

**COMMERCIAL CLUB HAS INTERESTING MEETING**

Enthusiastic Turnout of Members at the Regular Monthly Business Meeting.

An enthusiastic meeting of the Grants Pass Commercial Club was held in the club rooms, Tuesday evening, when many matters of much importance were attended to.

When it came to the election of officers, Mr. Hall declined to run again for president, saying that he thought the honor should be passed around and so Mr. Kinney was named, but that gentleman withdrew in Mr. Hall's favor, claiming that Mr. Hall had made a good official and should be retained. The election resulted as follows:

- President—L. B. Hall.
- Treasurer—W. W. Walker.
- 1st Vice-president—Industrial—J. T. Marshall.
- 2d Vice President—Municipal—A. T. Marshall.
- 3d Vice-president—Agricultural—T. W. Paek.
- 4th Vice-president—Improvements—Geo. H. Durham.
- 5th Vice-president—Timber—M. J. Anderson.
- 6th Vice-president—Mining—Earl V. Ingels.
- 7th Vice-president—Irrigation—Judge Stephen Jewell.

Much interest was taken in the report made by Secretary A. T. Marshall, upon the Industrial Fair affairs. It was shown that there is a balance of over \$500 now in the hands of the treasurer, with but a few outstanding bills to meet. The showing was very favorably commented upon, many speakers taking occasion to express his great satisfaction over the results of the undertaking.

Mr. Marshall's report was substantially as follows:

Receipts.  
Ground rent concessions.....\$ 94.50

Ground rent advertisements.....	42 00

**Deafness Cannot Be Cured**

by local application as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of 10 are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

**NEW HOPE**

Miss Nettie Crooks of Dryden, Mr. and Mrs. Fred Rader and Mr. and Mrs. Geo. D. Walter of this place were the guests of Mr. and Mrs. H. S. Wynant Sunday.

Several of our young folks attended the dance at Morphy last Thursday night and all report an enjoyable time.

C. C. Wynant was at Provolt last Thursday after a load of lumber and it is reported that he is going to build a new house with it. We wonder what that means?

Mr. and Mrs. Adams and son of Grants Pass, who own one of the fine farms in this vicinity, visited at this place Sunday.

"Old Glory" was unfurled to the breeze on our school house last Saturday.

Our school is progressing nicely with Miss Nettie Crooks of Dryden, as teacher.

Geo. Walter and Victor Daniels were at the Pass Saturday on business.

Ob, yes, and we are beginning to think about that telephone.

J. D. Wimer passed through our burg last Saturday.

The Murphy Ditch Company have taken out their dam and are preparing for the winter rains. Better a little early than too late.

Our farmers all say that it is too late to cut hay as they have all of theirs in the barns and all report a plenty.

**WILDERVILLE**

(Crowded out last week.)

A few of the neighbors and young people met at the home of Mr. and Mrs. R. M. Robinson recently, for an apple cutting.

Mrs. H. D. Jones has returned from her visit at San Francisco. Mrs. Stone came home with her to spend the winter.

Emma Hooking has commenced a term of school on Jerome prairie.

Elba Woodard is on the sick list the past few days.

Charles Casey took the evening train Tuesday of this week for Klamath Falls.

Minnie Neathammer and Maud Hampton were on the sick list a few days.

Some few neighbors are complaining of ague.

Ray Stevens is home again after several months work near Crescent City.

Charles Lipp and family have moved into a new home built near the Slate Creek bridge.

We hear that Mr. Creed and children and Mr. Lowden and children have got back among us again—one winter in Canada was enough for them.

Leo and Eugene Sams, who had been working a short time near Glendale, have returned.

Mrs. Close moved into the house that Mr. Lipp's family vacated.

We had a fine rain that has settled the dust so these poor lumber hauling horses can get their breath once more.

**UNCLE FULLER.**

"Uncle Josh Perkins," the big rural play, which is coming to Grants Pass on October 15 is replete with smiles and thrills and is declared one of the most life like dramatic offerings seen here in a long time, true to all the ones it attempts to depict and with vivid types of characters life like and natural in presentation. "Uncle Josh" is voted a big success wherever seen. The four acts are equally divided between New York City and Vermont, the play centering about the efforts of a sharp New York attorney to marry Edith Marston, an heiress for her money. How his plot is foiled by "Uncle Josh" and the happy termination, make a sensible play, which will doubtless attract a large audience to the opera house. Splendid specialties will be presented during the various acts of the drama.

The crew which had charge of the engine which came so near running over the bevy of school teachers, who were on their way for a day's outing at Hells Gate, have informed the Courier that they were not in the least to blame for the close call which the party had. They say they rang the bell and tooted the whistle, but all to no purpose. They think that the driver was to blame for not glancing around, when he was in such close quarters. Other people get out and walk when they come to that part of the road, knowing, as they do that the road is very near the railroad track and that there is much danger in traveling that thoroughfare.

James Martin is the guest of Mr. and Mrs. Blair.

Mrs. Randall returned Saturday from a visit with her daughter, Mrs. Geo. Wright of Central Point.

Mr. and Mrs. Sams spent Sunday in Ashland, where their son, Will, is attending the normal.

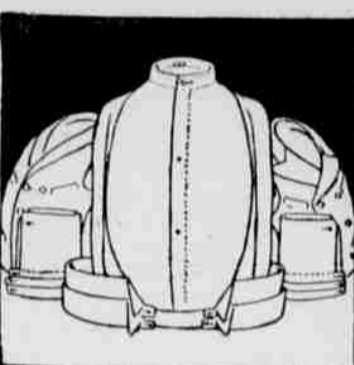

G. W. Wilcox fell from the platform at the lumber yard Saturday evening and broke his arm below the elbow. Dr. Morris set it and he is getting along nicely.

Dr. D. C. Morris, who formerly practiced medicine in this vicinity, is here renewing old acquaintances. Many of his friends hope that he will decide to locate here again, as a good physician is a desirable personage to have near by.

Rev. J. E. Day went to Portland Monday to attend the meeting of the Synod and will be absent over Sunday. He was accompanied by his wife and her mother, Mrs. Kneeland, who has been here on a visit of several weeks' duration.

J. H. Whipple, C. E. Sams and others who have orchards, are busy picking apples and late peaches. Mr. Whipple has some very fine Baldwin apples and Mr. Sams reports his Newton Pippins to be larger and better than ever.

Rev. B. W. Reynolds will occupy the pulpit of the Presbyterian church next Sunday forenoon in the absence of our pastor, and a delegation of the Salvation Army will hold services in the evening.

Herbert G. Eastman, who was elected principal of our school, has resigned to accept a position in the Ashland postoffice. The vacancy was filled by H. O. Anderson, who comes well recommended.

Rev. Loughridge of Grants Pass, favored us with a Temperance lecture last Sunday evening, which was greatly enjoyed and appreciated by all who heard it. At its close, the reverend gentleman was given a hearty vote of thanks and we hope to hear him again in the near future.

W. G. Breeding received tidings last week of the death, by accident, his son-in-law, Claud Harkness Liberty, Wash. The deceased leaves many friends, besides a wife and a small child, to mourn their loss.

Rev. J. V. Milligan and B. Hicks, both of whom are Presbyterian Sabbath School missionaries, held meeting here Thursday evening, which was well attended and very interesting. Our Sabbath school is in a fairly prosperous condition and since vacation is over and the weather past, we hope to see its membership increase.
