Business Men vs. Professionals.

The base ball game which took place on the A. A. C. grounds Thursday between the Business and Professional men was certainly a farce from start to finish, but that was what everybody who attended expected to see and they surely got their money's worth in that respect, judging from the rooting and noise that was made throughout the game. The Business men took the lead by running in three tallies in the first innings and managed to keep ahead up to the sixth inings when some of the players thought they had got enough for one time, so the game was called off with the score 8 to 10 in favor of the Business men. Had they played the whole nine inings there is little doubt but that the Professionals would have come not on top as they were just beginning to warm up when the game was called off.

The balloon ascension, which was to have taken place immediately after the game was postponed on account of the wind and will take place on the railroad grounds at 10 o'clock Saturday morning.

The farmers down the river have built a dance pavilion at Stillwater Springs about five miles below town and a picnic wagon takes out a crowd every Saturday night. Last Saturday night a jolly crowd went and enjoyed the fine drive in the four horse tallyho. They danced until about twelve, and the quadrilles were especially amusing. The party reached town safely and all report a good time. Next Saturday night the boys are going to take ice cream and the girls cake so they expect to have something good to eat also.

Southern Oregon was treated to a genuine back-east thunder storm Monday night, and for some time there was sky fireworks enough to suit the most exacting. In the Kerby and Sucker creek country the storm seemed to be heavier than at Grants Pass and a large number of trees were struck, by lightning although no particular damage was done. Grants Pass was in darkness all night owing to trouble at the Gold Hill sub-station and to the breaking of the power line near Woodville by the falling of a tree across it. About 60 telephones were put out of commission for a day or two by the burning out of the fuses.

Grants Pass is to have a Business College. Chas. R. Cook of Pomona, California, has been in the city during the past few days looking over the field, and has satisfied himself that Grants Pass will prove to be a good point for a first-class commercial school. The school will be conducted by Messrs. Chas. R. and John A. Cook.

Chas. R. Cook is a school man of wide experience and comes to our community well recommended by leading educators throughout the country. John A. Cook is a member of the Oregon Bar and an attorney of a number of years standing.

The school will occupy the entire second floor of the Hall building which will be fitted up ready by about August 15. The school will offer strong courses in stenography and business and allied subjects of commercial value. Both day and night sessions will be offered, thus giving those who are obliged to work in the day time an opportunity to take the course.
