BASE BALL NOTES.

League:	Won	Lost	Per Cent
Medford	4	2	.667
Grants Pass	2	2	.500
Jacksonville	2	2	.500
Ashland	0	2	.000

The Grants Pass ball team accompanied by about 20 of the local fans went to Jacksonville last Sunday for the second game this year with that famous Jackson county team. The game was a little more closely contested than the game of a week ago, the score being 5 to 3 in favor of Jacksonville. The boys all played pretty good ball, but like Jacksonville a week ago, "it was their day off" and this fact taken into consideration with the old story "rotton deal"—what else could be expected? Losing this game puts their percentage down to a tie with Jacksonville for second place each having .500 per cent, while Medford now leads the list, but the boys expect to get up to their old place at the top in a few more games.

The A. A. C. and Medford ball teams cross bats on the local A. A. C. diamond this next Sunday. This is expected to be one of the most interesting games of the season as these teams are considered the strongest in the R. R. Valley league and are fighting hard for first place. The Ashland team was supposed to play here this Sunday but owing to some change in the schedule their game has been postponed.

The Medford and Ashland teams had their second game Sunday on the Medford diamond. Ashland again losing by a score of 6 to 8, which puts Medford in the lead.

It is rumored that the Ashland team has imported two new players from California; one of them is expected to do the twirling act while the other will do the receiving. It is about time they were doing something if they intend to win any games this season as they haven't won a game thus far. But they have not played Grants Pass yet and they play their first game with Jacksonville this next Sunday, so when they go the rounds it may not be so bad after all.

Miss Margaret Hanseth left Tuesday evening for Portland, where she will make her future home.

The Newman M. E. Sunday school picnicked at White Rocks Wednesday and spent a day of enjoyment on the banks of the Rogue.

Rev. C. L. McCosland of Corvallis, the presiding elder of the M. E. Church South, will preach in Grants Pass next Sunday evening at the regular quarterly meeting.

Miss Lizzie Vestch who has been spending the past month visiting friends at Eugene and Cottage Grove, returned Tuesday to her home in this city.

O. C. Miller of Greenville, Mich., spent Thursday in Grants Pass visiting A. E. Voorhies and looking up business. Mr. Miller and Mr. Voorhies are cousins and were near neighbors in Michigan.

Mrs. G. B. Archer and daughter, Miss Gladys, left Tuesday morning for North San Juan, Nevada, county, Cal., to spend the Summer with Mrs. Archer's parents. They will return before school commences in the Fall.

Jas. Hare was very pleasantly surprised Tuesday evening by the Newman M. E. senior Bible class of which he is teacher, which called at his home to spend the evening. Mrs. E. A. Wade made a very appropriate speech which was responded to by Mr. Hare. Ice cream and cake were served.

Bethany Band of the Presbyterian church held a rose festival in the church parlors Wednesday night, with roses for decorations, roseate fun and sociability, rose tinted refreshments and rose flavored selections. Mrs. H. S. Prescott was voted the rose queen and was seated beneath a rose canopy, there to receive homage from her subjects. The entertainment was a success and the Band realized a snug sum.

A Brief Record of Local Events.

Mr. Hodgkinson of Boise, Idaho, is working at the bench at the Curtis jewelry store, as Mr. Curtis is being swamped with work.

The carpenters are making an effort to have their wages raised to \$3.50 per day, the same as it is in all towns south.

W. G. Wright writes that he has got settled at Elko, Nevada and has an office opened. He reports business as being very good.

It is reported that Geo. N. Merritt, who used to live here was seriously injured by being struck by a train as he was stepping off a street car in Oakland, Cal.

L. D. Allen received by express Friday a registered Jersey cow from the Hazel Fern Herd, perhaps better known as the Ladd herd. This animal is one of the best of the herd.

Herman Horning had his pet cougar out for an airing Sunday evening. The dogs around town did not seem to appreciate him, but they were careful to keep at a safe distance.

The Grants Pass laundry is now under new management, Messrs. Muthersbaugh & Howce of Klamath Falls having taken the business for one year, and they are now in Grants Pass. Geo. Piel and family have gone to Medford, and he will devote his attention to that laundry business.

The continued and almost uninterrupted ball playing which is indulged in in front of the Hotel Josephine is becoming to be a nuisance and a menace to pedestrians and should be stopped. Swift balls and curves thrown to a catcher standing alone of the principal street corners where people are passing at all times makes it dangerous for the passerby.

