If You Read This

It will be to learn that the leading medical writers and teachers of all the several schools of practice recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, "liver complaint," torpid liver, or biliousness, chronic bowel affections, and all catarrhal diseases of whatever region, name or nature.

The "Golden Medical Discovery" is the only medicine put up for sale through the regular channels of trade, and is the only one which is guaranteed to give more than any number of ordinary remedies. Open publicity of its formula is the best possible guaranty of its merits.

The Flight of Birds.

The course of flight is a distinguishing characteristic of many birds. The grouse rises gradually while flying in a straight course; the woodcock rises to a height of several feet or even yards, then flies straight away; the cuckoo's flight is also in a straight line, but peculiarly arrow-like, being graceful and silent, the long slender tail and body of the bird still further suggesting an arrow.
