CAUTIOUS STATESMEN

THE LONDON DAILY MAIL SAYS
GREAT NATIONS ARE GATH-
ERING IN THE PACIFIC.

London, July 10.—The Daily Mail
in an editorial article on the Jap-
anese-American situation says:
"Around the immense area of the
Pacific ocean the embattled nations
of the world are gathering as the na-
tions gathered around the Mediter-
ranean 2,000 years ago. Careful ob-
servers universally will agree that
the great events of the twentieth
century possibility will be occupied
with the rim of this vast saucer.

"War between Japan and America
is almost unthinkable. We believe
the intentions of the statesmen of
both countries to be profoundly pac-
ific and that the incidents at San
Francisco are not responsible for the
movements of the American fleet.
"Japan commenced the war with
Russia without previous declaration,
beyond destroying half the Russian
fleet. Such a move was very effec-
tive the first time it was performed
and henceforth no nation will wait
for a formal declaration of war, but
will be ready to strike while there
are yet no signs of a diplomatic rup-
ture.

"The cautious and wise statesmen
directing American policy are not
violating prudence in deciding to
concentrate their forces in the region
where they can direct the menace on
the obscure horizon."

Senator Taylor Wants 100 Warships.
Oklahoma City, Okla., July 10.—
United States Senator Robert Taylor
of Tennessee in an interview here to-
day said:

"War with Japan is bound to come
eventually. I am glad that sixteen
battleships have been sent to the
Pacific Coast. If war were to be de-
clared now Japan could easily gobble
up all of our Far East possessions.
Permanent peace can only come to
the United States by a large navy
and I trust some day this country
may have 100 battleships. I con-
sider the building of the Panama
canal the greatest achievement of the
age. The fact that with its com-
pletion we could assemble the Pacific
and Atlantic war fleets within five
days is alone worth the money."

New Bill of Lading Not Satisfactory.
New York, July 10.—The new bill
of lading, as agreed upon recently by
the railroads and representatives of
shippers, is not entirely satisfactory
to bankers, it is announced here. In
order to secure, if possible, a change
in the bill that has already been
agreed upon, a meeting of the spe-
cial committee of the bill of lading
of the American Bankers' Associa-
tion will be held in the near future
to discuss the proposed measure and
suggest what they deem improve-
ments in it.

WHEN HER BACK ACHES

A Woman Finds all Her Energy
and Ambition Slipping Away.

Grants Pass women know how the
aches and pains that come when the
kidneys fail make life a burden.
Backache, hip pains, headaches, dizzy
spells, distressing urinary troubles,
all tell of sick kidneys and warn you
of the stealthy approach of diabetes,
dropsy and Bright's disease. Doan's
Kidney Pills permanently cure all
these disorders.

Mrs. S. Collins of 629 High St.,
Salem, Ore., says: "Troubles with
my kidneys and backache have caused
me much annoyance for several years.
Although I used a good many
remedies I obtained no positive relief
until my attention was called to
Doan's Kidney Pills and I procured
them at a drug store. They soon
brought me effective benefit, ceased
the bearing down feeling through the
back and loins and banished the aching
and other symptoms that had an-
noyed me for so long. I have since
learned of others who think the world
of your reliable remedy and I gladly
recommend it to all suffering from
backache or kidney trouble."

For sale by all dealers. Price 50
cents. Foster-Milburn Co., Buffalo,
New York, sole agents for the United
States. Remember the name Doan's
and take no other.

**BIG TRUST IN
MUCH TROUBLE**

GOVERNMENT WILL DEMAND A
RECEIVER FOR THE BIG
HARVESTER TRUST.

Bureau of Corporations Prepares
Prosecutions on Evidence Gath-
ered by Department.

Chicago, July 10.—Facts showing
that the International Harvester
Trust is the most glaring violator of
the Sherman law in the United States
have come into the possession of the
Government, and upon them the Gov-
ernment has entered upon further
investigation with a view to wiping
the trust out of existence.

Herbert Knox Smith, who succeed-
ed James R. Garfield as Commission-
er of Corporations, has had men
secretly at work for some time upon
the harvester combine. Smith has
made a recent trip to Chicago, dur-
ing which it is said that he came
upon striking facts that formed the
basis of the Government's investiga-
tion.

It also developed that the harvest-
er trust, frightened by the attack,
had retained Attorney John S. Mil-
ler to make its fight for life.

It is stated that the mask has
been torn from the financial deal
through which the trust came to life
and that behind the deal, instead of
J. P. Morgan and George W. Per-
kins, as had been believed, looms up
John D. Rockefeller.

Rockefeller, according to the
statements made today, supplied
the \$50,000,000 of live capital that
was put into the trust and Morgan
and Perkins merely acted as brok-
ers, receiving a commission of less
than \$3,000,000 for their connection
with the deal.

Of the \$50,000,000, it is declared
that Rockefeller loaned \$25,000,000
upon the securities of the trust and
bought outright from the McCorm-
ick combination another \$25,000,-
000 of other securities that they
had.

The report came from Washing-
ton yesterday that the Government
intended to ask for a receiver to
wind up its affairs and compel the
trust to resolve itself into compet-
ing parts.

The Rockefeller connection with
the trust had been concealed. It
was known that Harold McCormick
had married a daughter of the oil
king, and financiers had suspected
things, but they had been told that
J. P. Morgan had put up the money.

To Much Politics.

