He thought that this could be done under the clause of the constitution authorizing congress to establish post roads and that it would be fairer and much more beneficial to the people than to appropriate money to dig canals, deepen rivers and harbors or to build railroads. He urged that the grange use its influence to have congress appropriate \$50,000,000 annually for the purpose of road improvement. Mr. Bachelder stated that the national grange maintained a legisiafive committee during the sessions of congress and that this committee will work the coming winter for a national appropriation for road improvement.
