WILLIAMS

Delightful weather and the farmers are busy plowing and sowing.

J. F. Sparlin has been manipulating a new rubbing machine with gratifying results.

Superintendent Lincoln Savage was a visitor on the creek during the week.

Verne Smith returned from McCloud, Cal., last Thursday, where he had been waiting upon his brother Frank, who was recently operated upon for appendicitis. Frank is expected home soon.

So far, Williams precinct has not developed any candidates for anything. Grants Pass seems to have them all. But it looks like this "neck of the woods" ought to be able to scare up a candidate for something; for instance, County commissioner.

The funeral of the late Charles McGee whose death in British Columbia was mentioned recently, occurred Wednesday, March 11, at the upper cemetery on Williams Creek. He died on December 28. He was engaged in trapping in the mountains about 170 miles from Camloops on the C. P. R. R. After his death, his partner returned to Camloops with the news and Oliver McGee, brother of the dead man, with three companions, started into the mountains to bring the body out. Oliver and one of the men gave out, but the others pushed on, and after suffering terrible hardships, succeeded in bringing the body out. Their food supply gave out and for four days they subsisted on dried apples alone.

The body was shipped to Grants Pass and then to Williams, where after two and one-half months from his death, the remains were laid to rest beside his parents. A large concourse of friends and neighbors were assembled to witness the obsequies. The deceased was about 60 years of age at the time of his death.

BALTIMORE.

NEW HOPE

We are having some rain at this writing.

We are sorry to report that Mr. Burrows is worse.

Mr. Weston is building some fence.

Mr. Roan and family of Thorp, Wash., have moved to the farm recently purchased by W. H. Parkey of Goldfield, Nevada.

Messrs. Wm. Roan, C. C. Wynant and H. S. Wynant were at Oscar Bigelow's last Sunday.

H. L. McCole was at the Pass Monday.

The following were the guests of Mrs. Wynant Sunday: Mr. and Mrs. Austin and son, Mrs. Daniels and Raymond Roan.

Mr. and Mrs. J. H. Ahlf, Mr. and Mrs. Stewart and Mr. and Mrs. Adams, all of Grants Pass were on our streets Sunday.

Mr. and Mrs. Johnie Sebertz are visiting with the latter's sister, Mrs. Messinger at present.

We will unveil the monuments of "Monty" and "Red Cloud" sometime in the near future for I guess they are dead; don't hear 'em anyway.

Good Cough Medicine for Children

The season for coughs and colds is now at hand and too much care cannot be used to protect the children. A child is much more likely to contract diphtheria or scarlet fever when he has a cold. The quicker you cure his cold the less the risk. Chamberlain's Cough Remedy is the sole reliance of many mothers, and few of those who have tried it are willing to use any other. Mrs. F. F. Starcher, of Ripley, W. Va., says: "I have never used anything other than Chamberlain's Cough Remedy for my children and it has always given good satisfaction." This remedy contains no opium or other narcotic and may be given as confidently to a child as to an adult. Sold by M. Clemens.

PLAN TO FIGHT DISEASE

Druggists Will Battle Stomach Troubles in Grants Pass

The increase of stomach troubles in Grants Pass has led Demaray to take effective measures to combat the disease. He has the local agency for Mi-o-na stomach tablets, and in order to induce people suffering with weak stomach or indigestion to use the remedy, offers to supply it with the distinct understanding that money will be refunded in every case where it does not cure.

Mi-o-na is not a mere digestive, but an absolute strengthener and builder-up of the whole digestive tract. If you suffer with headaches, giddiness, palpitation, bad taste in the mouth, nervousness, coated tongue, distress after eating, use Mi-o-na and see how quickly these symptoms of a weak stomach will disappear.

The remedy strengthens the muscular walls of the stomach and increases the flow of gastric juices so that nourishment extracted from the food and the refuse is expelled without the aid of purgative or laxative medicines.

Remember that Demaray gives a guarantee to refund the money unless it cures.

