ASHLAND NORMAL

The second division of Professor Sutton's elocution class will give a recital in the chapel, Thursday evening, March 26.

A very interesting talk was given by Captain Eggleston in the chapel Friday morning about West Point.

The young Men's Christian Association met Wednesday noon under the leadership of Robert Bagley. The subject discussed was "What Constitutes a True Man."

Ex-President Mulvey paid a visit to the Normal last week.

A number of the Normal students assisted in the Musical Concert, given in the Christian Church, Sunday evening.

Professor H. T. Sutton gave an interesting talk Monday morning on "The Work of David Livingstone in Africa."

The Normal students had to take a back seat Wednesday morning. Prof. W. L. Mellinger spoke especially to the children of the Training Department, telling them many interesting stories of the Revolutionary War.

Frank Hudson and Miss Elen Fox of Lake Creek entered the Normal last week.

The Normal boys were excused Thursday noon to assist in planting the trees along the Boulevard and after the dismissal of school at 2:40, the Boulevard was lined with boys and girls all eager to plant a tree.

Prof. Sutton's Mission Study class did not meet Thursday on account of the tree planting.

The Enterpian Club gave a concert in the Chapel Saturday evening. An excellent program was rendered.

The girls of the Student Body had booths at which they sold homemade candies and chocolate and cake. The proceeds are applied on the omnibus fund.

There was a large attendance at the joint meeting of the Athena and Congressional Literary Societies, held in the Chapel, Friday evening.

ECZEMA

All Itching Skin Diseases Which are Not Hereditary, Instantly Relieved by Oil of Wintergreen.

Can Eczema be cured? Some physicians say "Yes." Some say "No."

The real question is, "What is meant by eczema?" If you mean those scaly eruptions, those diseases which make their first appearance, not at birth, but years afterwards, and perhaps not until middle age—then there can no longer be any question that these forms of Eczema are curable.

Simple vegetable oil of wintergreen, mixed with other vegetable ingredients, will kill the germs that infect the skin. Apply this prescription to the skin, and instantly that awful itch is gone. The very moment the liquid is applied, that agonizing, tantalizing itch disappears, and continued applications of this external remedy soon cure the disease.

We carry in stock this oil of wintergreen properly compounded into D. D. D. Prescription. While we are not sure that it will cure all those cases of skin trouble which are inherited, we positively know that this D. D. D. Prescription, whenever rightly used, will cure every last case of genuine Eczema or other skin trouble, which did not exist at birth.

We know this. Anyway you, yourself, will know that D. D. D. Prescription instantly takes away the itch the moment it is applied to the skin. M. Clemens sells drugs. Stop that itch today—Instantly. Just call at our store and try this refreshing and soothing liquid; also ask about D. D. D. soap. 3-13 St

When Religion Called.

In his book "Work in Great Cities" the bishop of London writes: "You have often not only to learn, but to practice, what may be described as the foot and door trick. It is ruination to the foot and sometimes hurts the toe, but it consists in rapidly, but quickly, passing the foot in the moment the door is opened in order to secure, at any rate, a few minutes' parley." As to what may happen he writes: "After long hesitation it will be opened by a little girl about half a foot, and then you will hear a distant voice from the wash tub in the rear, 'Well, Sally, who is it?' Then Sally will answer at the top of her voice, 'Please, mother, it's religion!' You will require all your presence of mind to cope with that." The time came, however, when every door was thrown wide open to welcome "our bishop."—London Christian Globe.

Why the Sun Sets.

Little Jack asked his mother one night why the sun set so often. She told him that it might rise in the morning. This seemed a useless reason, and Jack hunted for another. At last he said: "Oh, I know, mother. The sun sets so that she can hatch all the days."—Washington Star.

MURPHY

No more literary until Oct ber. Miss Iva McArthur was among the old friends and pupils Saturday and Sunday.

Oscar Bunch and Ed Gano of Grants Pass are building a barn for Albert Gaslin on his Murphy Creek homestead.

O. H. Perry of the Glen Alder fruit farm now has his wife and daughter with him. They arrived last week from Superior, Wis.

B. P. McConell sold his Murphy creek ranch to a home and climate hunter; consideration, \$1200.

B. F. Melky, candidate for district attorney and Lincoln Savage, present and future school superintendent, were at Murphy Sunday.

Avata, the best pacer horse in this country will make the season of 1908 under the management of Willis Knox, an experienced horseman from Eastern Oregon.

Let us all "whoop 'em" up for our home candidate for county commissioner, regardless of party, for its time this neck of the woods was represented on the county board. Our last commissioner was C. O. Bigelow, 15 years ago; its our time now and we've got the man, Thos. Leith. Everlyody knows him. Nationality, Scotch. Religion, hard work, and politics, justice.

Remarks heard the most out this way.—"Fine weather." "Gee, I'd like to go to Frisco and see the Fleet!" "Gentner is making a fine road on the granite." "Eismann has got no business out here; everybody has sprayed." "Where in the Dickens is all this woven wire fence going to?" "Scratch everybody that don't stand on statement No 1!"

Did you ever stop to think that there were a lot of people in your own vicinity who didn't know the following facts about the Applegate Valley from the Applegate Post office to Wilderville, a distance of 20 miles. Last year she grew a 10 pound potato, some 9-foot alfalfa, 16 foot raspberry canes, 15-foot corn, some 4-pound onions and she now has one of the neatest, cleanest, up-to-date creameries in the state, the best horse in Southern Oregon; the largest vineyard in the state, two rural delivery systems, a net work of telephones with connection everywhere; some of the richest placer mines on the coast, 12 irrigation ditches, covering an approximate area of 10,000 acres of productive soil, and the best quality of citizenship on earth, which is proven by the fact that Murphy precinct hasn't qualified either justice of the peace or constable in years.

The beautiful farm residence of the Hays Bros., one-quarter of a mile west of Murphy was totally destroyed with its contents by fire Tuesday at 11 a. m. It is supposed that it caught from a spark on the roof and although it was soon seen it could not be managed on account of the high wind. Their two large barns just across the road were saved only by the almost heroic efforts of the neighbors. Loss about \$2000, partially covered by insurance in an Oregon Co.

Colonist Rates.

As has been the custom for several years past the Railroads leading to the coast have agreed on a colonist rate, a little higher than in years past, but still a very attractive rate, and it ought to have the effect of bringing a large number of immigrants to Oregon this spring. The rate is effective from March 1st to April 30th and is substantially as follows: from Chicago \$88; from Missouri river common points, Council Bluffs to Kansas City inclusive, St. Paul, Minneapolis, Denver, etc., \$90; St. Louis, \$35.50. Usual stopover privileges will be given on these tickets. 1-24 tf
