**ARMOUR'S BIG DAPPLE
GREYS ARE COMING**

Prize Winners Will Be Here With
the Sells-Floto Shows.

The Armour Prize Six-horse Team,
which is one of the big features with
the Sells-Floto Shows, will be here
Tuesday, May 18. These immense
prancing prize winners will come in
their own private car. Eight grooms
come with the big equine beauties,
together with "Billy" Wales, the
famous whip, who has chaperoned
these big fellows upon their various
trips abroad and in this country.

The World Famous Armour
Dapple Gray, Prize Winning, Six-
horse team, is owned by the greatest
packers in the world, Armour & Co.,
of Chicago. The superb dapple
greys are valued at \$25,000 and are
known as the international cham-
pions of all the prominent horse
shows.

The beautiful team of gray Per-
cheron geldings, World's Champions,
have toured this country from Bos-
ton to Denver and are now making
a visit of all the principal cities in
the United States with the Great
Sells-Floto Shows. In 1907 they
toured through England and Scot-
land for several months, appearing
at the Liverpool May Day Parade,
the International Horse Show at
Olympia, London, in June; the Re-
gent's Park, London Parade, the
Royal Agriculture show at Lincoln,
England, and later at the same place
by special Royal command of His
Majesty, King Edward VII.

The horses are all gray Percheron
geldings from five to eight years of
age. Big Jim, the high wheel horse,
is regarded as the champion draft
horse of this country, weighing 2400
pounds. This is the highest class,
most interesting feature ever ex-
hibited with any circus.

Death of a Prominent Veteran.

Mrs. C. G. Ament received a tele-
gram from Colorado Springs, Colo.,
on Monday announcing the death of
her father, Thomas L. Sims. Mr.
Sims was well and favorably known
in Grants Pass having spent two
years here, going back to Colorado
Springs three years ago, where he
has since resided. Besides Mrs. C.
G. Ament, Mr. Sims leaves a son, S.
F. Sims, who has been in Grants
Pass a number of years.

Thomas L. Sims was born at Le-
banon, Boone county, Ind., April 22,
1835, and was consequently 74 years
old at the time of his death. He was
a Civil War veteran, having served
three years and six months in Co. H,
57th Ind. Infantry. Few men saw
more in the way of battles than did
this volunteer soldier. He partici-
pated in the battles of Shiloh, Mis-
sionary Ridge, Chicamagua, Look
Out Mountain, Stone River and skir-
mishes too numerous to mention.
In the state house at Indianapolis
is a battle flag carried by Mr. Sims at
Missionary Ridge, on which occasion
it was pierced by 17 bullets. His
many old friends in this city will re-
ceive the news of his death with
sadness.

Dimnick Grange.

Dimnick Grange held an un-
usually interesting session last Saturday
evening, seven-eighths of the mem-
bers being present.

A very interesting program was
rendered and considerable business
was transacted.

Special mention should be made
of the music which, since the return
of our musician, has done much to
enliven the grange hall.

Our next program will be "The
Early History of Josephine County
and the Indians." All grangers are
invited.

The country is adapted to the cul-
tivation of the tomato and here it
attains not only a fine growth but
that royal flavor which makes this
article popular.

Deafness Cannot Be Cured

by local applications, as they cannot
reach the diseased portion of the ear.
There is only one way to cure deaf-
ness, and that is by constitutional re-
medies. Deafness is caused by an
inflamed condition of the mucous
lining of the Eustachian Tube. When
this tube is inflamed you have a
rumbling sound or imperfect hearing,
and when it is entirely closed, deaf-
ness is the result, and unless the in-
flammation can be taken out and
this tube restored to its normal con-
dition, hearing will be destroyed for-
ever; nine cases out of ten are caused
by Catarrh, which is nothing but an
inflamed condition of the mucous
surfaces.

We will give One Hundred Dollars
for any case of Deafness (caused by
catarrh) that cannot be cured by
Hall's Catarrh Cure. Send for cir-
culars free. P. J. CHENEY & CO.,
Toledo, O.
Sold by Druggists, 75c.
Take Hall's Family Pills for con-
stipation.

GALICE.

Very warm weather and very dry.
The placer mines will soon have to
shut down for the water is getting
low.

Galice and Merlin are to play base
ball on the 9th. This is the first
game of the season. There will be
a dance on the 8th at Galice for the
profit of the game. Everybody in-
vited.

Polly, the man that got blown
up by powder less than a month ago,
is back home and looks fine. He
was a lucky man.

Henry Brizle has made a rich find
on Howard creek. He says the de-
composed quartz pans 15 to 25 cents
to the pan.

Three men from Gold Hill passed
through going to Illinois on a pros-
pecting trip for the summer. They
are old-time prospectors.

The contractor is here to put in
two miles of road to the Oriole. He
brings his men from Salem to do
the work.

Short singletrees, just the thing
for working in your orchard, at
Hair-Riddle Hardware Co.'s.

M. J. Anderson, the Forest Super-
visor, is looking after Uncle Sam's
affairs this week. Messrs DeWitt and
Young have a station here and it
keeps them busy as it is a big coun-
try to look after.

Ike Smith and Frank Colvig beat
the record coming from Grants Pass
to Galice in a boat. They made the
trip in 3 hours and 45 minutes.

Everybody is home again from
court, camp is quiet, all are law-
abiding citizens.

The Jackson family will soon dis-
band on account of the hot weather.
There will be several orphans that
will lose their happy homes. Jack-
son and Cunningham will leave for
parts unknown with their dogs and
gold pans.

