

You buy from us you make no mistake. This is no idle talk, but backed with the goods. Let us prove this to you by being favored with a trial order. It will lead to your ordering from us every time.

Groceries, Fancy Creamery Butter, Fruits and Vegetables

J. PARDEE.

418 G Street, - Grants Pass Near Palace Hotel

GRAVE

Have not seen items from Grave Creek in the paper for some time, will try and help "Sunflower" and "Crusty Bach."

It is not so hard to guess "Sunflower," but among the smiling bachelors at Leland, I failed to find a crusty.

Leland is lively and enterprising. We hear that more than 5000 tickets were sold from Grants Pass to Leland the first six months of 1907.

H. L. Wilson has bought the stock of merchandise owned by Mr. Mimms,

formerly owned by T. J. Mackin. At Grave the whistle and hum of the saw mill is heard in the land. Mrs. Hughes of Grants Pass visited at the Thomas camp for a few days this week. Miss Dora Penny and Miss Ada Light were promoters of a box social held at the close of the Summer term of school. The program was good, the boxes brought a fair price and the girls had \$14 as a reward for their enterprises. We hear that the money will be used to purchase books for the school library.

The residences of Mrs. Johnson and Elmer Duncan were destroyed by fire the 10th of July. All their household effects and barns with first crop of hay also burned. The sympathy of the community is extended to them.

Mr. Pettigill, the postmaster and pioneer merchant of Grave Creek, has quite a stock of new merchandise and is doing a good business.

The Columbia Hotel at Placer with Mrs. Lane as hostess always furnishes good meals and a square deal.

Misses Ruth and Marjorie Scovill have a store and postoffice at Placer and give general satisfaction to their patrons.

Placer was the only place on the creek that celebrated the 4th of July. The had horse racing and ball games. The first race was won by Mrs. Alderson's horse, Pet. The second race by Dolly, owned by A. A. Porter. A promising three year old colt owned by Gene Reed came in second at both races. Two pony races were won by George Howard and Fred Ellis. Link Ellis and Mr. Bennett were the judges. The track at Placer terminates near a deep ditch and two accidents were barely averted.

The ball game between Leland and Placer was not played to a finish, so it is hard to award honors.

The saw mill at Blalock's is doing good business. With mines, saw mills and ranches, Grave Creek is fairly prosperous.

A SUBSTITUTE.

PROVOLT

James Gilmore and sons, passed through Provolt Tuesday on an outing vacation. Mr. Gilmore is the Postmaster at Murphy and also has a small store in connection. He states business quite lively at that place and crops are looking fine.

R. F. Lewman was at Grants Pass this week with a load of berries which Mr. Lewman disposed of very readily. In the Spring the Lewman Bros will enlarge their berry beds in both strawberries and raspberries as there is a ready market and a profitable business in berry raising. They will also add a lot of choice fruits and grapes.

Will McCallister of Provolt was at Grants Pass this week with a load of hay from the farms of J. A. Lewman of which was readily sold at \$19 per ton, as was also T. E. and E. S. Lewman's. While there they received several orders which they will soon fill.

George Sparks and Jessie Gocher of Thompson Creek and Rev. G. Hoxie of Williams were at Provolt this week with cream for the new creamery at this place.

George Fields, the Provolt dairyman sold his cows this week to Henry Boat and son at Williams at \$50 per head and will quit the dairy business.

Chas. Hoxie of upper Williams is covering the barn of W. M. Sonson at Provolt this week and will also put in the track and car in the new barn of J. A. Lewman.

Longwill and sons and Chas. Rickstine of Grants Pass have moved to Provolt where they will do development work on their quartz claim which was opened up by Mr. Longwill this Spring. They are at present about 12 feet in depth and their ore body covers the face of the shaft which assays \$13 in gold and \$3 in silver. Its values are expected to increase as depth is gained. This new discovery is one of the most promising ledges that has ever been found in this section. It lays in the bed of old Whiskey gulch which was uncovered by the placer miners of early days when quartz was not mined. Mr. Longwill has at present this new prospect fitted up with the necessary machinery and will give the property a thorough test. He thinks this will be of great success and permanent pay shaft of valuable ore.

LONG.

LAUREL GROVE

Hello Brother correspondents, give me \$175, please!

Somewhat cloudy these mornings and everything indicates a shower.

