

SYLVAN

This week we are making a special sale of the Sylvan Soaps, price of which may be seen in our window. These are superior to many of the high priced imported Toilet Soaps and you will be pleased if you try them. They are delightfully perfumed with either Violet, Heliotrope or that most refreshing odor of the Sandal wood

Sabins Drug Store

A party of teachers from our public schools, took a 15 mile trip down Rogue River Saturday last to visit Mill's Gate. The name is rather misleading, for it is really a beautiful place.

We are amazed at the number of Reside Garland Heaters we are selling. Everybody likes them. Cramer Bros.

H. C. Perkins, as county deputy surveyor, last week subdivided section 33, south of town.

A splendid new line of Cast and Steel Plows at Hair-Riddles.

The corner building, in which is located the Sabin Drug Store, is receiving an overhauling, and the bright new paint improves the appearance of the outside, almost as much as the drug store does the inside.

The first real rain of the season came last Saturday evening and continued throughout most of the next day. While the rain was not heavy enough to do a great amount of good to the range, it did lay the dust on all the roads in good shape, and was quite generally welcomed.

E. T. McKinstry, has opened an office over the Calhoun store and will hereafter devote his entire attention to the real estate business. During the summer he has made a large number of sales, mostly in the Merlin and Hugo districts.

The Helena (Montana) Independent of October 4th, tells of the death of Leon La Croix, a well known attorney of that place. His father, L. F. La Croix, with his family was at one time resident of Grants Pass. Friends here regret to learn of the death of the son.

The Presbyterian Synod of Oregon which met at Ashland last week, voted to stand with the Bishops of the Methodist Church in their condemnation of Speaker Cannon of the house of representatives, for his position in regard to temperance reform legislation and his alleged obstruction thereto.

Ladies, have you tried a SAVORY ROASTER if not, why not? They are the best and the cheapest roaster on the market. Sold by Hair-Riddle Hdwe. Co.

Died—October 2, 1908, of consumption, Mrs. Ida Robinson, of Grants Pass, formerly Miss Ida Griner of Evans Creek. She leaves two little girls, one an infant, and a sorrowing husband to mourn their irreparable loss. She was laid to rest in Antioch cemetery.—Gold Hill News.

Fruit Inspector H. C. Bateham returned Saturday evening from a trip lasting nearly the entire week, during which he inspected 63 orchards. Starting out from Grants Pass he went via Carson to the edge of Jackson county, visited the Provolt section, Williams creek, Panter gulch, near the Oregon caves, making a thorough inspection of all orchards in each section. Out of the 63 orchards visited, he found only six cases of pear blight and in the greater number scale to some extent. Ten orchards he was able to mark as O. K. The result of the trip was most gratifying in that it was found that the owners of orchards everywhere are taking pains to keep them in good shape and are making good headway against the scale.

Since the council passed the ordinance prohibiting the selling of anything but first class fruit at the trains, the bright red apples that are being sold there are quite an advertisement for Grants Pass as an apple producing section. Every day now you see the passengers almost falling over one another in their attempt to buy some of the fruit before it is gone.

Our neighbor on the north, Douglas County now claims the world's record price for Spitzenberg apples, Jas. B. Smith, six miles south of Roseburg, being the owner of the orchard. In picking his apples, out of a measured quarter of an acre of ground, his return is over 300 boxes of choice marketable Spitzenbergs, which at \$2 makes \$3400 an acre, and he expects to get \$2.50 for the most of them.

A large audience gathered at the Newman M. E. church on Sunday evening to listen to the "service of song" as presented by Prof. McMurray. The stories told by the professor of the songs sung gave new life to the old favorite pieces that are dear to the hearts of all Christian people. A girls chorus of 20 voices sang "I love" to tell the story. Mrs. Walker sang "One Sweetly Solemn Thought," and Mr. Williams played the "Holy City" as a cornet solo, all of which were greatly enjoyed.

Stop that leaky roof by covering it with Rex Flintkote Roofing. The best prepared roofing made. Sold only by Hair-Riddle Hdwe. Co.

Harvey Samuelson and Frank Hulbert, two young men of this section, were down at the Herman & Flynn ranch Monday and captured a two-headed water snake. They put it into a wire cage and when they came to town brought it to the Courier office, where at this writing it still remains. Both heads are alive and both provided with eyes, mouth and tongue or stinger. The freak will probably be kept for a day or two after this week's paper is issued as proof that ye editor is not given to seeing things, as that would be a bad impression to have got out in a prohibitive town.

CARLOAD JUST ARRIVED

Science has developed something infinitely better than the old-style wrap or clamp.

"PITTSBURGH PERFECT" FENCES ARE WELDED BY ELECTRICITY.

This is the modern method of construction. Years of life are added through the elimination of serious fence defects.

A WRAP holds moisture, cracks the galvanizing and allows the water to attack the bare wire. A small amount of displaced galvanizing on "PITTSBURGH PERFECT" REINFORCES THE PROTECTION AGAINST RUST AT THE ELECTRICALLY WELDED JOINT; examine the joint.

STAYS CANNOT SLIP. They are always just where they were put. Stay and strand wires become one piece when the union is made. The fence is like a solid sheet of perforated steel.

Every Rod is Guaranteed Perfect.

Don't allow your prejudice in favor of the rapidly-declining and now antiquated methods you have heretofore known, to warp your good judgment.

"PITTSBURGH PERFECT" FENCES REPRESENT PROGRESS, because hundreds of thousands of dollars worth of standard material is daily welded by electricity.

The hoop on the average sugar barrel in the isolated country grocery store is an electrically welded product.

If your wagon was made in a large factory, its tires were welded by electricity.

Examine them. "PITTSBURGH PERFECT" fences are made by this modern, simple and marvelous process, producing "THE WELD THAT HELD."

MR. FARMER: LISTEN, NOW. Every agent handling "PITTSBURGH PERFECT" fences is authorized to guarantee this:

That the wires are not injured at the joints.
That the fence is perfectly adjustable to uneven ground.
That the stays will not separate from the strands.
That the fence is all right in every particular.

Could you ask any more definite protection? Your complete satisfaction is absolutely assured.
