DEERING

Tell me ye winged winds that around
my pathway hums,
Knowest thou not some spot where
business never comes?
Some place where, crated o'er with
filthy dust and flies,
And the clink of change is never
heard beneath the heavenly skies?
The loud wind answered, as it shook
the leafy woods,
"Sure thing! The store that doesn't
advertise its goods."

And that reminds us that you can
get as much to eat in a democrat's
house, as a republican's.

L. R. Webb has returned from a trip
to your burg where he had a hard
time dodging the health officers and
T. D. Collett also returned just as his
wife had managed to extinguish a fire
that had partly destroyed their home
roof. She threatens suit for divorce.

H. C. Freeman tried to run away
with another man's wife. He got two
miles, found out he had his own, and
had to return for a fresh start.

Mr. and Mrs. Jess Hoaglan were
visitors at the home of D. L. Webb
Monday. They came up from their
home in Kennett, Cal. a few weeks
ago to visit Mrs. Hoaglan's father and
mother Mr. and Mrs. Sam Egger.
They all took an outing on the coast
near Crescent City for a couple of
weeks and report a good time. We
want to say right here that, these are
jolly good people.

Seems to be lots of trouble in our
valley lately. Well it will be that
way for a time and then it will get
worse.

Mr. and Mrs. H. A. Freeman have
gone to Holland where they will visit
for a few days with Mrs. Wisecarver,
their daughter.

Most be Tom Lewman is dead again,
or can't be leave that confounded
berry patch long enough to report
conditions over that air-way? Wake up
Tom!

D. L. Webb brought home some
native copper from the Preston Peak
country. He claims to have dug it
out of serpentine.

W. T. Sanders and family of Dun-
can Ariz. who have been visiting
friends and relatives here have left for
that place. Mr. Sanders said if he had
our climate down in Arizona he
could beat the world for horticulture
and agriculture. Same old story and
now suppose Greenland had our climate
what then? And suppose—Oh, Shaw!
What's this use.

Maurice Lancaster who came here
to visit friends and seek a home
wherein to pass the remainder of his
days is rather sore at the Commercial
Club. Mr. Lancaster expected to
find great orchards and vineyards con-
tinuous every direction from Grants
Pass, also fields of waving grain and
grasses, and so much vacant land
surprised him. He says where we
can irrigate its all right, and just give
him our climate back in Wisconsin—
Aw come off! Cut it out, ye hit got
the climate and that's all there is to
it.

One of our prominent citizens here
was in consultation with officers and
members of Grants Pass' Commercial
Club recently and he reports that those
excellent gentlemen are doing all they
can for Josephine county. They are
spending time and money unparalelled
solely for its good and have gang of
knockers and rotten locators to fight,
and a gang of sharks who prey upon
the public, also a bone of contention
them. It is hoped that the city and
surrounding county may be rid of all
these elements. The club is composed
of Grants Pass men. Their homes are
there as are their places of business.
They are a splendid sort who love
their city and county and will heartily
co-operate with any honest home-
steader or prospector who merit their
aid. Let the people of our county
join hands with the club for mutual
good to all. Remember Grants Pass,
belongs to Josephine, and Josephine
is ours.

One of Uncle Ebe's shafts has struck
home. One of our public agents takes
exception and remarks, "That dirty
paper is read all over Southern Ore-
gon". Just so Sonny, and northern
Oregon also, and in nearly every state
in the Union and a part of Canada
thrown in, and we know people who
are perusing its columns in London,
England. It is a clean paper, its edi-
tor a gentleman who neither drinks
whiskey, plays poker, or pokes his
nose into private affairs, while being
paid for the time so occupied for look-
ing after national interests.

Yes, that's our name Eben of Elk
Valley.

There was a very good meeting of

son are now living in their new home

ing to prevent a good attendance.

ILLINOIS VALLEY GRANGE.

