN.

New Hope.

Mrs. Wm. Messinger, Uora York and John Schurtz visited with Mr. and Mrs. Gething Sunday.
The Murphy Ditch Co. is cleaning out their ditch at present.
Mr. and Mrs. H. S. Wynant and daughter visited with Mr. and Mrs. Alex Wats of Provolt Sunday.
I would say to "Windy" that he had better look out for that fence between "Monty" and myself. I should fall down he might get run over by "Monty" trying to get out of my way.
Mr. and Mrs. Thomas Perry and Mr. and Mrs. John Moore and family of Grants Pass visited with friends at this place Sunday.
Victor Daniels made a trip to the head of Jump-off-Joe the first of the week.
Well, talk about old bachelors—we have them on all corners.
Mrs. Ella Robertson visited with Mrs. Walter Sunday.
The Pacific Wood Co. is hauling poles at present. Anyone wishing their wood cut should call on or address them at Murphy, Ore.

SHORTY.

Cleaning and pressing at the Grants Pass Tailoring Co. 5-10 11

Milking Machine at Smith River.

The chief objection to dairying by the average farmer is the work of milking the cows. There was a time when this work was done by the women but modern ideas have so permeated the farm that no longer is to be seen the sunbrowned lassie with her milk pail in hand tripping to the barn lot to do the milking, and it is but seldom that a farmer's wife is seen braving the mud or the dust of the cow yard to make possible the cream for the husband's coffee or the butter with which to buy clothes for the children. And as milking can not be done horseback nor on a spring seat as harrowing is done or crops cultivated, the average farmer has little inclination for dairying. But as the cow is a big money maker man has exerted his inventive genius to save himself from humping his back on a one-legged stool and now he has a machine that will milk with all the speed and thoroughness of a trained dairyman. This machine is operated by compressed air which can be generated by steam, water or other power. The machine has proven a success and is rapidly coming into use on the big dairy farms.
The first milking machine to be introduced into this section of the Pacific Coast goes to Smith River Valley on the Grants Pass and Crescent City stage road. Of this innovation in dairying the Crescent City News has the following to say:
Mr. Charles Riddle, formerly of Smith River but now employed by Baker and Hamilton of San Francisco, in setting up and starting the Burrell Lawrence-Kenedy cow milker, is at Smith River putting in machines for Henry Westbrook on the Reservation ranch. It will take about two hours and a quarter to milk 200 cows. We hope to see the machine in operation soon when we shall be pleased to give our readers a description of same. It is an entire success, it will prove a great labor saver for the dairymen of Del Norte.—News.

The sale of cooked food by the Presbyterian ladies has been postponed from Saturday, May 11 to Saturday, May 18 at the Sugar Pine Store, 5-10 11.

FRONT GRANTS PASS, ORE.

The Stencil Piano Fraud.

Sheboygan, Wis., Apr. 22, 1907.
H. M. Coss, Medford, Ore.
Dear Sir:
Replying to your favor of the 13th inst., will say that we have heretofore appointed you sole agent in Southern Oregon and wish to mention the fact once more that you are the only dealer in the southern part of Oregon, that is entitled to sell the "S. W. Miller" pianos manufactured by the S. W. Miller Piano Co. of Sheboygan, Wis. Any other piano turned out or manufactured or stenciled with a similar name is a rank stencil and is not the genuine "S. W. Miller" piano. In order to protect the buying public from frauds of this kind, we wish to say that all genuine "S. W. Miller" pianos are manufactured at Sheboygan, Wis. and have the name "S. W. Miller, Cabinet Grand, Chicago and Sheboygan" on the fall board and also have the name "S. W. Miller Piano Co." cast in the cast iron plate. Any other piano with a similar name excepting the Henry F. Miller piano manufactured at Boston, Mass., are rank stencils, and if we can trace their origin, we will certainly bring suit against all such manufacturers and dealers. The genuine "S. W. Miller" piano is strictly high grade and cannot be sold for a low price, as there is no better piano manufactured in the world.
We attach to this letter a caution slip printed a year ago, when we had similar trouble with some manufacturers making stencil S. W. Miller piano and stenciling it Chicago. These parties were promptly dealt with and had a good suit on their hands to settle, which they have done and we have not been bothered with these people but now it appears that some other concern is making a similar stencil piano and stenciling it New York. It will be a very easy matter for us to find out the origin of any stencil "S. W. Miller" pianos and we will deal with them very harshly, as we will appeal this matter to the Manufacturers Association and are sure that we can find out the offender.
As far as any other dealer is concerned, who states that he can sell an "S. W. Miller" piano \$50 less than you can, will say that it is absolutely false, as no one in Southern Oregon can buy an "S. W. Miller" piano from us, while you are our sole representative.
Sincerely trusting that this information will enable you to set your customers aright in this matter and protect them from frauds, we are,
Yours truly,
S. W. MILLER PIANO CO.

WOODVILLE

B. R. Moore was up from Grants Pass last Thursday on real estate business.
Mr. Henline is rebuilding his house, but not moving it, as was stated in these items last week.
Mr. and Mrs. Frank Adams and Mrs. Chas. Dufield were the guests of Mrs. Seaman last Sunday.
Miss Sabrey Booker came down from Medford Saturday for a short visit with her sister, Mrs. T. H. B. Taylor.
Pres. B. F. Mulkey's lecture on "Hamlet" last Saturday evening was a literary treat that Woodville people seldom have an opportunity to hear. Those who failed to attend missed a very pleasant evening.
Mr. Morton has sold his place north of J. H. Whipple's for \$750 and accompanied by his wife, will leave for California soon. Mrs. Morton's health has not been of the best recently and she hopes to be benefited by her change. Their many friends wish them all kinds of happiness and prosperity in their new home.
Mr. and Mrs. Harry Taylor have moved into the Smithline house. Mr. Taylor has been ill for the past year and while improving slowly, he is still unable to work and moved to town to avoid the worries of farm life.
Rev. Day reports the organization of a Sabbath School at Wimer last Sunday with Mr. Cal. Williams as Superintendent. Their singing school is again progressing nicely under the direction of Rev. Day, who drives out each Friday evening for that purpose.

How's This?
We offer \$100 reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.
F. J. CHENEY & CO., Toledo, O.
We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions, and financially able to carry out any obligations made by his firm.
Walding, Kinnam & Marvin, Wholesale Druggists, Toledo, O.
Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75c per bottle. Sold by all Druggists.
Take Hall's Family Pills for constipation.
