THE FIREPLACE.

One Thing That Helps Most to Make a
Home Homely.

This I say: Go back and pick up lost
good habits—the omitted amenities of
life. Especially put back into your
house the fireplace. It is the one
thing that helps most to make a home
homely. Build it big and broad. Let
there be no gimcracks or fancy wood-
work anywhere near it. Let it be only
brick or stone. Then let the hearth be
broad and wide. Make it so large ev-
ery way that you need never fear for a
snapping coal. Away with mats, for
they are combustible! But a stool—
that is another thing. Here you can
forget the stocks and the office and
the store. Here you can dream of rest
and peace. Here it is possible that
some of you have Tom and Harry and
Bessie about your knees. There is no
better way to reconstitute the family.
It is the chief want of these modern
days.

The world is never quite so inde-
pendent or we quite so care free with-
out a fire. There are vastness and lack
of outline to a summer day. We get
our feelings mixed up with the cosmos.
The fireplace narrows our lives some-
what, but it completes and unifies
things. We are happy to be just a
part of the little warm home circle.
Did anybody ever commit suicide who
had a fireplace?—E. P. Powell in Out-
ing Magazine.

MAN TORTURED FOR 33 YEARS.

Suffered From Disease of the Skin
But Found a Cure at Last.

A story writ'en in the own words
of the sufferer has just come from
Covington, O., which has caused a big
stir among skin specialists and among
those suffering from Eczema and other
forms of skin diseases. George Flau-
mer, of that city, an old and honored
resident, suffered from Eczema for 33
years before he was able to find a cure
and was then saved from further
suffering by D. D. D. Prescription.

Here is what he says about it:
"I had Eczema for 33 years and two
bottles of D. D. D. Prescription com-
pletely cured me. I know that this
remedy which gets right at the roots
of such diseases as eczema, psoriasis,
salt rheum, barber's itch. It doctors
the skin where the skin needs to be
doctored. It kills the germs and the
itching scales fall off, leaving the
skin fine and white.

We know that this remedy is ab-
solutely reliable and that it has cured
eczema and the patients appear to be
cured forever. Come in and let us
give you a booklet on dieting, bath-
ing and other necessary things if you
are a sufferer from skin disease.

A Woman's Back

Has many aches and pains caused by
weakness and falling, or other displace-
ment, of the pelvic organs. Other sym-
ptoms of female weakness are frequent
headache, dizziness, imaginary specks or
dark spots floating before the eyes, gnaw-
ing sensation in stomach, dragging or
bearing down in lower abdominal or pelvic
region, disagreeable drains from pelvic
organs, faint spells with general weakness.
If any considerable number of the above
symptoms are present there is no remedy
that will give quicker relief or a more per-
manent cure than Dr. Pierce's Favorite
Prescription. It has a record of over forty
years of cure. It is the most potent
invigorating tonic and strength giving
medicine known to medical science. It is made
of the glyceric extracts of native medi-
cinal roots found in our forests and con-
tains not a drop of alcohol or harmful, or
habit-forming drugs. Its ingredients are
all printed on the bottle wrapper and at-
tested under oath as correct.

Every ingredient entering into "Fa-
vorite Prescription" has the written en-
dorsement of the most eminent medi-
cal writers of all the several schools of prac-
tice—more valuable than any amount of
non-professional testimonials—though the
latter are not lacking, having been con-
tributed voluntarily by grateful patients
in numbers to exceed the endorsements
given to any other medicine extant for
the cure of woman's ills.
You cannot afford to accept any medicine
of unknown composition as a substitute
for this well proven remedy or known
composition, even though the dealer may
make a little more profit thereby. Your
interest in retaining health is paramount
to any selfish interest of his and it is an
insult to your intelligence for him to try
to palm off upon you a substitute. You
know what you want and it is his busi-
ness to supply the article called for.

original "Little Liver Pills" first put up
by old Dr. Pierce over forty years ago,
much imitated but never equalled. Little

Many Mining Matters

The Sampter, Baker County, "Blue
Mountain American" has this to say
regarding a former Josephine county
mining man. "The report was given
currency early this week that W. S.
Keith who has been superintendent of the
smelter since last April had ren-
dered his resignation to be effective on
the 10th of this month, or imme-
diately following the return of Man-
ager Lindsay from New York Mr.
Keith when approached said that such
was the case though he had not an-
nounced the fact to anyone. Upon
leaving here he will probably go to
California before he determines his
future moves. Nothing is known of
a probable successor and will not be
until Mr. Lindsay is on the ground."

Monday a tornado residence of
Superintendent W. H. McWilliams of
the Braden mine caught fire and
was burned to the ground before the
flames had been noticed by anyone.
The building stood some distance from
the mine and had it been noticed
probably no aid could have been
given. Mrs. McWilliams was visiting
with friends in Jacksonville and it
is supposed that the fire originated from
a smoldering fire in one of the
stoves. The building and its contents
were entirely destroyed. Mr. and
Mrs. McWilliams are but recent ar-
rivals from Montana.—Gold Hill
News.

Three million dollars worth of ore
blocked out, and every ton of it
ready for milling or shipping, is
the showing the Galice district makes
at the close of the year. Much of
this vast tonnage has been blocked
this past season. The year just closed
was a remarkably active one for this
old district; ore work has been done,
and more money spent for develop-
ment and equipment than during the
five preceding years put together.
The results already obtained, either
from milling or shipping returns,
have satisfied the miners that this ex-
penditure has not been in vain. In
nearly all cases the expenditure was
fully justified.—The Mining world.

Time Works Wonders.

"Hello, Dixon!" said Thompson.
"How's things?"
"Simply swimmingly, thanks, old
chap! Couldn't be better. I was nev-
er doing so well in my life! I've got
a hundred pounds in my pocket at
this very moment!"
"Good, good! I'm glad to hear it!
Delighted!"
"Yes; a hundred pounds—a hundred
pounds! You understand?"
"Yes, I congratulate you!"
"But you believe me, don't you? A
solid hundred pounds in golden sov-
ereigns in my pocket—a hundred
pounds!"
"So you said. Why do you keep re-
peating it?"
"Well, as a matter of fact, I'm testing
that story about a fellow repeating a
word until he comes to believe it him-
self. I expect to thoroughly convince
myself about Thursday. You might
lend me a sovereign till then, will
you?"—Pearson's Weekly.