He takes all the risk, and there is no danger of your losing anything except indigestion when you buy a 50-cent box of Mi-o-na. 3-18 21

CURE YOUR KIDNEYS

Do Not Endanger Life When a Grants Pass Citizen Shows You the Cure.

Why will people continue to suffer the agonies of kidney complaint, backache, urinary disorders, lameness, headaches, languor, why allow themselves to become chronic invalids, when a certain cure is offered them? Doan's Kidney Pills is the remedy to use, because it gives to the kidneys the help they need to perform their work. If you have any, even one, of the symptoms of kidney disease, cure yourself now, before diabetes, dropsy or Bright's disease sets in. Read this Grants Pass testimony: Mrs. W. E. Boren, N. Fifth St., Grants Pass, Ore., says: "My husband used Doan's Pills and received the most excellent results. For some time he had more or less trouble with his kidneys and often complained of severe pain through his back. After using many remedies and receiving no noticeable relief, he began taking Doan's Kidney Pills and soon found that they were doing him good. He continued taking them and as a result, there was no more trouble of this nature. He is glad to endorse Doan's Kidney Pills as a most excellent Kidney remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York. Sole agents for the United States. Remember the name—Doan's—and take no other. 3-13 21

FRUIT GROWERS MEETING

grower has seen it he can thereafter readily recognize it. With that object in view Secretary Meserve has a blight infected pear, limb at his office for the inspection of all who are interested in this most deadly of pests and which is annihilating the pears of the East and has made serious inroads into the pear orchards of California.

The discussion on pests brought up the matter of the imperative need of more thorough and efficient work on the part of the county fruit inspector. And the big expense bills that County Inspector H. D. Eismann was making for the taxpayers to meet was brought up for consideration. In this discussion almost every grower present took a part and all expressed

"OUTFITTERS TO BOY AND MAN"

the opinion that Inspector Eismann's expense bill was larger than necessary or warranted by the work. The fruit growers are of the opinion that a competent man could be had for inspector who would put in full time each day and by going horseback, reduce the traveling expenses to not over \$2 a day and also be able to make much better time and to visit more orchards during a day by being able to take short-cuts between farms than could be traveled by a team.

The rapid increase of the pests in the United States, the Department of Agriculture having identified over 1100 kinds of pests that are destructive of fruits and fruit trees and shrubs and vines, make it imperative that the fruit growers protect their industry or soon the raising of fruit will be rendered impossible. The experts of the Department admit that the blight will exterminate every pear in the United States within the next five years unless it can be

checked. So rapid and deadly has been the ravages of this pest within the last 10 years that the pear industry of the United States is practically ruined except in a few mountain-locked districts like Rogue River Valley. To guard against the invasion of this deadly pest in Josephine county will require the vigilance of a county inspector for the 12 months of each year, yet the orchard area of this county is not so large as to require the inspector to put in full time each month. By being alert and with the co-operation of the fruit growers the inspector could learn of infected fruit trees and a few days of each month would give him ample time in which to force the owners to clean up their trees.

It was decided to present a petition to the county court at the April term from the fruit growers stating their wishes in regard to a county fruit inspector and a committee was appointed composed of George H. Par-

ker, H. C. Bateham, J. T. Morrison, Daniel Peterson, T. J. Mackin, C. F. Cardwell and J. H. Robinson to circulate these petitions and to present them to the county court. The meeting then adjourned to meet again Saturday, March 28 at 1:30 p. m. in the Court House.

Colonist Rates.

As has been the custom for several years past the Railroads leading to the coast have agreed on a colonist rate, a little higher than in years past, but still a very attractive rate, and it ought to have the effect of bringing a large number of immigrants to Oregon this spring. The rate is effective from March 1st to April 30th and is substantially as follows: from Chicago \$38; from Missouri river common points, Council Bluffs to Kansas City inclusive, St. Paul, Minneapolis, Denver, etc., \$30; St. Louis, \$35.50. Usual stopover privileges will be given on these tickets. 1-24 17