Illinois Valley Grange met at
Creamery hall yesterday, had a basket
dinner, free buttermilk and an in-
teresting program free to all. The
next meeting will be held at the same
place on Saturday, October 10th at 9
p. m. It is puzzling to some of the
faithful officers of this grange why so
many of its members and the peo-
ple generally take so little interest
in attending the meetings. The grange
is an educator; it is moral and serves
in the line of the schools and
churches; pointing out the moral path
of vicitude and though it does not
shovel out coin to its members from
the rear end of a wagon with a scoop
shovel it pays a large return indi-
rectly for the small amount invested.
To wit: One dollar and twenty cents
dues per annum.

The people of this Valley complain
that the young people have no chance
to progress and cultivate their minds
and yet when a good opportunity
like the grange is present they can't
find time to take themselves to the
meetings. "Live in a rut and grow
old" is the motto; let avarice, jeal-
ousy and envy hand in hand run rife
in the minds until they almost pro-
duce hatred of the neighbor and ren-
der the mind so hollow and narrow
that it leads one to remorse and dis-
trust. The hair grows gray two
years in one and life is shortened 10
years, because "there is nothing to
live for."

Get better acquainted with your
neighbor and you will like him better
and there is no better place to do
this than at the grange. Attend the
grange meetings and once in awhile
get your mind away from the pursuit
of the dollar; enjoy yourself; get the
wrinkles out of your face; return
smile for smile and go home feeling
rested and cheerful to begin your
daily drudge with renewed energy.

Great is the man's error when he
concludes that to make a living he
must work every day; work alone
will not only think some but it is abso-
lutely necessary for him to be posted;
associate with his friends and neigh-
bors, swap ideas and profit more
thereby than he possibly could by un-
due and overwrought effort at daily
toil. If he would have his children
learn good manners and make use of
what they learn in school and make
their knowledge practical, take them
to the grange.

Anybody can go to the grange
meetings and take part in its work
without regretting that they did so
and with pleasure. Some of you cross
grown, hard shells, rutted in your
own narrow selfishness, try it. Make
up your minds whether or not you
want a grange—what have you to
offer in its stead that is available and
that is better at the present time for
Illinois valley.

Dances are all right in their places,
but something more is necessary in
the affairs of our government and the
building of homes. PROGRESS.

FRUITDALE GRANGE.

Fruitdale Grange held its regular
monthly meeting Saturday afternoon
September 12. Our Worthy Master
H. C. Bateham and Lecturer Mrs.
H. C. Bateham; who have recently
moved to Grants Pass, were with us.
Three applications for membership
were voted on and accepted.

The road committee still have money
in the treasury and also quite a sum
that has been pledged and will be
paid as soon as needed. After discuss-
ing the subject it was voted to put
up sign boards at the principal com-
munications and cross roads, so any one wish-
ing to visit in or pass through Fruit-
dale, might easily find their way.

The shortest route from Grants
Pass to Murphy and the Applegate
country is by the Fruitdale road, and
as soon as the sign boards are up a
great many people will find it more
convenient and pleasant to travel
this road. This work was put in
charge of a committee which consists
of Henry Huck, Wm. Burns and
Walter Coultant. Quite a number of
other business matters were attended
to and after the meeting adjourned a
very pleasant social time, and a "fruit
tree", which was provided by Mrs.
Henry Huck; was enjoyed by all.

The next meeting will be held on
Oct. 10 at the school house. It was
decided to have another all day meet-
ing at this time. Business meeting
at 10:30; picnic dinner at noon. A
very good program is being prepared
by the lecture for the afternoon.

\$100 REWARD \$100

The readers of this paper will be
pleased to learn that there is at least
one dreaded disease that science has
been able to cure in all its stages,
and that is Catarrh. Hall's Catarrh
Cure is the only positive cure now
known to the medical fraternity.
Catarrh being a constitutional dis-
ease, requires a constitutional treat-
ment. Hall's Catarrh Cure is taken
internally, acting directly upon the
blood and mucous surfaces of the sys-
tem, thereby destroying the founda-
tion of the disease, and giving the
patient strength by building up the
constitution and assisting nature in
doing its work. The proprietors have
so much faith in its curative powers
that they offer \$100 reward for any
case that it fails to cure. Send for
list of testimonials.

