To Knock Garnishment.
Defendant Wm P Wright has filed
his affidavit and a motion based on
the same, asking the court to dis-
charge the execution and garnish-
ment issued in the case brought
against him by F F Johnson, upon
the grounds that the property gar-
nished is earnings of defendant for
personal services performed by such
defendant for a municipal corporation,
to-wit: the city of Grants Pass, Ore.,
within 30 days next preceding service
of execution and garnishment and
that said earnings do not exceed the
sum of \$75 per month and that they
are wholly for the use of the family of

and garnishment, and that the gar-
nishment in this action is a municipal
officer to-wit: Auditor and Police
Judge of the city of Grants Pass Ore.,

funds and salary of a municipal
officer."

Doubt About Tax Sale.
There seems to be considerable
doubt in the minds of some of the
County Sheriffs throughout the state
of Oregon as to how they should pro-
ceed to collect the delinquent taxes for
the past year. Attorney-General
Crawford rendered an opinion some
time ago, in which he took the
ground that the legislation along this
line, enacted by the last legislature
would not do to go by and so he ad-
vised the various sheriffs to begin
action under the old law, which
required the publication of such a
list, whereas the new law was
thought to do away with any such
modus operandi. But, in spite of
such legal advice, at least 12 of the
sheriffs have decided not to proceed
after any such fashion, but will not
publish the delinquent list, as pro-
vided in the new law. Sheriff Rus-
sell has about concluded to go ahead
and act upon the advice of Attorney-
General Crawford and have the list
duly published. He informed the
Courier that the list this time would
be considerably larger than it was
last year, owing, he thinks in a large
measure to the flurry in financial mat-
ters.

More Real Estate Moving.

THE KONGO FOREST.

**Unfamiliar Animals That Haunt This
Region of Mystery.**
The mightiest forest of which the
human race has any knowledge today
is that of the Kongo. It is a region
of impenetrable mystery concerning
which accounts have been so strange
that until the past few years they
have been deemed incredible. But re-
cent discovery has transformed sci-
entific incredulity into a measure of be-
lief. Thus on the basis of Sir Harry
Johnston's explorations of Uganda a
giant ape larger than the gorilla is a
denizen of this tremendous forest re-
gion. There, too, are animals of a
quite unfamiliar kind, notably the
okapi. The forest seems to be the re-
sort of the five horned giraffe, the
tallest mammal in the world. The
biggest elephants, bearing tremendous
tusks, are there. The largest fish
found in all Africa haunt the streams
meandering through the recesses of
this forest. Lions seem not to pen-
etrate into the thick growth of the
jungle thereabouts. The forest leopards
are arboreal, catching monkeys for
their food.
The curiosity of the mighty forest is
unquestionably the okapi, a large and
seemingly new mammal, discovered
by Sir Harry Johnston. In his books
of travel Stanley told of an animal of
ass-like appearance existing in the
dense forest which was caught in
pits. The occurrence of anything like
a quadruped of the equine sort in the
thickness of an impenetrable forest
seemed so anomalous that no scientist
of standing would credit the possi-
bility; hence the determination of Sir
Harry Johnston to investigate.—Cur-

FORCE OF IMAGINATION.

**Story of an Odd Incident in a Dental
Hospital.**
A remarkable incident happened re-
cently at a dental hospital. A young
woman went there to have five teeth
extracted. The anaesthetic decided
upon by the dental surgeon was ethyl
chloride, and this was administered by
the usual form of apparatus. An in-
dia rubber cap is placed over the pa-
tient's mouth and nostrils, and con-
nected with it is a bag into which a
sealed capsule of ethyl chloride is in-
troduced. By the turning of a screw
from the outside the capsule is broken
and the anaesthetic liberated. The
screw was turned, the patient went
gradually into the usual condition of
insensibility, five teeth were extracted,
and the patient awakened without feel-
ing any part of the operation.
The whole case appeared perfectly
normal. Only when the young wo-
man had left the room and the ap-
paratus was being made ready for
another patient was it discovered that
the capsule of ethyl chloride had by
some mischance not been broken at all.
The whole condition of insensibility
had been brought about by the self
hypnotism of the patient. The idea
that an anaesthetic was being admin-
istered was so strong in her mind that
she had passed into insensibility en-
tirely by hypnotic suggestion.—Boston
Traveler.

Wanted the Sensation.
The venerable farmer with the to-
bacco stained whiskers and furrowed
brow climbed aboard the limited and
shambled into the smoker.
"Mister," he drawled when the con-
ductor halted before him, "is that two-
cent-a-mile rate good on this train?"
"It is," replied the conductor brusque-
ly. "Where is your ticket?"
The old man fumbled in the depths
of an ancient shot bag.
"Ain't got no ticket, mister," he said
slowly, "but here be 2 cents. I never
rode on one of these pesky fliers, and
I just want to feel the sensation. Put
me off after I've rode one mile."—Chi-
cago News.

Does no Harm But Much Good.
Mix the following by shaking
well in a bottle, and take in teaspoon-
ful doses after meals and at bedtime:
Fluid Extract Dandelion, one-half
ounce; Compound Kargos, one ounce;
Compound Syrup Sarsaparilla, three
ounces. A local druggist is the au-
thority that these simple, harmless
ingredients can be obtained at nominal
cost from our home druggists.
The mixture is said to cleanse and
strengthen the clogged and inactive
Kidneys, overcoming Backache, Blad-
der weakness and Urinary trouble
of all kinds, if taken before stage of
Brights disease.
Those who have tried this say it
positively overcomes pain in the back,
clears the urine of sediment and regu-
lates urination, especially at night,
curing even the worst forms of blad-
der weakness.
Every man or woman here who feels
that the kidneys are not strong or
acting in a healthy manner should
mix this prescription at home and
give it a trial, as it is said to do won-
ders for many persons.
The Scranton Pa. Times was first
to print this remarkable prescription,
in October, 1908, since which all the
leading newspapers of New York,
Boston, Philadelphia, Pittsburg and
other cities have made many an-
nouncements of it to their readers.
