**COMPETITION IN
TELEPHONE SERVICE**

**Does Not Offer a CHOICE of BENEFITS
But COMPELS a CHOICE of EVILS;
Either a HALF SERVICE or
a DOUBLE PRICE**

**Will the Telephone Users of Grants Pass Be Wise
and Profit from a Knowledge of the Unfort-
unate Experience of Other Pacific
Coast Cities With the
Double Telephone
System?**

**Read This Letter From a Citizen of San Bernar-
dino, California, Where the So-called Home
Telephone Company Was Given a Fran-
chise Some Five Years Ago.**

San Bernardino, Cal.,
June 4, 1907.
Mr. C. G. Lundblade, Eureka, Cal.
Dear Sir: Yours of May 28th at
hand. In reply will say, yes, we are
in a fight to get rid of our double
telephone system and that fight will
go on until the end for which it
was started shall have been accom-
plished.
Our people have learned from ex-
perience that a double system is the
most absurd institution ever devised
by man. Nothing more senseless can
be conceived. A double system
means in reality a half system. Be-
cause not 3 per cent of residence
owners can afford two phones and
as but one phone gives communica-
tion with but half of all who have
phones, our residents are doomed
perpetually to half service.
My neighbors who pay for the
home phone must come to my house
if they would speak to anyone who
has a Sunset and I must go to my
neighbors if I would call anyone of
half our city who regularly pay for

phone service. Mayor Barton tells
that his neighbors use his phone
about as much as they do their own.
And so it will be with you if your
people are so foolish as to establish
a phone system that necessitates it.
The merchants are, of course, com-
pelled to pay for both phones. This
they cannot escape so long as resi-
dence people must order goods. They
see the uselessness of the thing and
curse it every time they pay double
for service; our grocers and butch-
ers are determined that it shall not
continue.
Our people are practically a unit
against the double system. Had
they known a few years ago what
they have since learned, a proposi-
tion for a second system would not
have been tolerated.
Do not be misled by the fallacy of
"competition." It does not exist.
Each company has its schedule of
prices to which it rigidly adheres
and that is the end of their warfare.
Remember this, it is a thousand
times easier to keep a corporation

out than it is to oust one that has a
foothold.
What the city needs is not poor
service from two systems, but good
service from one.
Yours truly,
(Signed) N. A. RICHARDSON.
GALICE.
Still it rains, river very high, and
no mail.
Manager Cora Mattison of the
Orlo left for Portland.
Tom Brinkerhoff and wife left for
Seattle and British Columbia for a
month's visit.
Miss Robison of the Consolidated
left for Portland the fore part of the
week.
Prospectors seem to be very busy.
Chances are that we will have more
good mines than any part of Oregon
in the near future.
Jackson and Cunningham have
struck it very rich in their quartz
claim. Bashful maids look out.
Tom Emery is slowly recovering
from his recent sick spell.
Dr. DeVore was seen on our
streets a few days ago.
Ike Smith has been a very sick
man but is much better now.
Miss Mattison, the trained
nurse, has been pretty busy lately.
She is as good as a doctor with the
sick.
Sam Call is very sick, and was
taken to town today.
Mrs. J. H. Ward and Georgia, Mrs.
Ike Smith and baby returned home
after two months' stay in Grants
Pass.
Alfa Hawkins and Lee Draugh-
brow went to Grants Pass on busi-
ness.
Mr. Chena of the Carlton group
made a flying trip to Gold Hill on
mining business.
RED WING.
WOLF CREEK NEWS.
We have had a very pleasant
change in the weather in the last
few days. What storms we have had
came mostly in the night, giving us
very fair days.
SAMPSON spray in any quantity, at
Hair-Riddle Hardware Co.
Mr. Hope has his new house com-
pleted and his family ensconced
therein.
Mr. Newman is slowly recovering
from his illness.
Mrs. Newman is ill. Evidently the
excitement caused by her husband's
illness proved too much for her deli-
cate constitution.
Roy Kelley was quite ill last
week with the measles, but is very
much improved at the present writ-
ing.
The "Ideal colony" is still grub-
bing and preparing their land to set
out trees in the spring.
Mr. Noble of Grants Pass was out
last week looking at some of the
mines. He has a machine for sav-
ing flour gold which he is anxious to
put in operation. **SUNSHINE.**

There is more Catarrh in this sec-
tion of the country than all other
diseases put together, and until the
last few years was supposed to be
incurable. For a great many years
doctors pronounced it a local
disease and prescribed local reme-
dies, and by constantly failing to
cure with local treatment, pro-
nounced it incurable. Science has
proven catarrh to be a constitutional
disease and therefore requires con-
stitutional treatment. Hall's Cat-
tarrh Cure, manufactured by
F. J. Cheney & Co., Toledo, Ohio,
is the only constitutional cure on the
market. It is taken internally in
doses from 10 drops to a teaspoon-
ful. It acts directly on the blood
and mucous surfaces of the system.
They offer \$100 for any case it fails
to cure. Send for circulars and
testimonials.
Address: F. J. CHENEY & CO., To-
ledo, Ohio.
Sold by druggists, 75c.

store.

