DEERING

During the past week, at a meeting of the residents of Elk Valley it was decided to hold one of the best 4th of July celebrations in the history of the Valley. It has been many years since Deering has celebrated this day and a feeling prevails that every effort should be made to make his celebration a red letter affair.

O. T., L. G. and H. M. Webb made a trip last Monday down to the Wimer placer mine, to see the new plant that is being installed there by Mr. Nicol. This plant works entirely on the

tailing from the works and promises to revolutionize placer mining in the saving line. This is a feature long contemplated by Mr. Wimer and now realized.

Committees have been appointed and the work assigned in a systematic manner. So just listen to the Eagle flap his wings.

Edmund Egger, with his father's big team is helping our genial neighbor Tommie Gilligan through haying.

Fred Moore and Ernest Reynolds were the guests of Tommie Gilligan Tuesday.

Fred Ahlberg was a visitor at Waldo Monday. Fred is the proud possessor of a new Edison phonograph.

It seems that "Shorty" and "Uncle Ebe" are the only ones left on the staff of the Courier's pencil pushers. Oh yes, there is "Uncle Fuller" but what has become of "Red", "Mont" and "Windy"? It seems we all ought to spare a few minutes each week to advise our local press of what is going on in our locality. So come, fellow scribes, lets be faithful. Its county news people want when subscribing for home papers.

Mrs. E. W. Kuykendall of Wolf Creek and Mrs. Herbert Shelly of Minneapolis, Minn., are visiting the families of C. T., L. R. and D. L. Webb this week. The former is a daughter and sister and the latter a cousin of the Webbs here. Mrs. Shelly was a resident of San Francisco during the earthquake and suffered the loss of nearly all their possessions. Her husband is now preparing their home in Berkeley, Cal., where she will go, after a few weeks visiting in Grants Pass and vicinity.

Col. T. Wain Morgan Draper of San Francisco and T. S. Mathis, a mining and mineral expert of Oakland, Cal., feasted on Deering chicken and straw

berries here last Tuesday at the home of D. L. Webb. They were also over the Webb mine property and carried away several pounds of ore and rock. Both gentlemen seemed well pleased with the appearance of the mine. Now Col., will you build the railroad?

Mrs. Pearl Sams completed her term of school in the O'Brien district and has now returned to her home near Wilderville. Miss Pearl was well liked and will be much missed by the young folks here.

Mrs. E. W. Kuykendall, Mrs. Shelly, Miss Hattie Webb and Herbert Webb and also Loren Webb took the stage for Grants Pass some on pleasure bent and some on business.

Our valley has been the scene of very much activity this week and there is much news that Uncle Ebe will have to omit owing to the fact that the Courier may need a little space for some other matters, so we will ring off. EBEN.

WILDERVILLE

Grandma Woodard visited with her son and family, Mr. and Mrs. Elba Woodard, the fore part of this week.

Mrs. Sheehan and babes and Annis McCann visited Mrs. Sheehan's parents Mr. and Mrs. Bailey on Missouri Flat the latter part of last week.

Bertha McCann undertook to clean up her hen house and came near having a burn down. With the aid of some of the mill crew the fire was soon extinguished.

We are having quite warm weather but by the time we see this in print the weather may be cold enough. The weather seems so changeable this Summer.

Next Sunday is anti-cigarette day—come one, come all. Program in forenoon, preaching in afternoon. All come and bring your dinners—bring enough so none need go away hungry.

Rev. Louis Huff of Selma, occupied the pulpit Sunday evening the 23d.

Claud Robinson is home again after attending school at Eugene, Ore., the past year.

Mrs. Findley of Portland made an excellent speech at the church Sunday, the 23d at 11 o'clock. She is a fine speaker.

Mrs. Close seems to be quite unlucky as one of her best cows became tangled with her rope in such a way to fall with her head under her and was found dead.

Mrs. Akers made a business trip to Grants Pass Tuesday of this week.

Mrs. Lindsay and son Jessie made a business trip to Grants Pass Tuesday of this week.

Roy Gale has gone to Coos county, Oregon, starting Tuesday of this week.

Mr. and Mrs. Richard Robinson are spending a few days at Eugene, Ore., in attendance at the last three days of the school at that place, where Kirk and Adda Robinson have attended school the past few months. UNCLE FULLER.

Granite Hill.

