BOX WITH \$286,000 LOST.

Receptacle Left on Train Going From Connecticut to New York. New York, Sept. 18.—That a middle-aged woman whose identity remains a mystery, but whose counsel has revealed himself as her accredited agent, either lost or was robbed of a tin box containing \$196,000 in cash and \$40 worth of diamonds and other jewelry while on her way to New York Monday, is the story that the startled officers and trainmen on the New York, New Haven & Hartford railway heard yesterday and resulted immediately in a searching but fruitless investigation.

This large amount of property is said to have disappeared while its owner was a passenger on a local train from Stamford, Conn., which reaches the Grand Central station at 10 o'clock in the morning.

According to the lawyer's story, his client had been in the second car of the train and left it immediately on its arrival in the Grand Central station. It was not until she had crossed to the south side of Forty-second street that she realized that she had not brought her box of valuables with her. She was much perturbed, but instead of returning immediately to the train shed or reporting her loss to the proper bureau, she started downtown to hunt up Mr. Norris, his counsel.

THE WEATHER BUREAU

IT COSTS A MILLION DOLLARS A YEAR TO GIVE REPORTS TO THE GENERAL PUBLIC

Washington, Sept. 18.—It has been estimated that the cost of maintaining the United States Weather Bureau is over a million dollars annually. The service has recently been greatly improved and a special observatory for research work has been established at Mount Weather, Va., under the personal direction of Professor Moore.

When it is taken into consideration that storm warnings are for periods of twenty-four to thirty-six hours the great improvement resulting from the gain of two to three hours is manifest. In recent years every severe cold wave and every storm has been preceded by timely warnings which stated what would occur twenty-four to thirty-six hours following the issue of the warning.

The present complete and almost perfect organization of the Weather Bureau had its inception in 1870, when Congress appropriated \$20,000 for the organization and maintenance of the service for one year. From this small beginning has grown the exceedingly valuable and efficient weather service, on which the people today spend more than one million dollars annually and consider it the best investment made by the Government in their interests. The growth of the service has been gradual, but to those who make use of the service it has been most apparent that the progress of the weather service in reaching the masses and supplying information for their guidance has been phenomenal in recent years.

Mrs. Ballington Booth to Speak. Chicago, Sept. 18.—Mrs. Maud Ballington Booth will tell of her experience in prison work before the National Prison Congress this evening. The subject of her address will be "The Prisoner is a Man." Mrs. Booth is chairman of the committee on discharged prisoners of the prison congress. This morning's session was devoted to a discussion of jails and vagrancy. Dr. Charles R. Henderson, professor of sociology at the University of Chicago, is chairman of the committee on jails, and delivered the principal address.

Made \$490,315,934 in Seven Years. New York, Sept. 18.—Profits aggregating \$490,315,934 were made by the Standard Oil Company in the seven years from 1899 to 1906. Testimony to this effect was given by Assistant Comptroller Fay of the company in the Federal hearing here yesterday. In the same period the company's gross assets increased from \$200,781,623 to \$371,664,531. This is the first time the company's earnings have been made public.

DROWNS SELF AND GIRL

BELIEVING SHE WAS HOPELESSLY ILL, WOMAN COMMITS MURDER AND SUICIDE.

Los Angeles, Sept. 18.—Driven insane by continued brooding over her ill health and the protracted absence of her husband in Iowa, Mrs. Anna Baker, 31 years old, left the home of her brother-in-law at 6406 Ruby street last night, accompanied by her 7-year-old daughter and proceeded to the shores of Johnson's Lake in the eastern city limits, where she hurled both herself and daughter into the deep waters of the lake.

After searching all night, a rescue party headed by William Philpippo, her brother-in-law, found the bodies of the woman and child this morning. The child's head was showing above the surface of the lake and the mother's arms were clasped around its body. They had been dead many hours. After writing a note, which she placed under a rock and left on the front porch of the residence, the woman, carrying her child, boarded a Garvanza car and went to the end of the line. From there she started in the direction of the lake, a short distance away. This was the last seen of her alive.

Lost and Found.

The Knock-out Blow.

The blow which knocked out Corbett was a revelation to the prize fighters. From the earliest days of the ring the knock-out blow was aimed for the jaw, the temple or the jugular vein. Stomach punches were thrown in to worry and weary the fighter, but if a scientific man had told one of the old fighters that the most vulnerable spot was the region of the stomach, he'd have laughed at him for an ignoramus. Dr. Pierce is bringing home to the public a parallel fact; that the stomach is the most vulnerable organ out of the prize ring as well as in it. We protect our heads, throats, feet and lungs, but the stomach is utterly indifferent to, until disease finds the solar plexus and knocks us out. Make your stomach sound and strong by the use of Doctor Pierce's Golden Medical Discovery, and you protect yourself in your most vulnerable spot. "Golden Medical Discovery" cures "weak stomach," indigestion, or dyspepsia, torpid liver, bad, thin and impure blood and other diseases of the organs of digestion and nutrition.

The "Golden Medical Discovery" has a specific curative effect upon all mucous surfaces and hence cures catarrh, no matter where located or what stage it may have reached. In Nasal Catarrh it is well to cleanse the passages with Dr. Sage's Catarrh Remedy fluid while using the "Discovery" as a constitutional remedy. Why the "Golden Medical Discovery" cures catarrhal diseases, as of the stomach, bowels, bladder and other pelvic organs will be plain to you if you will read a booklet of extracts from the writings of eminent medical authorities, endorsing its ingredients and explaining their curative properties. It is mailed free on request. Address Dr. R. V. Pierce, Buffalo, N. Y. This booklet gives all the ingredients entering into Dr. Pierce's medicine from which it will be seen that they contain not a drop of alcohol, pure, triple-refined glycerine being used instead.

Dr. Pierce's great thousand-page illustrated Common Sense Medical Adviser will be sent free, paper-bound, for 31 one-cent stamps, or cloth-bound for 51 stamps. Address Dr. Pierce as above.
