PISO'S CURE FOR
CONSUMPTION

GOWN GOSSIP.

The short fur coats, mink and Per-
sian lamb, are very handsome and are
elaborately trimmed with contrasting
jeweled buttons.

The tailored suit of broadtail, which
as yet remains a novelty, is usually
made to escape the ground with a band
of some sort, braid, velvet or silk
around the bottom. The jacket is al-
ways short and tight or semifitting.

Band trimming and fringe are the
popular finishes for the overskirts, and
some of the latter are very handsome.
The fringe, however, must match the
color of the skirt perfectly, as other-
wise the outline of the overskirt is too
pronounced, and that continuity which
is so characteristic a feature of present
styles is lost.

Very smart indeed are the walking
suits of black velvet, the skirt gaiters
of trimming and the coat tight fitting
and buttoned straight up the front to
the high collar in military style, or
with the French back and French
curved front seams, and in either case
braided all over with perhaps a border-
ing line of inch wide braid.—New York
Post.

Indians and Beards.
We know that, as compared with the
white race, the Indians are a beardless
people, but to say why this is so is im-
possible. It is one of the physiological
mysteries that have never been cleared
up.

WORSE THAN ONIONS

**Bad Breath From Indigestion
Cannot be Overcome With
Perfumes.**

All of us suffer from bad breath—
sometimes our own, but oftener that
of our friends.

Nine-tenths of this bad breath comes
from some stomach trouble, and can-
not be overcome by breath perfumes
or any other palliative measures. If
you occasionally have a bad breath;
if there is heartburn flatulence and
acid gurgings of undigested food; if
the stomach burns or smart; if there
is sleeplessness, nervousness, head-
aches or any other of the many symp-
toms of indigestion, use Mi-o-na
stomach tablets and get well.

Mi-o-na is not a mere digestive nor
a physic, but a tonic remedy that
strengthens the muscles of the stomach
and bowels so that the flow of gastric
juices is increased, and the food is
digested naturally and does not stay
in the stomach to ferment and poison
the breath.

Demaray has seen so many cures
made by Mi-o-na stomach tablets that
they give a guarantee with every 50-
cent box that the money will be re-
funded if the remedy fails to give
satisfaction. He takes the whole
risk, and a box of Miona will not
cost you a penny unless it cures you.

**The Youth's
Companion**

It Comes Every Week

Among the contents of the New Volume
for 1908 will be

250 Good Stories
Serial Stories, Stories of Charac-
ter, Adventure and Heroism.

350 Contributions
Articles, Sketches, Reminiscen-
ces by Famous Men and Women.

1000 Graphic Notes
on Current Events, Discoveries and
Inventions in Nature and Science.

2000 One-Minute Stories,
Bits of Humor and Miscellany,
the Weekly Health Article, Timely
Editorials, The Children's Page, etc.

Every New Subscriber
who cuts out and sends this slip
at once with name and address
and \$1.75 will receive

FREE

All the issues of The Companion
for the remaining weeks of 1907.
The Thanksgiving, Christmas and
New Year's Double Numbers.
The Companion's Four-Leaf Hang-
ing Calendar for 1908, then
The Companion for the 24 weeks
of 1908—a library of the best read-
ing for every member of the family.

Many Mining Matters

H G Gobler has placed a filing upon
the "Euster" quartz mining claim,
located in the Grave Creek district.

A notice of the amendment and con-
solidation of the Old Channel Consoli-
dated Placer Mine, comprising eight
claims in all and lying contiguous, in
the Briggs Creek mining district,
made by H W Kirchoff and D C
Hefley.

F. M. Bailey, of Cincinnati, Ohio,
was in Gold Hill, the forepart of this
week, investigating the existing
properties held by the Harms Mining
Co., in this locality. The Harms Co.
have a bond on the Blossom, prop-
erty consisting of six claims, in the
Sardine Creek district, and it is
the intention of the company to
place a crew of men at work, after
the first of the year. The Blossom,
which is commonly known as the
Mears & Haff property is one of the
most promising prospects in this
district, and it is not at all improb-
able that a stamp mill will be erected
on the property.—Gold Hill News.

W J Mamford has been making a
record of his 1908 assessment work on
the Gold Coin placer mines, 20 acres
in all, located in sec. 28, tp. 33, s. r
5, in Josephine county.

M G Morrison has filed notice of
his location of the "Antedevian" 20
acre placer claim, at the mouth of
Rock Creek, on the east side of Jose-
phine creek in the Josephine unor-
ganized mining district.

D. McDonald, N. E. Boren and A.
Bassett, the three gentlemen who re-
cently leased the Oregon Bell mine,
have already started active work and
will have the mill in operation by
early spring. The gentlemen are ex-
perienced mining men and will no
doubt make the Oregon Bell a divid-
end payer. The mine has already
turned out some good money and
there is no reason why there is not
more there.—Jacksonville Post.

D R Morrison has located a 20 acre
placer claim, the "Grochen," on the
east side of Josephine creek, opposite
Mad Flat in the Josephine unor-
ganized mining district.

John Naussbaumer et al., have filed
upon the Gold Krowa, quartz claim,
located in the Pickett mining district.
S B Potter et al., have located a
lode mining claim in the Jump-off-Joe
district.

