1-4 TO 1-2 ON YOUR PURCHASE.

What do Loom Ends Mean AND Where do they come from
LOOM ENDS mean goods that fall short of standard yard lengths, requisite for export purposes. Identical in quality, style and design with the full piece, still not to be classed with regular goods, because they are wanting in lengths—a thread missing in napkins—a slight discoloration in some fabric—crooked or careless stitching in underwear—a coarse thread in hose. These are "LOOM ENDS" characteristics. None of these flaws matter to the customer, but they prevent the mill or factory from selling goods at a profitable price. The mighty block of LOOM ENDS we have purchased for this sale are new goods fresh from the looms, offered to you at loom cost. You will never know what loom cost is if you fail to attend this sale, for the price list on this sheet gives you but an inkling of the money saving opportunities offered. You will pay twice or thrice the money for same goods at other stores.

Loom Ends at Loom Cost
Come and see. Learn Loom Cost with your own eyes. Think of saving your profits. You save the retailer's profit, the jobber's profit, commission merchant's and broker's profit. Everything marked in plain figures.
Look for Yellow Tickets and you find the Loom Cost. Extra salespeople have been secured, so all may be waited upon promptly. Our doors will not be open until 9 o'clock Saturday morning, January 4. Don't forget the date, the hour or the place.
