BLUE LEDGE CLAIMS HAVE BEEN SOLD

Honore Palmer Buys Copper-Gold Properties in Southern Josephine County.

The Portland Journal of the 7th, says: "Honore-Palmer, son of Mrs. Potter-Palmer, has purchased the group of copper gold claims owned by the Southern Oregon Copper company in the Blue Ledge district of upper Applegate river. The consideration is not made public, but it is known to be a large sum, as the group bought is not only one of the richest, but also the best developed of the Blue Ledge district. Mr. Palmer has invested considerable money in southern Oregon during the past two years, placing it both in fruit lands and mines. This recent purchase, however is one of the largest he has made in this section.

Mr. Palmer has placed a crew and will begin the active development of the claims at once. The properties have been under development for several years by the original locators, among whom are several southern Oregon and Spokane mining men. The claims are opened by tunnels, the deepest of these being driven to a depth of some 400 feet, from which depth a crosscut exposes the main ore body. The upper tunnel is in 80 feet on the vein. The main ledge is from seven to 10 feet wide. The ore is sulphide throughout, the values running from 4 to 5 per cent copper, five ounces silver and \$2.80 a ton in gold. It is a good smelting proposition and the new owner will develop it for reduction by smelting."

The McMurray Vocal Recital given Tuesday evening at the opera house was a musical treat. Mr. McMurray was assisted by Miss Lacoeta Mangum, elocutionist, Mrs. Walker, soprano and Mrs. Maclean, accompanist. Each and every number is deserving of special mention as they were all excellent. Prof. McMurray is a musician of acknowledged ability and too much praise cannot be given either to his vocal or instrumental pieces. Mrs. Walker always delights her hearers and on Tuesday evening was in good voice. In a vocal recital much depends on the accompanist and in this important part the professor was fortunate in having Mrs. Maclean beside at the piano. The opening number of the program, "Little Brown Baby" was pleasingly recited by Miss Mangum and was greatly enjoyed. This was the first opportunity to hear this gifted elocutionist afforded to most of the people of Grants Pass. It is to be hoped that Prof. McMurray will arrange for other recitals during the winter.

A Point of Resemblance.

They were dancing. The music was heavenly. The swish of her silken skirts was delightful. The fragrance of the roses upon her bosom was almost intoxicating. "Ah, my dear, looking up into his face and smiling sweetly, "you remind me of one of Whitman's poems!" A sudden dizziness seemed to seize him. It was as if he were floating along in a dream. When he could catch his breath to speak he asked: "Which one?" "Oh, any one!" she replied. "The feet are all mixed up in all of them." Cranberries, New Raisins, Currants and Nuts at Parades. 11-6-2f

In the game of football at the Normal Campus at Ashland recently the Grants Pass High School received a drubbing to the tune of 27 to 0. The score probably accounts for the silence of our team on their return.

J. F. Wickom, manager of the Alameda Consolidated Mines Company, was in the city Monday en route to Alameda after several weeks spent at Portland. The Alameda Company is making very satisfactory progress in erecting new buildings and getting ready to blow in their smelter, the material for which is now being hauled by wagon from Merlin, where it was unloaded by the Southern Pacific.

The city council held a regular meeting in the council chambers last Thursday evening and transacted a large amount of routine business. A franchise was asked by the Rogue River and Southern Railway for the use of Sixth street from the Bridge to G street and then up G street to the terminal ground. The applicant was referred to the street committee. Sewers and street improvements were discussed and other matters of slight importance disposed of.

M. E. Stortevant has come to the conclusion that Grants Pass is the best place on earth and therefore a good place to invest money. During the last week he purchased a house and lot on B street from Mrs. Alice Kinney, a house and lot from Daniel Wilson, two lots on B street from John Hair and a lot on B street from Moss and Williams. These purchases added to his other holdings make Mr. Stortevant one of the large property owners of the city.

Frank James left Thursday for Williams Creek where he will look after mining interests. He has been spending several weeks in town while recovering from the effects of an accident which befell him several weeks ago. While working in a shaft on his prospect back of the Jewett mines, a rock, which had been loosened by the first rains, fell, striking him in the back. As this was the third time he had been injured in the same place, the wound was a very painful and annoying one. When he left for Williams Creek, however, he had almost recovered.

Get a Universal meat cutter at Hair-Riddle's and you will save the price of it in one month if you will use it as much as possible.

E. A. Seasons who has offices in the Canterbury Building, Portland, is anxious to hear from the mining men of this state who are desirous of attending the American Mining Congress at Pittsburg, Pa., December 2 to 5. Oregon is entitled to 10 delegates to be appointed by the Governor and as there are many important questions to come before the congress it is desired to have a full representation from this state.

Judge John H. Scott of Salem was a Grants Pass visitor Thursday and in the evening met at the Commercial Club rooms with a number of our business men to discuss the holding of a Good Roads Convention here during the latter part of this month. A committee consisting of Judge Stephen Jewell, H. C. Kinney, J. O. Booth, Wm. Hair and H. L. Andrews, was named to take the matter in hand and they will meet this afternoon to make the arrangements. The date decided on is November 23. At that time Judge Scott will return here and will address the people on the subject of good roads. A literary and musical program will probably also be arranged for the occasion.

"WORTH REMEMBERING"

Housekeepers should bear in mind, that when asked by canvassers or grocers to purchase a phosphate baking powder, that if they value their health they will refuse such powder. Phosphate baking powder is made from burning the bones, gathered at slaughter houses, whether from diseased animals or not. It is then mixed with a solution of oil of vitriol. Such baking powder sells for 25 cents a pound.