Frank P Safford, who has been as-
sistant superintendent at the Blue
Lodge mine, left Wednesday for Mex-
ico, where he will be in charge of a
large mine owned by R. S. Towns,
owner of the Blue Lodge. Mr.
Safford made many friends in Med-
ford, where he was a social favorite,
who wish him luck in his new posi-
tion.—Mail

The mining outlook for the vicinity
of Gold Hill was never more prom-
ising than at the present time. On
nearly every train men arrive from
all sections of the country to look
over some of the properties that are on
the market here. Practically all of
the larger quartz properties are being
worked and all the placer mines now
have an abundance of water. Two
new stamp mills have been built
within the past year and many other
steps of advancement have been taken.
The preliminary work of installing
the big electric shovel on Kansas creek
has been completed and its instal-
tion is delayed only on account of the
non-arrival of the machinery. The
boom in the Nevada country is over
and now the eye of the mining world
will turn to a country where more
practical mining and less wildcatting
can and will be done. It is being
demonstrated every day that the
ledges of Southern Oregon have depth,
a fact that is generally disputed by
mining men who are unacquainted
with the country and its formation,
and when this is generally known,
money will be more readily secured
for working the ledges that are now
laying idle. For the outward ap-
pearances we predict a busy year
among the mines in the vicinity of
Gold Hill.—Gold Hill News

MISSIONARY WORK.

The laymen of the various denomina-
tions in Atlanta have pledged them-
selves to raise \$100,000 for foreign
missions during the current year.

The Presbyterians in Korea last
year had 128 places of worship, where
now they have 767, each worker su-
perintending from twenty to fifty con-
gregations.

The Bowers mission of New York
last year supplied over 233,000 meals
and nearly 11,000 lodgings to homeless
men and boys, its early morning bread
line being one of the most pathetic
sights in the world.

The new lay secretary of the Church
Missionary Society of England, R. Ma-
conachie, who served for twenty-five
years in the Punjab and knows mis-
sionary work thoroughly, has under-
taken the place without pay.

Quartz blanks at the Courier office.

AMONG THE LODGES

The second semi-monthly meeting
of the Relief corps was held in their
rooms in M. W. A. hall, Saturday
afternoon, January 25.

There was a full attendance of of-
ficers, president, Mrs. Goodnow in the
chair and a large membership. After
the simple, but beautiful ritualistic
work had been dispensed with the
various committees gave most satis-
factory reports of their respective
work.

Several bills for National depart-
ment and local relief were allowed
and disposed of. Two new members
were elected by ballot, one by trans-
fer. At the close of the meeting, a
delicious lunch was served by a
committee. The first month of the
New Year has proven very satisfac-
tory as the precursor of efficient and
faithful work. Of the noble and
patriotic band of women who or-
ganized Gen. Logan No. 25, W. R. C.,
17 years ago to aid and assist the
Grand Army of the Republic in the
principals of Fraternity Charity
and Loyalty, only three remain. To-
day we number about 65 members in
good standing. In the meantime
many have crossed the silent river a
large number have been transferred to
corps in different localities and others
have been discharged or dropped from
the roll.

The same zeal and enthusiasm
characterizes the present membership
that prompted the spirit of its found-
ers. It is to be hoped that congress-
man Smith's of California recommen-
dation to congress that the widows of
civil war veterans do not lose their
pensions should they marry civil war
veterans again, become a law. It is
possible the little God Cupid would
not figure very largely in such an al-
liance, but circumstances, conven-
ience and environment would.

ALICE MALLORY,
Press Cor. W. R. C.

COFFEE

Good grocers like Schil-
ling's Best, for it makes
good-will and not trouble;
in case of complaint, the
money is ready.

Your grocer returns your money if you don't
like it; we pay him

Make This up at Your Home.

What will appear very interesting
to many people here is the article
taken from a New York daily paper,
giving a simple prescription, as for-
mulated by a noted authority, who
claims that he has found a positive
remedy to cure almost any case of
backache or kidney or bladder de-
rangement, in the following simple
prescription, if taken before the stage
of Bright's disease:

Fluid Extract Dandelion, one-half
ounce; Compound Kargon, one ounce;
Compound Syrup Sarsaparilla, three
ounces. Shake well in a bottle and
take in teaspoonful doses after each
meal and again at bedtime.

A wellknown druggist here at home,
when asked regarding this prescrip-
tion, stated that the ingredients are
all harmless and can be obtained at
a small cost from any good prescription
pharmacy, or the mixture would be
put up if asked to do so. He further
stated that while this prescription is
often prescribed in rheumatic afflic-
tions with splendid results, he could
see no reason why it would not be a
splendid remedy for kidney and
urinary troubles and backache, as it
has a peculiar action upon the kid-
neys structure, cleansing these most
important organs and helping them to
sift and filter from the blood the food
acids and waste matter which cause
sickness and suffering. Those of our
readers who suffer can make no mis-
take in giving it a trial. 1-31-08

Cost of Good Roads.

The commissioners of Chester coun-
ty, Pa., recently received bills from
the Pennsylvania state highway de-
partment for improvements made on
certain public roads in various town-
ships of the county, as follows: West
town, \$15,008.31; Schuylkill, \$28,863.
Valley, \$11,909.33; Avondale borough,
\$7,590.04. These amounts cover the
contract price, the extras, the inspec-
tion, the engineering and surveying
etc. The state pays two-thirds of the
expense, the county pays one-sixth,
and the township pays one-sixth.

Tales of Cities.

Atlanta, Ga., has a well organized
symphony orchestra of thirty-five mus-
icians.

The estimated population of St. Louis
is 750,000, five-sixths of whom live in
flats and tenements.

Temple, N. H., claims the record of
having twice in its history passed
through a year without a single death
in the town.

Policemen of New York city arrest
about 2,672 persons each week, and
the average age of those arrested is
twenty-three years.

Richard the Brazen

By Cyrus Townsend Brady
and Edward Peple

Illustrated by Parker

In his dual role of Texas cowboy and English lord Richard
becomes a most romantic figure. His strange adventures
in wooing under an assumed character keep the reader's
interest at white heat.

To Be Printed in This Paper

It is a novel that you will sit up to finish no matter
what the hour.—Cambridge (Mass.) Tribune.
