DEERING.

Today is the glorious 4th and the national bird is busy flopping his wings at Deering and we have people who have come thousands of miles to celebrate the day in our burg. Ah-ber's park will be the scene of much feasting and merry making, seasoned with a few orations by local talent. Let the eagle scream.

H. A. Freeman has been visiting with his sons and son-in-law's families on Sucker Creek for the past week.

I. T. VanWazenan of Lead S. D., geologist and mineralogist, is camped in our valley taking notes. He sports a fine outfit from prospectors pick and pan to a seemingly whole assay office.

New stock of Savage Rifles at Hair-Riddle's.

Miss Jessie Wilkey and nephew Willie of Elroy, Wis., are here visiting for a few months with their sister and aunt, Mrs. D. L. Webb.

C. W. Perry M. Corum, of Ashland, Ore, is teaching a three months' school here after which he will go to Roseburg, as principal of the high school there. The simple fact that Mr. Corum has been elected to be chief instructor to the students of the two above named institutions places him at the head of educators.

Miss Hattie Webb has returned to her home here after a 10 months' visit at Wolf Creek, Santa Cruz, Oakland and San Francisco. She says the good time she had was well worth the effort.

Mr. and Mrs. C. W. Ash of London, England, who have been in this country for six months visiting and recuperating their health are now the guests of C. T. Webb for a few weeks. Mr. Ash is so favorably impressed with our climate and water that he is thinking strongly of locating here permanently.

A party of pleasure seekers from Grants Pass with tents and Bristol rods are encamped on the head waters of Elk Creek and are busily casting their flies for the "speckled beauties" that abound in this stream and its tributaries.

\$10 Cash and one dollar per week gets that handsome cook stove in Hair-Riddle Hdw. Co's window. If you need a stove, now's your chance to get one easily.

For the want of time and space, we will not endeavor to give all the news this week. To tell the fact, we are very anxious to get out and fire a few crackers with the rest of the kids. God bless the boys of America—what does it matter if they do break a few windows, and set a few fires—it's all right. Be patient with the—har—oh—ouch—har you, Jim Jonsing, yo little niggat, what fo yo don put dat giant fish cracker under yo Uncle Ebe's char? It done combustificated and Jared yo Uncle Ebe pow'ful. If ah gets hold of yo, ah'll break ebery body in yo bone!

Swan Hagland and Walter Gresham of Crescent City are in our burg and are busy pulling feathers out of the eagle's tail.

Hurrah mit de Fort und Julia!

E. BEN.

FRUITDALE.

Quite a number from here attended the picnic at Wilderville on the Fourth of July and all report having spent a very pleasant day. Our Grange conducted an ice cream, lemonade and pleasant stand which proved a success in every way, and the committee will have a neat sum to turn into the treasury.

Jelly glasses 40 and 45 cents per dozen at Hair-Riddle's.

A number of families who could not attend the Wilderville picnic on account of the distance had a picnic up at Mr. Hoar's, which was enjoyed by all present.

Mr. and Mrs. Wardrip and children of Ashland, Ore., are camping on their farm in south Fruitdale. Mr. Wardrip expects to have an orchard set out on his place next spring and intends to make this his home after a year or two. At present his cousin has charge of his farm.

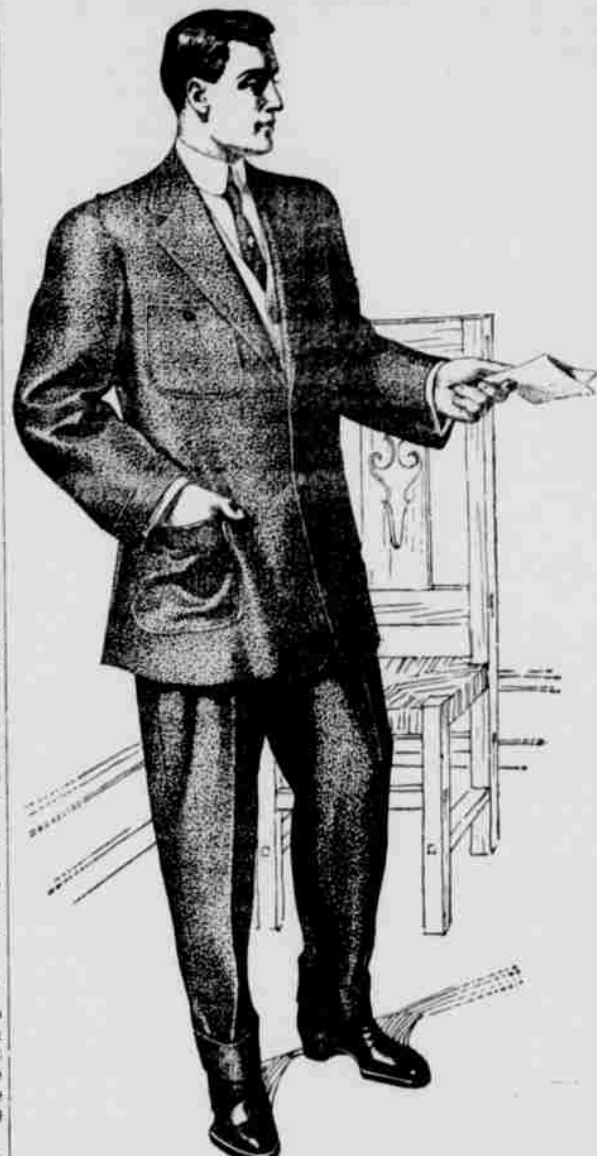

Miss Mae Chapman of Grants Pass has been spending a few days at the H. C. Bateham home.

Mrs. M. E. Stertevant of Grants Pass is visiting in Fruitdale this week.

Miss Wilson of Lebanon, Oregon, visited at G. A. Hamilton's last week, while on her way to Gold Beach.

"OUTFITTERS TO BOY AND MAN"

Grants Pass spent the Fourth here in Fruitdale, picnicing with Mr. Clement's parents.

Our Sunday school has made its last payment on the organ fund, the supplies for the next three months are paid for, and money in the treasury. Mr. and Mrs. Kincaid were very happily surprised on July by the arrival of Mrs. Kincaid's parents from California.

G. A. Hamilton has his irrigating system at work and is watering his orchards and fields very successfully. Most of our farmers are busy making hay.

Brother Newnan, who lives in South Fruitdale near Picket Mountain, is quite sick at the home of W. H. Kincaid. Brother Newnan had been invited to spend the Fourth with Mr. Kincaid's family at the picnic up at Mr. Hoar's, but was not able to go. On Sunday his friends missed him at Sunday school and became anxious about him. On Sunday evening Mr. Kincaid went up to see if he were all right, and found him quite sick. Mr. Kincaid brought him home with him early Monday morning and sent for Dr. Loughbridge. Tuesday morning he was somewhat better and his many friends here hope he will soon be well again. Brother Newnan is from Indianapolis, Ind., where he was pastor of the Christian church, but was obliged to resign on account of poor health and came here hoping that the climate would be beneficial to him. There will be an open meeting of the Grange on Thursday evening, July 9, at which time the state lecturer J. J. Johnson will speak.

There will be preaching after Sunday school Sunday.

Geo. H. Parker, the nurseryman, now has his office with J. E. Peterson, who will answer inquiries and take orders should Mr. Parker not be in the office.
