while the bride has grown to woman-  
hood in our midst. The happy couple  
has a host of friends who extend best  
wishes. They went to Portland for  
a short trip, and will also visit Mr.  
Ellis' parents at Jefferson.

## DIED.

WILLIAMS—In Grants Pass, Thurs-  
day, April 22, 1909, Thomas Werry  
Williams, aged 75 years, after  
a protracted illness.

Thomas Werry Williams was in  
many respects a remarkable charac-  
ter. He was born in Cornwall, Eng-  
land, where he lived for many years  
and became one of the leaders among  
the Cornish miners and his services  
to his fellow-workmen resulted in  
placing them on a higher plane than  
that occupied previously. While he  
was a leader among his fellows he  
was also a miner and for years fol-  
lowed that calling. After a time  
he met with a mine accident which,  
for the time being, promised to be  
fatal, but a strong constitution en-  
abled him to survive the serious in-  
jury, but he was never able again  
to follow this laborious occupation.  
In the year 1855 he was married to  
Miss Elizabeth Ann Richards, of his  
native county. This proved to be a  
happy union and for the remarkable  
period of 55 years they have lived  
together and brought up a numerous  
family. His widow survives him,  
also four sons and three daughters.  
They are: John H. Williams, Thomas  
Werry Williams, Jr., Samuel Werry  
Williams, Albert Williams, Mrs. Ken-  
dall and Mrs. Thomas Clemo, all re-  
siding in Grants Pass, and a daughter  
who resides in Australia.

During the year 1899 Mr. Werry  
Williams was prevailed upon to come  
to Grants Pass and make his home  
with his children. Arriving here he  
made many friendships and com-  
manded the respect of our entire  
community. He was a man of seri-  
ous convictions and strongly impress-  
ed those about him with truth, honor  
and the high purposes which sus-  
tained him. For several years he  
had been a great sufferer, but his  
kindly disposition and his love and  
consideration for others never for-  
sook him.

His funeral took place from the  
Newman Methodist church Friday  
afternoon, April 23, and was attend-  
ed by a large number of our citizens.  
TOMPKINS—In Grants Pass, Sun-  
day, April 25, 1909, Mrs. Mary E.  
Tompkins, born August 12, 1837,  
aged 72 years.

Mrs. Tompkins was the widow of  
Dr. Isaac Tompkins, who brought his  
family to Grants Pass April, 1893,  
coming here for his health. The  
family purchased a home on Sixth  
street, near the bridge, which they  
have occupied during all these years.  
The doctor died in October, the year  
following his arrival here, leaving  
his widow and one son, Ira S.

Mrs. Tompkins was a woman of  
culture and made many friends in  
her quiet way during her residence  
here. She had been ill for many  
months and on last Sunday she was  
released from pain and suffering.

She will be mourned by her son  
and many friends here and else-  
where. The funeral services took  
place at ten o'clock last Monday  
morning from her late residence.

CLOSE—At Grants Pass Wednesday,  
April 21, 1909, Andrew J. Close,  
of cancer.

The deceased was the father of  
Mrs. Rummell and Mrs. M. J. Gallo-  
way. The remains were taken to  
Eugene for burial.

Our valley was visited by a nice  
rain last Tuesday afternoon that set-  
tled the dust, made the grass grow  
and flowers look refreshed. The  
orchards are blooming out, the oaks  
are leafing, the grain fields look a  
beautiful green, and with the alfalfa  
waving, makes one think of the  
"Good Old Summer Time."

secured a nice bunch of the precious  
metal.

Miss Weston closed a four-months  
term of school last week, and left  
the same day for Washington, to  
join her father who, we learn, is in  
very poor health. Miss Bessie Leith  
has been employed to teach the re-  
mainder of the term.

What will be a new departure for  
Murphy will be the planting of a  
tract of several acres to watermelons  
by the Hayes Bros. We all wish  
them success in their new venture  
for we will go to see them then.  
Yum, Yum, we can almost taste  
those watermelons now.

Saturday, Lucille, the little three-  
year-old daughter of D. O. Hayes,  
met with a very painful accident by  
falling off the lounge to the floor  
and severely injuring her arm. She  
was taken to Dr. Loughridge for  
treatment who found that no bones  
were broken, but the ligaments of  
the elbow were twisted and torn  
loose. She was improving at last  
reports.

they had the "best time ever."

don't stop for the shade of the night.  
Some of the boys played hide out,  
but they were too slow.

The Oriole officials are here from  
Portland. Looks as though some-  
thing may be done in the near fu-  
ture.

veying for the Dean placer mine.

Charley Page, who was taken to

## MILL AT TIN PAN

## GOES TO GALICE

Equipment at Tin Pan Mine to Be  
Taken to the Sugar Pine Mine  
Above Grants Pass.

C. H. Farmer and J. P. Dobbins, of  
Galice, were in Gold Hill last Friday  
afternoon, says the News, completing  
the arrangements of moving the ten-  
stamp mill from the Tin Pan mine  
on Galls creek, to their property at  
Galice. The entire equipment of the  
mill, including motors, battery, cars  
and everything, will be moved to  
their property, the Sugar Pine, where  
it will be put in operation.

The Sugar Pine is known as one  
of the best properties in the Galice  
district. The operators have tapped  
the vein on the 700 and 800 foot lev-  
els and have driven in a tunnel over  
600 feet. They have a vein of tellu-  
rium and silverite averaging from 18  
inches to four feet in width and lay-  
ing between a formation of quart-  
site and porphyry on the hanging  
walls, giving an exceptionally high  
assay.

The task of putting the mill in op-  
eration on this property is no small  
one, owing to the inefficient trans-  
portation facilities, but after the  
work has been completed the opera-  
tors expect great results from the  
Sugar Pine.

Galice is fast becoming known as  
the most important mining district  
in Oregon, and as soon as it has  
become noted in outside financial  
circles, and men of money become  
interested and the development  
properly started, it will rival the  
famous gold fields of Nevada and  
Alaska in every way. Endowed with  
Southern Oregon's incomparable  
climate, it is rapidly proving a pa-  
radise for the prospector. He no longer  
has to brave the dangers of Neva-  
da's deserts nor the storm ridden  
mountains of Alaska in his search for  
gold, but in this district he can ply  
his vocation as comfortably and as  
leisurely as though he was out on  
a summer vacation.

The rose, the sweet blossom that  
grows for our loved ones alone, is in  
bloom in many Grants Pass gardens,  
and these fragrant flowers promise  
this year to excel in numbers and  
beauty all previous years.