The recent 8th grade examination held at Granite Hill, resulted in the granting of diplomas to the three 8th graders, Misses Edna Ward and R. Fay Sill and Roscoe Plumbly. As the term of school this year was only six months, the time was devoted to much hard study by each of the pupils and for two weeks before the examination many anxious moments were occupied in the discussion of the probable outcome of the supreme test.

When the teacher, J. G. Hill finally received and distributed the diplomas, such hurrahs and shouts of joy, were seldom heard in the camp and everybody at once decided that the proper thing was a reception to be tendered the three graduates. With the aid of Miss Georgia Ward's indispensable phonograph a very pleasant evening was spent in dancing. All three of the pupils intend entering a higher school this Fall and they certainly will carry with them the heartiest congratulations and best wishes of all their friends in Granite Hill.

Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, it has a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of 10 are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give \$100 for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. K. J. CHENEY & CO., Toledo, Sold by Druggists, 78c. Take Hall's Family Pills for constipation.

NEW HOPE

Hay all in the barns, that is the first crop.

W. M. Messinger made a trip to Grants Pass Saturday with a load of hogs.

Mr. and Mrs. Wynant and daughter, Mrs. Walter, were at the Pass Saturday.

Mrs. C. C. English and two daughters of Grants Pass visited with friends at this place Sunday.

Miss Edith McCole of the Mining Journal force, visited with her parents at this place Sunday.

Vernon Daniels has returned home to stay with his mother, during the absence of his brother Victor, at Klamath Falls.

Mr. and Mrs. Walter visited with Mr. and Mrs. Perry Sunday.

Everybody talking 4th of July.

Geo. Almeter moved his household goods at Grants Pass Sunday.

C. C. Wynant of this place intends to put in a pumping plant at this place next winter for the purpose of irrigating land that cannot be covered by ditches from the river for several years to come on account of having to go so far to bring it up high enough.

There has been considerable work done on the roads here lately by Mr. Geutner, who is a very efficient road master and well deserves credit for what he did. H. S. Wynant was at the Pass Monday.

Mrs. Sarah Stringer is staying with her son, Samuel Stringer, at present on account of ill health.

Lloyd Johnston of Wilderville is staying with his uncle, James Stringer, at present.

Vernie McCole was at the Pass Monday.

Everybody irrigating at present and second crop of alfalfa reported to be in excellent condition. SHORTY.

Mr. and Mrs. J. A. Copeland will take care of the new county poor farm at a salary of \$1000 per year. The 11 inmates of the farm near Jacksonville have been transferred to their new 54 acre home, the old Harvey place, near Talent, purchased by the county for \$6300. The county will erect a new home 30x84 feet, two stories high, wide porch all around it basement and hot air heating furnace.—Ashland Record.

E. J. DeHart, who has been for many years one of the members of the hardware firm of Hoyeman-DeHart of Portland, and who desires to retire from business life, has made arrangements to become a resident of Hood River. Mr. DeHart has owned a fine 70 acre fruit farm near Medford, which he has lately disposed of for the purpose of settling in Hood River. He has purchased 30 acres of the rough land of the D. N. Byerlee place west of town and will erect a fine bungalow on the property. A more romantic or picturesque site would not have been obtained. As soon as the residence building is completed, Mr. DeHart, with his wife and daughter, will move to Hood River to spend their future days. Hood River Glacier.

R. P. Lomis, of the apple firm of E. P. Loomis & Co. of New York, accompanied by his wife and Mrs. Dr. Connors, arrived in Hood River Monday and will move to the Lava Bed fruit farm to spend the Summer. Mr. Loomis and G. D. Woodworth are jointly interested in the development of this farm. They propose to clear a large tract and set it out to commercial apples. The fact that so prominent an apple commission man as Mr. Loomis is seeking an investment in our fruit land, is very flattering to the quality of our fruit.—Hood River Glacier.

He Fired the Stick

"I have fired the walking stick I've carried over 40 years, on account of a sore that resisted every kind of treatment, until I tried Bucklen's Arnica Salve; that has healed the sore and made me a happy man," writes John Garrett, of North Mills, N. C. Guaranteed for Piles, Burns, etc., by all druggists. 25c.

THE BARGAIN HUNTER
Does not seek for bargains in dark corners. She goes where the light shines. A bargain purchased in the dark too often reveals flaws when viewed in the home light. But a bargain that is well illumined is the real kind. Light gives confidence to all buyers and especially to women. Keep your store bright and let us furnish the current. Best light at least money.