London, July 10.—A St. Peters-
burg dispatch to the Daily Mail says
that the husband of one of the wom-
en deputies in the Finnish Parlia-
ment tried unsuccessfully to commit
suicide, and the reason he gave for
such an attempt was that his wife
was so occupied with political work
that she neglected her home. The
misery to which he and his family
were reduced, he said, drove him to
desperation.

Display Gem Stolen.

San Diego, Cal., July 10.—The
discovery was made at the Chamber
of Commerce that burglars had rifled
the jewel cases in the display rooms
of that institution, and that near-
ly \$3,000 worth of gems, uncut stones,
manufactured jewelry and other val-
uable articles from the collection,
had disappeared. These gems were
mostly loaned by San Diego firms.

Big Fire at Healdsburg.

Healdsburg, Cal., July 10.—The
saw and planing mills of the Healds-
burg Mill and Lumber Company
were burned to the ground last night.
The fire originated from unknown
causes and the loss will amount to
\$10,000, with no insurance.

Prompt work on the part of the
fire department prevented the spread
of the flames.

Tornado Strikes Nebraska Town.

Bloomfield, Neb., July 10.—A tor-
nado swept the country near Alda,
in southern Knox County, Sunday
night, injuring four persons, one
fatally, and destroying several build-
ings.

Conan Doyle to Marry Jean Leekie.

New York, July 10.—Special dis-
patches from London report that Sir
Arthur Conan Doyle, the novelist, is
to be married in September. Miss
Jean Leekie, the bride-to-be, lives
with her parents at Blackheath.

TO TRACE BRIBE MONEY

PROSECUTION CLAIM THEY CAN
TRACE BRIBE MONEY INTO
SCHMITZ' HANDS.

San Francisco, July 10.—The
prosecution has perfected its case
against Eugene E. Schmitz to the
minutest detail, so it was learned
last night, in the trolley bribery, and
the chief witness will be Abraham
Ruef, who will testify that he paid
the Mayor \$50,000 for signing the
overhead permit. The prosecution
will not only trace the money into
Schmitz' hands, but will trace part
of it out again. It will show that it
was this money which enabled
Schmitz to make his trip to Europe.

The bills of the Mayor at expen-
sive hotels in the Eastern States and
in Europe will be produced as evi-
dence. Although the prosecution
has not decided as to the next case
to be brought against Schmitz, it was
stated last night that Schmitz would
be next placed on trial for the trol-
ley bribery. In the bribery case the
money must be traced into the hands
of the accused person and the testi-
mony given by an accomplice must
be established by corroborative evi-
dence. This, the prosecution is pre-
pared to do.

Mayor Schmitz appeared in Judge
Dunne's court yesterday to apply for
bail and to answer on the two in-
dictments in the trolley and gas
deals.

The hearing on the application for
bail was postponed on request of Dis-
trict Attorney Langdon.

Attorney Drew requested Judge
Dunne to permit the Mayor to visit
his attorney's offices for the purpose
of consultation.

"No. I cannot allow it," said the
Judge, very curtly.

"It is necessary, your honor," ob-
jected Mr. Drew, "that he should be
allowed to assist in the preparation
for trial on the many other indict-
ments brought against him."

Judge Dunne shook his head. At-
torney Drew continued his argument,
which was abruptly cut short by
Judge Dunne, who unceremoniously
called the next case.

Boston Made San Francisco's Mayor.

San Francisco, July 10.—By order
of the graft prosecution the Board of
Supervisors last night declared the
office of Mayor vacant, by reason of
the conviction of Eugene E. Schmitz
and elected Charles Boston Mayor of
San Francisco.

Boston resigned his position as
Supervisor previous to his election as
Mayor.

Leach Chosen for High Office.

Washington, July 10.—Frank A.
Leach, superintendent of the Mint at
San Francisco, has been selected to
succeed George T. Roberts as Direc-
tor of Mints, Roberts having re-
signed. It is not known yet who will
succeed Leach.

Leach has been superintendent of
the Mint at San Francisco for a num-
ber of years, but came into promi-
nence by his heroic work at the Mint
during the earthquake and fire in
San Francisco. He led his subordi-
nates in a brave fight that saved the
Government millions of dollars by
fire and possibly robbery, and was
highly commended in the official re-
port.

Want to Help Agriculturalists.

San Francisco, July 10.—A per-
sistent effort is being made by the
California Promotion Committee to
secure reduced transcontinental rates
for agricultural laborers in order to
meet the pressing demand in Cali-
fornia for this grade of help. There
is a scarcity of every class of farm
help throughout the interior of the
State, and a concession in the matter
of railroad fares will have the effect
of bringing many from the East who
are eager to avail themselves of the
opportunity to reach the Pacific
slope.

American Wife Tires of Earl Rosslyn

Edinburgh, Scotland, July 10.—
The wife of the Earl of Rosslyn, for-
merly Anna Robinson of Minneapolis,
has sued him for a divorce. The earl
is living in Paris. Lord Rosslyn was
formerly a lieutenant in the Royal
Horse Guards, and for a time made
his living as an actor, appearing in a
number of plays in Europe and the
United States. He was married to
Miss Robinson on March 31, 1905.

Louisville Swept By Wind Storm.

Louisville, Ky., July 10.—A ter-
rible wind storm, which struck the
city shortly before 5 o'clock last
night, brought death to one man and
injury to several other persons.
Many horses and mules were
killed, buildings unroofed and small
structures blown down.
