Have You a Friend Who is LOOKING FOR A HOME

If so, call his attention to the opportunities mentioned below. I have other places too numerous to mention in a small ad, that I will take pleasure in explaining if he will call at my office.

\$400 FOUR ACRES in Grants Pass with three room cottage, woodshed, two chicken houses; one-fourth acre in chicken park and about a dozen fruit trees some of which are in bearing. Price only \$400.

\$1300 EIGHT ROOM NEW HOUSE with electric lights, wash house, chicken house and woodshed, three nice lots (about two-thirds acre). Fine well and first class garden patch. Will accept \$500 cash and give easy time on balance at seven per cent.

\$1400 NINE ACRES of good garden or fruit land within 1 1/2 miles from center of Grants Pass, nearly all in cultivation, good 6 room house painted white, nice large barn with vehicle shed attached and good chicken house. This is a fine place for truck gardening, fruit or poultry raising. Will accept one-half cash and give easy terms on balance.

\$1600 TEN ACRES close to city limits, good 4 room house, two barns, chicken house and other outbuildings and two good wells. Soil is adapted to grapes, fruit or vegetables. Fine place for poultry. Stream crosses place. \$800 cash will handle this if taken soon.

\$1000 FORTY ACRES one half mile from station on railroad, all fenced and 26 acres under cultivation, balance is timber land. Good six room house, and new barn 38x48 running water on place (from springs) never fails, 3 1/2 acres in orchard (been planted two years and is in good condition), 800 strawberry plants, 150 gooseberry bushes, 300 red raspberries, 300 black caps, nice lot of blackberries. Soil is especially adapted to grapes and fruit. This is a SNAP and should be investigated at once, can have time on portion of price if wanted.
