Demaray makes this square deal offer because he is authorized to do so by the makers of Mi-o-na tablets and he is willing to have his system appear in the Courier because he knows the offer is genuine.

Even with this liberal offer, Demaray will not have to refund but a very small percentage, because the incurable dyspeptics will find so much relief in Miona that they will once again look upon the sunny side of life and will continue to use Mi-o-na.

when we make the statement we know it to be absolutely true. "Mi-o-na tablets are truly great for anyone that has stomach trouble."

"Tour of the Tourist"

REMARKABLE event in the history of automobilism was the tour of more than thirty Tourist cars from Los Angeles to San Francisco and return, August 12th to 22d, 1908, carrying 94 men, women and children.

This tour differs radically from any previous automobile run in that practically every car was operated by its owner instead of a professional driver, thus demonstrating simplicity and ease of operation, and proving forcibly that the Tourist is an owner's car—so simple in operation and mechanism as to enable the novice to negotiate the severest test to which an automobile could be put.

This more-than-a-thousand-mile-run was successfully accomplished without mishap or accident, and will live long in the annals of automobilism as a glowing testimonial to mechanical genius and constructional ability.

Advertisement for the Tourist car, showing two models: Model "K" and Model "O". Includes text: "The Type 'K' Touring Car that powerful, sturdy Western gear which earned such an enviable reputation the past few years, is a two-cylinder car of remarkable ability."