Dr. Smith, of Gold Hill, has rented
a building and is gone after supplies
for a drug store, which is much
needed. We wish you success, doc-
tor.

Garden hose at Hair-Riddle Har-
dware Co.'s.

The near beer joint is something
of the past. Everybody seems to
think we have done well to remove
it so soon.

RED WING.

SELMA NEWS.

Building telephone lines seems to
be the order of business. J. L. Han-
sath, secretary of the rural line, has
a crew of men constructing the
trunk line between here and Grants
Pass.

Garden hose at Hair-Riddle Har-
dware Co.'s.

D. H. Wimer, proprietor of the
Enterprise Hotel, went to Grants
Pass Friday, returning Saturday.

Both sawmills are running full
blast this week employing about 60
men.

Mrs. J. C. Hathaway arrived in
Selma a few days ago en route for
Dryden where she will visit relatives.
Grandma is 89 years old and as
spry as a cricket.

Lincoln Savage repaired his bike
at the enterprise Hotel one day last
week. He was on a return trip from
the Illinois valley, where he had been
entertaining schoolma'ams.

Rev. A. T. Shoemaker and wife
will attend the State Grange at
McMinnville next week as delegates
from the Deer Creek grange.

The band boys are preparing to
give a band social in the near fu-
ture.

Walter C. Harmon, of Grants Pass,
is moving his family into the "Cox"
house, where they will reside for the
summer, while Walter is looking
after his saw mill business.

SCHOOLMA'AM.

**TRY THE MONEY-BACK
CURE FOR INDIGESTION**

Nine cases in ten stomach derange-
ments are responsible for sallow com-
plexion, dull eyes and thin body.

It is the stomach that supplies
nourishing blood to the muscles, the
nerves and the skin. If the stomach
is healthy, plenty of nutritious mat-
ter will be absorbed in the blood. If
it is not healthy, the food will fer-
ment, and undigested, will pass
along through the bowels, furnishing
so little nutritious matter that the
blood becomes impoverished and the
glow of health vanishes.

If you suffer from nervousness,
sick headache, belching of gas, sour
taste in the mouth, heaviness after
eating, or any other miserable stom-
ach disturbance, you need M-I-O-N-A,
and the sooner you get it the quicker
you will be healthier and happier.

It will relieve any distressed stom-
ach condition almost immediately.
It will cure if used according to di-
rections. Demaray sells it for 50
cents a large box, and he thinks
enough of it to guarantee it to cure
indigestion.

The mines of Josephine county
help to swell the volume of business
done at Grants Pass. The miner
creates a market for the products
of the farm.

**HARD WORK AMONG
JOSEPHINE CO. FARMERS**

Thorough Methods Employed in
Planting Both Orchards and
Vineyards.

It is a noticeable fact that the peo-
ple of this county are deeply interest-
ed in the improved methods of plant-
ing and managing orchards, vine-
yards and small fruit farms. This
was illustrated by the demonstration
train when it visited Grants Pass a
short time ago. We have a strong
fruit exchange here and it would not
be amiss for this organization to
make arrangements for a series of
talks on these subjects. True we have
had Prof. O'Gara here and he at that
time promised to come again but has
not done so. Our neighbors in Jack-
son county are alive to the impor-
tance of help from both the agricul-
tural department at Washington and
our own agricultural college and it
behoves us to follow the example
of the fruit growers of that county
and provide ourselves with all the
help that we can secure from both
of the institutions mentioned.

There is great activity on the
farms of this county at the present
time. The increased acreage in
cereals and the planting of apple,
pear and other fruit trees and set-
ting out of a large number of grape
vines has kept our farmers and fruit
growers very busy this season.

One of the favorable signs of the
times in the care with which tree
and vine planting is conducted. Last
year there were many acres in fruit
improperly planted and the result
was a great loss to the owners. This
year much care has been taken in
planting and a part of the work has
been done by experts. All this will
result in a very small percentage of
loss in trees and vines. The many
who have been putting out vineyards
and orchards have been new in the
business and consequently without
experience but they have been study-
ing the problems of fruit cultivation
and have found out that it pays to
follow practical methods, and this,
it is safe to say, will result in suc-
cess in both orchard and vineyard.

As Usual

Page Fence Leads

Four Carloads delivered last week

THERE IS MORE PAGE FENCE SOLD IN THIS COUNTRY THAN
ALL OTHER MAKES COMBINED—THERE IS A REASON

BEST WIRE, BEST STYLES, MOST REASONABLE PRICES

**Page Rabbit, Stock and Poultry
Fences**

LEADS THEM ALL AND WE CAN PROVE IT

Why pay almost as much for a soft, flimsy wire fence that the manufac-
turers insist for "protection against stock, three, four or more strands
of barbed wire" should be stretched along side the so-called rabbit fence
to protect the hinge joints and trip hammer kinks from injury by stock,
when you can buy a real

54-Inch PAGE Rabbit-Stock FENCE

A fence that is all fence—able to protect itself, stands the enormous com-
bined breaking strain of over 17,000 pounds, requires fewer posts, has 5
spacings at the bottom of only 1 1/2 inches, next spaces only 2 inches and
so on up. We assist in the erection of and guarantee every rod to be
superior to any fence of this style sold in this country—and this fence
sells for

ONLY 66c. PER ROD

Remember that fencing is our business and if we have not what you
want we can get it for you.

Investigate all other fences then call and let us prove to you the vast
superiority of PAGE FENCE and get our prices.