Mrs. J. W. Linton, who lives five miles southwest of town is suffering from a broken arm received May 26 by being thrown from a buggy near the lower Applegate bridge. Mr. Linton was driving and Mrs. Linton was holding the baby. They were driving along at a fair pace when one wheel struck a stub in the road and Mrs. Linton and the baby were pitched out, but without injuring the baby.

The Southern Pacific Company came pretty near being in contempt of court Wednesday. They held the Sixth street crossing for 20 minutes, and when the marshal requested them to move on, they moved at the rate of six miles an hour. The marshal should have arrested the conductor, but he did not, even when ordered to do so by Councilman Blair.

After July 1st it will not be necessary to purchase a special delivery stamp to mail a letter that you wish to be delivered as heretofore. It will only be necessary to place an extra 10c worth of stamps on the envelope and mark it plainly: "Special Delivery." This will accommodate the public who have occasion to send a Special Delivery letter during the closed hours of postoffices when it is impossible to procure a special delivery stamp.

The latest and the newest in farmers co-operation is the pooling of their out sales by the farmer of the Waldo hills in Marion county. These farmers made a pool of 8000 bushels of milling oats for oat meal and inviting bids from the big grist mills were able to get .40 a bushel, which was an advance of three cents a bushel over what the local buyers would pay.

Claude Redwine, formerly of Grants Pass, but now an employe of the Loma Prieta planing mill in Watsonville, California was severely injured by a knife that flew from the "shaper." The knife, breaking from its fastening on the shaper, was thrown by centrifugal force and struck Mr. Redwine on the head, inflicting a severe scalp wound and a fracture of the skull. The injured man was taken to the Watsonville Hospital, where he was treated. He is resting as easily as could be expected under the circumstances.

E. W. Shattuck, a well known fruit grower of the Merlin district, was in Grants Pass Wednesday. Mr. Shattuck has Charles Dora's peach orchard leased. There are 1650 trees in this orchard and from them he sold last year 8666 boxes of first grade peaches and had about 4000 boxes that were more or less damaged by scale and other diseases and of which he sold a part at a low price and gave the remainder away. The yield for this year will not be quite so large as that of last year but Mr. Shattuck expects to have 8000 to 10,000 boxes of peaches. Many of the peach orchards about Merlin were badly injured by frost this Spring, but the Dora orchard lying in a bend of Rogue river and open to the sweep of the air from off the water is protected from frost and bears a crop every season.

Among the most interesting features of the celebration at Grants Pass this year are the two baseball games between the Medford and A. A. C. teams. These are the two strongest teams in Southern Oregon and promise one of the best exhibitions of the National game that has been seen in Grants Pass in many years. There are good pures for both days and both team are confident of carrying off the money.

The DeHart place, one of the finest in the Rogue River Valley, has been sold to Mr. Marshall of Indiana, for \$38,000. The DeHart orchard is a big revenue payer and 60 acres of it is composed of the best varieties of pears and apples. Many young trees will be in bearing within two years and still others have been planted during the past year. The DeHart home is one of the best appointed in the vicinity of Medford and would not have been disposed of but for the fact that the family prefer to reside in Berkeley, as the younger members are attending school there.

CARD OF THANKS.

We desire to express our sincere thanks to the friends who so kindly assisted during the illness of our son, Claudie E. Williams, and extended sympathy at his death.
 Mr. and Mrs. B. A. Williams and family.

CARD OF THANKS.

Wolf Creek, Ore., June, 1907.
 We extend our grateful thanks to the many friends who so kindly assisted us in our bereavement, the sickness and death of our beloved mother, Mrs. Lena Smith.
 Her Children.

A. Taylor, an employe of the Christie mill, was brought to Grants Pass Wednesday and plead guilty to stealing a watch. Justice Holman imposed a fine of \$100 or 60 days in the county jail, which the young man is now serving.

Last week and this week the Courier office was the recipient of several boxes of the finest strawberries ever grown in Josephine county. They were the gift of J. T. Morrison, and he has our thanks for the same. The berries were of unusually large size, luscious and tempting. Mr. Morrison always finds a ready market for all the berries he brings to town, but he says he never forgets the printing office girls, and to say that they are always glad to see him is putting it lightly for they know that he always has a rare treat of strawberries for them.