We heard something the other day that sounded like thunder and some little streaks of fire came forth called lightning, and low and behold! the rain fell and moistened old Mother Earth so the gardens could grow.

Miss Lena Lindsay is working for Fred Knox at present.

Wheeler Osborn fell off his wheel on the 5th of this month and was hurt quite badly, but is feeling all right now and will resume his mill work again.

Walter Fara is very busy cutting and hauling hay and will put up about 30 tons the first cutting.

Camp meeting is now in session in the Grove and will hold about this week. Everyone is invited to give up their evil ways and give God their hearts. Now is the accepted time.

Ray Williams of Grants Pass is visiting his cousin of Laurel Grove this week.

Messrs. Gilmore and Mitchell and sons started for Craver Lake last Tuesday on an outing trip, and intend to visit the coast when they return from this trip.

Lumber hauling will start at the Provolt mill about the 1st of August. The lumber is dry and is a fine grade of lumber.

A change has been made for "Red Cloud" in regard to his phone; instead of one long and one short, it is now five straight bells, so lets talk.

George Vining, Oscar Williams and Roy Macabee were out hunting bees and honey last Sunday.

Mr. Haberman and son Charles, took a load of hay to Grants Pass one day last week.

Alonso Hyde paid Grants Pass a visit last Saturday.

Sherman Fields has been sick the past week but is improving at this writing.

By the way, what should be done with Haywood and Orchard? The mill boys have their trial every day at the mill.

RED CLOUD.

Advertisers get results in the Courier.

DAVIDSON

We are having some nice Summer weather at present.

Mrs. K. J. Kubli of Kabil, paid your city a visit Sunday.

Jac. R. Bailly, superintendent of the Mountain Lion mine, paid Grants Pass a business visit Monday.

"Monty" visited the home of "Red Cloud" Sunday and found everything lively in Laurel Grove vicinity.

There was a ball game at Missouri Flat Sunday, the tally stood 4 to 5 in favor of the Murphy ball team. They have a good team, but like some of the best, get beat sometimes.

The farmers around these parts are looking forward for a good second crop of hay as they have had plenty of water. The few rains we had helped a whole lot.

I notice that "Short" wonders what has become of "Mont" as he calls him. Weil, "Mont" is still among the living but has had all the work that he could do, so was too busy to write often.

We understand that Dick Jennings has purchased the half interest in the baler belonging to J. T. Payne and it will now be run under the name of Swinden & Jennings. They will start baling next Friday and a good run is expected this season.

There is camp meeting at Murphy this week and we understand that it is going to last for a week longer. They are holding it in the Grove on C. O. Bigelow's place. Quite a large crowd is in attendance every night.

News is rather scarce at present, owing to everyone being so busy having and attending to their gardens, but we hope in the near future to do better, so watch for more news later on.

Mr. McKinstry made a flying trip out to Davidson this week.

Fred Milles has temporarily taken possession of his placer mine, which he intends to equip for next Winter's run.

J. C. Thompson, the pocket hunter, is going to Johnson Creek which heads with the Sixes river, where he will prospect during the Summer.

Bart Davidson celebrated the 4th with his family here and at Jacksonville. He has since returned to his work at Hamburg, Cal.

Busy times these days with the farmers here, everyone is in the midst of harvest and laborers scarce.

Roland Caris returned home a few days ago from Scotts Valley and is now contemplating a trip out in the famous Greyback mountains for recreation.

We were informed that H. Ruch has sold his farms in this vicinity to a party whose name we did not learn. Mr. Ruch quite recently purchased one of the placers from Peter Burkhalter. The two farms make a very desirable property and no doubt the new owner will make many changes on them in the way of improvements.

J. E. Davidson, the miner of Gold Hill, with his family are visiting with relatives at this place.

A basket meeting was held in the grove near Mr. Basye's last Sunday and two very interesting sermons were preached by E. Badger. A bountiful supply of refreshments was spread on the ground. There will be another basket meeting held at the same place on August 11. Everybody invited.

Chas. W. Long of this place is working for the Millionaire Mine Co. near Gold Hill.

Victor Bailey went to Gazelle, Cal., last week to join with Willie Woodridge in harvesting.

