Free Methodists Hold Conference.
 Mrs. M. H. Reed returned Monday from Ashland where she had been to attend the annual conference for Oregon of the Free Methodist Church in the appointment of pastor for the coming year. Mrs. Reed was given the honor of being returned to Murphy for the third time, it being the rule of the Free Methodist Church to send a minister but twice to a pastorate, but such a large petition was sent to the conference asking that she be returned that the request was granted. This appointment will though not be the third consecutive one for Mrs. Reed at Murphy for this past year, owing to ill health she had to decline regular ministerial work and only did evangelistic labor. Mrs. Reed will also preach at Missouri Flat. E. I. Harrington was assigned from Grants Pass to Springfield in Lane county. When Mr. Harrington took charge two years ago of the Free Methodist pastorate in Grants Pass the organization had but a few members and having no building services were held in a hall or at private residence. With such zeal and success did Mr. Harrington work that a commodious church edifice was built and furnished as also a six room parsonage. And now the church has a large and growing membership. Mr. Harrington will conduct the services at Murphy this Sunday at 11 a. m., the pulpit of the Grants Pass church being filled by Mr. Bishop of this city. Mr. Harrington and his family will leave for Springfield next week. The regular pastor for the Free Methodist Church in this city for the coming year will be Joseph Brown. Mr. Brown was stationed at Ashland for the past year and he is said to be an able minister and a hard worker.

BASE BALL NOTES.

The small boy and the knot hole in the baseball fence are nowadays beginning to get together.
 The Local A. A. C. team went to Medford Sunday for the return game with that notorious aggregation, but owing to the loss of several of their best players, were forced to return home singing that pathetic little ballad, entitled "I Got Mine," to the tune of 14 to 4.
 Mr. Phelps, who has been catching the forepart of the season for Medford, has signed up with Manager Proctor and will from now on be with the A. A. C. bunch.
 Ashland seems to be getting the baseball fever and coming to the front with a team this season. They play their first game this coming Sunday with Medford on the Ashland grounds.
 The Medford ball team have been presented with new uniforms by one of the progressive merchants of their town which no doubt is responsible for the fast game they put up last Sunday.
 The Grants Pass team goes to Jacksonville this Sunday for their first game this season with the Jacksonville team. The boys have arranged it so that all the regular players can go this time, so if they get beat they won't have anything to kick about.
 The new uniforms which the A. A. C. have ordered will probably be here for the next game played on the local grounds, which will be with Jacksonville, Sunday, May 20. The uniforms are solid black with orange trimmings.
 Mr. and Mrs. C. A. Miller of Los Angeles, consins of A. E. Voorhies, are spending Friday in Grants Pass. Mr. and Mrs. Miller are on their way to Greenville, Mich., their former home and also the childhood home of Mr. and Mrs. Voorhies.

A Brief Record of Local Events.

R. Mansfield, who for some time past has been working in the jewelry shop of C. St. Louis, has opened a jewelry shop of his own in the place lately occupied by Mr. St. Louis, who has located at Kennet, California. Mr. Mansfield is an enterprising young man and begins business for himself with a determination to win success.
 A wire from Pendleton states that the special train carrying Norris and Rowe's circus, which showed here on April 23, narrowly escaped being precipitated into a gorge and that a slow rate of speed is all that saved great loss of life and property. The train was on a trestle 70 feet high, when a draw head was pulled and dropped in such a manner on the track as to lift the long car up and off the track. The accident occurred just below Summit, when the train was creeping up a heavy grade. This saved it from being precipitated into the canyon below. It was necessary to send to La Grande for a wrecking crew.

School Children Asked to Aid Fool's Errand.
 City Superintendent Turner received Monday a long communication signed by Governor Chamberlain, State Superintendent Ackerman and the chairman of the Portland Peary North Pole Expedition, asking that a collection be taken up in the schools of this city to aid Lieutenant Peary in fitting out another expedition to try to reach the North Pole. Supt. Turner declined to take up this graft on the school children and consigned the blank to the waste basket, his action meeting with the prompt approval of Chairman Gilkey and the other members of the board as well as of the patrons of the school.
 Lieutenant Peary has already spent enough money, contributed by the wealthy men of New York, in his numerous attempts to reach the North Pole to give every school in Oregon a nine months term, and now he wants another \$100,000 or more with which to fit out another expedition and he has issued a begging letter to all the schools in the United States asking that each child make a contribution to the fund. There is no practical value to come of Peary's North Pole expedition only the glory that he would get of being the first to reach the land of utter desolation. It is no credit to Gov. Chamberlain and Supt. Ackerman that they should endorse this graft on the school children of Oregon.

Manzanita Heights Opening.
 On the gentle slope of Manzanita heights with a panoram of valley and mountain range to the front and protected on the north by the rapidly rising foot hills there were gathered on Wednesday a cluster of people to be present at the opening of the suburb which cannot fail to be one of the popular districts of the city. All day long carriage loads of people were being taken back and forth to the Heights at the expense of Mrs. Mary Thompson, who is disposing of the lots. At 4 o'clock the awarding of prizes for the best verses telling of the advantages of Manzanita Heights was announced as follows:
 1st prize, \$25, Mrs. Frances A. L. Church, Grants Pass.
 2d prize, \$5, Boyd Nesbit, Galice, Oregon.
 3d prize, \$5, Mrs. L. W. Hood, Grants Pass.
 So expensively and thoroughly had the advertising been done that verses that were received from all sections of Oregon and Washington and as far east as Chicago, but it is gratifying to note that the verses which took the first prize were written by a Grants Pass woman.
 Mrs. Thompson deserves a great deal of credit for her enterprise and the progressiveness displayed in placing on the market in the way she did a tract of residence property and we trust her efforts will meet with the success she deserves.