PAGE WOVEN WIRE FENCE

High Carbon Coiled Spring Steel

PAGE FENCE

Made by the Page Fence Co., of Adrian, Mich., and Monessen, Pa.,
and on actual use for 25 years. The Pioneer Woven Wire Fence
of the country, made on the same principle of coil spring, now con-
ceded by the majority of woven wire fence manufacturers to be
the best way. Page Fence has the greatest sale of any fence today
among conservative fence users who prefer the best, High Carbon
Coil Spring Steel Fence made.

PAGE QUALITY

You do not weigh two men to find which is the stoutest,
strongest and best. The same with wire fences. It is not the size
of the wires that counts, or the weight per rod, it's the quality
first, combined with proper spaces, proper number of wires and
height and combined breaking strain of the fence, that counts
great weight. Soft wires mean great freight, higher selling prices
and does not improve the fence. Page wires are twice as stout as
the ordinary fence wire. Come and test them, investigate, it
costs nothing

PAGE WIRE

Is found only in Page Fence. The Page Company makes every
pound of High Carbon Steel Wire used in this famous fence.

PAGE COIL

Every wire in Page Fence is an actual Coil Spring of the very
highest quality—allows for contraction, expansion, easy erection
of fence over rough ground, and shocks animals running into the
fence—neither fence or animal is injured.

PAGE CROSS BARS

Are actually woven into the long wires, making a perfect, solid
fabric. No welds, break, no hinge joints to unwrap, just one
complete cross tie with a perfect knot, no locks or staples or crimped
wires to break.

PAGE SLIDING DOOR TOP

Is the most wonderful invention on any wire fence made today,
and found on certain styles of Page only. These fences will not
bag and sag. You can climb Page Fence, stock can jump on it,
trees may fall across Page and not damage it. No barbed wire is
used above these styles, no hinge joints to buckle and sag.

PAGE SPLICE

The most simple, efficient and best splice made, no tools re-
quired, made in one-fifth the time of any other splice, positively
cannot move splice when fence is erected. Let the fence down, re-
move the splice, roll the fence up, restretch it as before, and enclose
more land. No cutting or lapping in making these splices. Simple,
isn't it?

PAGE TOOLS

Look at the tools you have been using to erect your soft wire
fences, then call and examine Page tools. It takes good tools to
erect good fence.

PAGE FENCE—WHERE TO FIND IT

We have just received 20 miles of Page here at Grants Pass.
Car arrived Monday. Your neighbors have bought most of it, but we
have more and can get exactly what you want. Drop in when you
are in town, and examine Page. Leave your name and postoffice
address and we will mail you direct the new famous "Page Jubilee
Catalog," the most remarkable fence book ever written. Tells all
about fence, from raw material to farm; shows many styles; is
absolutely free.

GADDIS & DIXON The Page Fence Men Distributors for Southern Ore. and Northern Cal Main Office MEDFORD, OR.	J. D. FRANKLIN Local Representative Office with Coron-Booth Hdw. Company 102 6th STREET
---	--

PAGE STYLES

We can quote prices on several scores of styles for every pur-
pose. If we haven't exactly what you want we can get it for you.
Fencing is our business and we want to help you get exactly the
right style of fence in the right place.

PAGE RABBIT PROOF FENCE

Much stress is being placed on this important subject today.
Now is the so-called rabbit-proof fence you are using today or con-
templating buying absolutely rabbit-proof. Have you made a fail-
ure by erecting a so-called rabbit-proof fence and found it does not
turn these pests? Think this over, investigate your fences and
call on us, and price our line of Page.

PAGE FENCE ERECTION

We furnish man and tools and assist in the erection of every
rod of Page Fence at the selling price. We erect Page over the
hills and through the canyons without cutting or lapping, and all
the wires will be of the same tension. We will do this if you are
skeptical. We will be pleased to prove to you that we do this in
all cases. If the fence is not exactly as we represent it, we will take
it down and away. Every rod is fully guaranteed.

PAGE FENCE IN ACTUAL USE

There is in actual use in Southern Oregon today over one-half
million rods protecting the sheep and goats from the coyotes. The
orchards and vineyards from rabbits, and the fields and ranges
from unruly stock. Your neighbors have miles of Page Fence in
actual use.

PAGE PRICES

Don't be misinformed. Call and get prices direct. Cheap soft
wire fences should sell for less. Less material and price is the
only selling point, but if you are figuring on the best, we can sell
you Page Fence for less money, quality considered, than you can
buy fence elsewhere in your country, and we especially invite you
to get Page prices before ordering your fence from the East. Re-
member, we ship in carload lots from the factory and deliver Page
direct to your town.