W. C. T. U. NOTES

"For God and Home and every
land!" That is what the Womans
Christian Temperance Union stands
for and we ask every Christian
woman to aid us this year by her
presence, prayers and dues, all of
which is needed to carry on the work.
We need help to enforce the pro-
hibition law and help to educate and
agitate, help in every branch of tem-
perance work.

A prominent lawyer of our city has
remarked that "Beer is sold between
here and Dry Digging." Surely he,
who has taken oath to see that law is
enforced and justice done, is mis-
taken, else the man selling the beer
would be brought to justice. Then,
too, he must be mistaken again for
the liquor men are all law-abiding
citizens(?) But, suppose he is right?
We will appreciate any testimony
which may lead to the conviction of
any beer seller who has so far forgot-
ten his manhood as to become a law-
breaker.

"The beverage liquor traffic is a
crime and cannot be legalized, but
must be forbidden, and as fully as
possible prohibited by civil govern-
ment."

"The liquor license is an entrench-
ment for the liquor traffic and the
higher the license, the stronger is that
entrenchment."

The Southern Baptist convention
has declared a determined and uncom-
promising opposition to the liquor
traffic in all its forms. They will
preach, practice, pray and vote for
temperance. This convention repre-
sents a constituency of over 2,000,000
members.

How does this sound in Oregon in
the 20th century? "The jail, built
and run at public expense to store the
drunk, the finished product of the
licensed saloon."

DOWNWARD COURSE

Fast Being Realized by Grants
Pass People.

A little backache at first. Daily
increasing till the back is lame and
weak. Urinary disorders quickly
follow; Diabetes and finally Brights
disease. This is the downward course
of kidney ills. Don't take this
course. Mrs. H. M. Shaffer, living
on East Main street, Jacksonville,
Oregon says: "My kidneys had been
disordered for some time but I paid
little attention to it, thinking the
symptoms would disappear. How-
ever, the trouble became worse, the
secretions irregular, painful in pas-
sage and my back and head ached
constantly. I was in a miserable condi-
tion when I learned of Doan's Kidney
Pills and procured a box. By the
time I had used three boxes of this
remedy in accordance with the direc-
tions, I was entirely free from the
trouble. Doan's Kidney Pills
effected a complete cure, and I am
glad to recommend this remedy to
others." For sale by all Dealers,
price 50 cents. Foster-Milburn Co.,

HAWKING MACHINES

Catarrh Sufferers are Nothing But
Hawking, Spitting and Blowing
Machines, Says an Authority.

Is it possible that in these days
where cleanliness and sanitary reform
is being preached in the churches,
schools and at public gatherings, that
thousands of people will continue to
suffer from catarrh, when there is an
absolutely certain remedy always on
hand?

Hyomei (pronounced High-o-me) is
a pleasant, medicated and antiseptic
air. Breath it in and it will cure
catarrh. It will stop foul breath,
watery eyes, and crusts in the nose in
a few days.

It is guaranteed by Demaray to do it
or money back, and such a guaran-
tee ought to be strong enough for
anybody.

Entirely Cured by Hyomei.

Having suffered from catarrh for
about two years, and having tried
numerous remedies without any satis-
factory result, I finally tried Hyomei,
and am glad to state that after using
about one and one-half bottles I am
entirely cured. I have recommended it
to others with satisfactory results.
C. N. Lindsay, 407 East First Ave.,
Mitchell, S. D.

A complete Hyomei outfit, consisting
of a strong, hard rubber pocket in-
haler and a bottle of Hyomei, cost
only \$1, and extra bottles, if after-
ward as needed, cost only 50 cents
each at Demaray's or direct, by mail,
charges prepaid, from Booth's Hyomei
Co., Buffalo, N. Y.

Hyomei also cures Asthma, Bron-
chitis, Coughs and Colds, Croup of
infants, and any inflammatory dis-
ease of the respiratory tract.