The smiling countenance of our friend, John S. Jensen was seen at this place a few days ago, combining business with pleasure. Mr. Jensen was looking after his farming interests and is contemplating setting out quite a large grape vineyard on his premises as he has an ideal location and best of soil adapted to the raising of grapes and other fruits. Being just above the frost line peaches and other kinds of fruit trees bear every year.

This Missouri Flat country is going to be, at some time in the near future, one of the most beautiful valleys of orchards and vineyards as Southern Oregon can produce, which added to hay and dairying, along the lower bottom lands in connection with the creamery, will command the attention of all enterprising people.

MONTY.

TAKILMA

There was a dance Saturday night at Takilma hall.

Ed Strong made Takilma a visit Saturday.

Mr. McBrierty was riding on our streets Sunday.

Jack Southerland made Takilma a visit Sunday.

Mr. Jones made Waldo a visit Saturday afternoon.

John Valen made Waldo a visit Monday.

Mrs. Owen and Maude Basye were riding on our streets Sunday afternoon.

Ed Basye made his sister, Mrs. Howard a visit Sunday.

Mrs. Valen made Mrs. Strong a visit Saturday.

Bert Rose was on our streets Sunday night.

Mrs. Josie Eggers made her mother a visit Sunday.

The Misses Ethel and Blanche Childs made Olga Valen a visit Monday afternoon.

Miss Anna Valen and her mother made the Logans a visit Monday.

The teams are going back and forth from the smelter to Grants Pass, hauling for the smelter.

Mrs. Basye made Mrs. Valen a visit Saturday.

Miss Mamie Schleigh made Takilma a visit Saturday night.

DOTTIE DIMLPE.

MRS. M. J. JOHN

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer \$100 for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

Something Tender and Sweet

for breakfast or dinner in choice meats you will always find at City Meat Market. We have all kinds of fancy poultry in broiling and roasting chickens, Spring lamb and veal, prime roasts of beef and tender, juicy steaks, with the right flavor and quality, at

CITY MEAT MARKET

For Matching Colors

A well lighted store is the Mecca to a woman shopping. She delights in a store where she can match fabrics easily. In buying silks, hats or any other article she wants to see what she is purchasing.

A bargain, under bright light is twice a bargain. It is a bargain in the store and continues to be a bargain, when at home she examines it closely.

The best light—electric light—pays big dividends to every merchant.

Try it and prove it.

Condor Water & Power Co.

Sis Hopkins Says:

"The only way to enjoy jennyting is to be willing to quit when the bell rings."

The bell has sounded the knell of kerosene, gas and other forms of incompetent illuminations.

Are you ready to quit them?

Haven't you tolerated them long enough?

There was a time when burning pitch faggots furnished the only means of artificial illumination folks knew about, and it was considered sufficient.

Then came the tallow dip, and everybody discarded the pitch faggot in disgust.

The tallow candle was next to exert its supremacy over the tallow dip, and folks dip, and folks were glad. The next step of development was kerosene lamps and they, in their turn, were welcomed as a pleasing step in the right direction.

And now, a logical development of science, we have the greatest of all illuminants—Electricity.

Advantages of Electric Light

No other form of artificial illuminant equals Electricity in brilliancy, safety, neatness, healthfulness, economy and cheeriness.

Electric light emits no fumes or odors, and is the one hygienic light for living rooms and bed rooms.

The fact that Electric Light consumes no oxygen, like all open flame lights, do, proves it to be the healthiest light known.

It keeps the air as light and wholesome as if no light were burning at all.

The importance of this one feature is readily apparent when it is known that the open flame burns more oxygen from a room than four persons would breathe.

No Matches

No dangerous, dirty matches are needed in a home that is electrically lighted.

No washing and filling of lamps; no danger of explosions; no danger of casks; no plumber's bills; no flickering flame to be blown out by a sudden gust of wind; no fine smudge of soot continually emanating from your light to be deposited on curtains, draperies and furnishings.

When you want to flood your home with light, simply touch the button.

THINK HARD NOW. Don't you want it?

R.F. O'Connell

RESOLVED THAT OUR SUMMER SALE IS NOT ONE OF THOSE FAKE SALES WE ARE TRYING TO WEED OUT OUR STOCK - WE DONT CARRY LEFT OVERS. THOSE BUBBLE SALES ARE NOT OUR WAY OF DOING BUSINESS BUSTER BROWN

Copyright 1906 by the Buster Brown of Chicago. BUBBLE SALES
