

The Publisher's Claims Sustained

UNITED STATES COURT OF CLAIMS

The Publishers of Webster's International Dictionary allege that it "is, in fact, the popular Unabridged thoroughly re-edited in every detail, and vastly enriched in every part, with the purpose of adapting it to meet the larger and severer requirements of another generation."

We are of the opinion that this allegation most clearly and accurately describes the work that has been accomplished and the result that has been reached. The Dictionary, as it now stands, has been thoroughly re-edited in every detail, has been corrected in every part, and is admirably adapted to meet the larger and severer requirements of a generation which demands more of popular philological knowledge than any generation that the world has ever contained.

It is perhaps needless to add that we refer to the dictionary in our judicial work as of the highest authority in accuracy of definition; and that in the future as in the past it will be the source of constant reference.

UNWRITTEN LAW REJECTED BY BAR

AMERICAN BAR ASSOCIATION IS STIRRED BY A RESOLUTION OF ARTICLES OF FAITH

Justification of Citizens Who Violate the Penal Code Not Kindly Received by the Association.

Portland, Me., Sept. 4.—Shortly before the adjournment of the American Bar Association meeting a decided stir was caused by the introduction by Judge Henry S. Dewey of Boston of a resolution containing articles of faith in which reference to the "unwritten law" was prominent. The resolution, which was indefinitely postponed, was as follows:

"The American Bar Association, in convention assembled, declares the following articles of faith, namely:

"First, that the ever-living God is the supreme judge of the world.

"Second, that this association teaches that every good law is in harmony with the unwritten law, so-called.

"Third, that the unwritten law, so-called, is the word of God.

"Fourth, that at the beginning of the Christian era the Holy Judge, who was and is both real and ideal, proclaimed the sum and substance of the pure and true law of government in the statute which is translated in the authorized version of the Holy Bible, as follows, namely:

"Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind. This is the first and great commandment. And the second is like unto it: Thou shalt love thy neighbor as thyself. On these two commandments hang all the law and the prophets."

"Fifth—That the real foundation of the common law of England, so-called, is the unwritten law, so-called, and that this unwritten law is the real foundation of all good laws since the beginning of the world, the foundation of common law, common sense, common justice throughout the universe.

"Sixth—That mercy and justice are one and inseparable and that it is the duty of every good lawyer to work to the end that all men shall receive merciful justice in court and in the country.

"Seventh—That for the support of this declaration, with a firm reliance on the protection of Divine Providence, the American Bar Association pledges its life, its fortune and its sacred honor."

Judge Dewey asked that the resolution be printed for further consideration.

There were objections to the disposition of the resolution from all parts of the hall, and James O. Crosby of Iowa said the convention might as well formally adopt the Ten Commandments.

George R. Peck of Illinois moved that the consideration of the proposed resolutions be indefinitely postponed, which motion prevailed.

OVERTAXED

Hundreds of Grants Pass Readers Know What It Means.

The kidneys are overtaxed; have too much to do. They tell about it in many aches and pains—backache, sideache, headache. Early symptoms of kidney ills. Urinary troubles, diabetes, Bright's disease follow. E. E. Gillian, proprietor of livery and feed stable, at 62 Ferry St., and living at 333 Water St., Salem, Ore., says: "Years of almost constant driving and a fall I got several years ago which wrenched my back badly had tended to hurt my kidneys which I felt in severe backache and lameness, so that at times I could hardly straighten up. Sharp pains caught me when I arose after sitting. None of the remedies I tried did me any good until a short time ago I was induced to get Doan's Kidney Pills at a drug store. In a short time I obtained more relief from the backache and disordered condition of the kidneys than I had for years. I know of neighbors who have also used your remedy and they all speak of it as the best kidney medicine there is and I believe this to be so." For sale by all dealers. Price 50 cents. SENATOR TALKS WAR

UNITED STATES SENATOR STONE OF MISSOURI RETURNS FROM HIS ORIENTAL TRAVELS.

San Francisco, Sept. 4.—"Not only the United States, but Europe is to be brought to face a very grave situation by Japan in the not too far distant future. There is considerable ill-feeling noticeable in Japan at this time against the United States and much resentment is cherished in relation to what they claim ill-treatment of Japanese in San Francisco."

This statement was made by United States Senator William J. Stone of Missouri, who arrived yesterday from the Orient on the Japanese liner Hongkong Maru.

Senator Stone returned with his wife and daughter after an extended tour through Japan, part of which time he was a guest of the Japanese Emperor.

"We saw everything in Japan, from the Emperor down to the rickshaw man," declared Senator Stone, and I must say we were treated in the nicest manner possible by all the persons in the Orient."

Asked as to his views on the question of conflict between the United States and Japan, Senator Stone said:

"Well, the Japanese are a pretty cocky people, and they feel that they should be treated with the same consideration that is accorded persons of other powers. In fact, they are not inclined to take a back seat, and sooner or later, in their lust for power, will make a determined effort to control all Oriental commerce. There is a feeling of resentment, although it is somewhat softened, in Japan against the United States relative to what they claim to be ill-treatment against the Japs in San Francisco. Many of the dispatches received, however, regarding the situation here have been exaggerated, although they are not inclined to look upon the matter in that light."

FRENCH SHOOT DOWN ARABS

ATTEMPT MADE TO AMBUSH RECONNOITERING PARTY SENT OUT BY GEN. DRUDE.

Fresh Outbreak at Tangier Forces American Missionaries to Flee to Safety.

Paris, Sept. 4.—Admiral Philibert sailed from Casa Blanca, reporting a serious engagement with Moorish tribes near that city, in which two French cruisers, the Gloire and the Gueydon participated and assisted in driving the natives back. Over sixty shells were fired at the attacking Moors during the fight and many of them were killed and wounded. A large force of French troops on shore completed the rout of the natives.

Casa Blanca, Sept. 4.—After severe fighting, during which four French soldiers were wounded, the Arabs were repulsed yesterday with heavy losses. The tribesmen fought with fanatical bravery and charged time and again, only to be driven back. The French used their artillery with deadly effect and literally mowed down the Arabs. The fighting was begun by the latter, who tried to ambush a reconnoitering party sent out by General Drude. The French discovered the movement in time to avoid a surprise and defend themselves till they were reinforced. They repelled repeated charges till they were joined by five companies of infantry and two batteries of artillery. Then the French, under cover of a heavy cannonading, charged in turn. This movement was made with great dash and gallantry and was entirely successful. The Arabs were driven back with great loss and it is stated that they left hundreds of dead on the field. The exact number of dead is not known.

So far as can be learned the Moors are by no means discouraged as yet by their repeated defeats, but are still gathering and another attack from them is looked for. They seem to be in great numbers and their force appears to grow in spite of their numerous losses. All are splendid horsemen and their bravery has excited the admiration of the French officers and men alike. They literally throw their lives away, and return to attack with a dash that is admirable.

Word comes from Tangier that the American missionaries have been compelled to leave the country. Messrs. Clinton, Reid and Enyart had decided to remain at Fez after the Europeans had gone, and this aroused the suspicions of the natives, who concluded that they must be French spies.

All white men are now regarded with hostility by the tribesmen, who think all but the natives are friendly to or in league with the French.
