Many Mining Matters

Edwin J. Porteous, superintendent of the Rogue River Mining & Development Co., an organization which has some of the "big" capitalists of Los Angeles to back it up and which has some excellent placer mining property on the Rogue River, at Blossom Bar Creek and Paradise Bar Creek and on the Little Tommie East Creek, was in Grants Pass Saturday, making arrangements for a big winter's run. His company is preparing to put in about 5 1/2 miles of flume. They already have a sawmill in operation and the mud sills are up and now they will proceed to cut the necessary timber. Owing to needless litigation, which happily is now all settled, this work has been somewhat delayed and Mr. Porteous thinks that there is a fine season's run ahead. The other day one of the miners tried his hand, getting \$1.80 from four pans of the sand, one being worth \$1.00, all being a fine grade of gold. He reports that there is considerable mining activity in that camp and many prospectors are looking up new properties.

Manager A. O. Howland was an interested visitor at the fair and irrigation convention, last week and he was in the city again this week, making some arrangements for the extensive work which the Swastika Mining Co., for carrying on some very aggressive work on its excellent properties out in the Jump-off-Joe district. This is one of the richest of placer properties and things look good for this winter's run.

A rather voluminous deed has been placed on record, whereby the Sheriff conveys to Grant Phegley, of Portland the big holdings of the Galice Consolidated Mining Co., the consideration being \$15,432.56. It was a foreclosure of a mortgage held by Mr. Phegley and also of some judgments obtained by T. K. Anderson, H. A. Williamson and A. Phillip against the property and afterwards bought in by him. The new owners propose to proceed to develop the rich properties just as soon as they have perfected their title to the same.

A batch of locations in the China Gulch of Jump-off-Joe district have been filed as follows: "Brown Lode," by J. M. Sabin et al.; "Cold Spring No. 1," by F. W. Gibbs et al.; "Iowa No. 1," by F. W. Gibbs et al.; "Iron Cap No. 1," by J. L. Mathews, et al.; "Iron Cap No. 2," by J. M. Sabin et al.; "Iowa No. 2," by J. M. Sabin, et al.; and in the Deep Gulch of the same district: "Ione No. 1," by J. L. Mathews, et al.; "Ione No. 2," by J. M. Sabin, et al.

The Ideal Hydraulic Gold Mining Co. has given a mortgage in the sum of \$50,000 to Wm. S. Russell, of Lancaster, Pa., and secured upon its properties in the Grove Creek Mining district. Something like 420 acres of placer mining ground is included in the deal.

Jas. Boyd Nesbit, of the Galice district has deeded one-third of his one-half interest in the "Gold Coin Quartz Lode Mining Claim," of that district to Clement H. Smith.

Two mortgages, one for \$1000 and the other for \$500, secured on the Booth-Dyest mines in the Jump-off-Joe district have been assigned by Jas. Richey to B. C. Pratt.

R. R. Parker, et al have filed notice of making location of a placer claim of 120 acres in the Sucker Creek district.

Sherm. Swank has located "Royal Lode," on the divide between "No. 8 Gulch," and the "Ron" in the Alt-house district.

Mr. McKeel, formerly of Williams has purchased the Nickerson place on Missouri Flat and will soon move his family over here, who are still on the creek. Mr. McKeel is also our teacher here, school having started September 5. The attendance is not very large yet owing to so many families being at the hop yards.

I guess a few of the correspondents wonder what has become of "Monty," but he, like lots of others, has been quite busy of late and it has been impossible for him to write, but will try and send in a few items whenever he can.

of court he will become a full fledged subject of Uncle Sam's.

County Clerk Oshires had a very high compliment passed upon his manner of keeping the county records, the other day, when some railroad men, who are going all over the state informed him that the records of his office were kept in a neater and better manner than they were in any county in the state, outside of Multnomah county. Judge H. K. Hanna, has also found the court records kept up in tip top shape and has expressed his pleasure with the same.

Governor Geo. E. Chamberlain of Oregon has issued the papers which makes C. L. Barlow, the merchant of the Galice mining district a notary public.

Angora Goats Routed.

F. A. Pierce, the well known Merlin Angora and milk goat raiser has brought an action in the circuit court, seeking to obtain damages in the sum of \$483.65, for damages which he alleges were done his flock of fine, thoroughbred Angora goats and South-African milk goats by the Southern Pacific Co., when one of its engines ran into the drove January 30, 1907. In his complaint, by his attorney, O. S. Blanchard, he tells how the fine animals were grazing and managed to get inside the railroad's fence, because it was poorly built and then they climbed over the cattle guards, which were also in poor condition and then they were encountered by the engine and some were killed and others were badly injured. Hence the suit for damages which will now be tried out in the courts.
