### E-RU-SA—The Only Lawful Pile Cure.

Because E-RU-SA CURES PILES, and DOES NOT contain narcotics, mercury, cocaine, lead or any poisonous drug. U. S. Dispensary recommends every ingredient of E-RU-SA. Drug laws make "false and misleading statements" a crime. Therefore, the sale of all other or narcotic pile medicines is illegal because they affect the brain and spinal marrow, produce constipation and never cure. E-RU-SA is not for sale at opium joints. Only druggists of highest standing sell and endorse E-RU-SA. National Drug Store, Clemens, Sabin's Drug Stores, Grants Pass, Ore.

### Oregon, the Land of Opportunity.

The following editorial taken from the Evening Telegram of Portland contains suggestions of great importance which should be read by every citizen of this county. Oregon should have a population of more than 5,000,000,000 of people. Our orchard lands, mines and lumber interests will justify this statement:

"Oregon is truly a land of opportunity, yet the fact is just becoming known imperfectly to the nation at large. Stump land now worth \$5 to \$35 an acre hides the future orchard that will be worth \$800 to \$1000. Rich river bottoms and slopes, either wastes now or pastured at little profit, are the future truck and garden farm, the berry patch and the small orchard. Verdant hills that never shed the green mantle outline to the observer the greatest dairying and livestock district of the world.

"Who knows this? Only a few. Have the thousands of thrifty, prosperous American farmers rushing to the Canadian Northwest heard the orchard story? We fear not. Has the scientific horticulturist of the Middle West, where frosts, drouth and hot summer winds attack his fruit alternately, been told properly of Oregon's latent orchard wealth? Surely not, else he would have come before. How many of the busy nation realize that there are 4,000,000 acres of peerless fruit land in this state, an area capable of producing the choice varieties of the whole country, which land when properly planted yields from \$400 to \$1400, gross, per acre each year? Certainly few as yet. Does the average investor grasp the wealth of this timber paradise, this balmy home for livestock, this land that has rich soil, moist airs and tempering breezes? He cannot and give them so little attention.

"Good work is being done but not enough. Something more effective is needed. The state must have more graphic description, more wealth of fact. Living, irrefutable examples must be held up continually. Every great success must be dinned into the Eastern ear every day of every month. All of the people of all the state would have to feel the promptings of this duty, and never fail to herald Oregon as the land of unnumbered opportunities."

### Sell Liquor, Go to Jail.

This was a bad day for Pendleton bootleggers, three of them having been arrested, prosecuted, convicted and sentenced to jail in short order. One of them was serving his sentence within an hour after the commission of the crime. One of the trio is a white man, one a half-breed and one a negro. They are James Myers, Frank Parr and Rufus Fletcher.

Fletcher, the young colored man, made the mistake of delivering the bottle of booze to the wrong Indian woman. A similarity of size and shawl proved his undoing, for the squaw to whom it was delivered being a Carlyle graduate and a respectable Indian, promptly turned the firewater over to the police. The arrest and conviction was but a matter of minutes. A fourth bootlegger is under suspicion and will probably be arrested tomorrow.—Oregonian.

### TRY THE MONEY-BACK CURE FOR INDIGESTION

Nine cases in ten stomach derangements are responsible for sallow complexion, dull eyes and thin body. It is the stomach that supplies nourishing blood to the muscles, the nerves and the skin. If the stomach is healthy, plenty of nutritious matter will be absorbed by the blood. If it is not healthy, the food will ferment, and undigested, will pass along through the bowels, furnishing so little nutritious matter that the blood becomes impoverished and the glow of health vanishes.

If you suffer from nervousness, sick headache, belching of gas, sour taste in the mouth, heaviness after eating, or any other miserable stomach disturbance, you need Mi-o-na, and the sooner you get it the quicker you will be healthier and happier.

It will relieve any distressed stomach condition almost immediately. It will cure if used according to directions. Demaray sells it for 50 cents a large box, and he thinks enough of it to guarantee it to cure indigestion.

### Elks Herd at Roseburg.

On Saturday, soon after noon, the special train of the B. P. O. E., Ashland to Roseburg, stopped for a few minutes at Grants Pass to take on members of the order and to allow the excursionists to mingle with the local herd. The train was composed of three coaches and one baggage car, all appropriately labeled with purple banners. The Ashland concert band and also the Ashland Chinese band discoursed music and the purple goat was given an airing.

They picked Dr. Flanagan, C. E. Harmon, Jno. Russell, W. E. McGrew, Tom Gilmore, A. Fetsch and D. W. Hurn and then proceeded to Roseburg where they were met by thousands of Douglas county citizens and visitors and given a royal welcome extending far into the night.

The Ashland team had charge of the stunts and it is safe to say that the "branding" was done in the most approved manner.

The Roseburg Strawberry Festival of which Saturday was the closing day, was the most successful event in the city's history and hospitality was dispensed which will be long remembered.

The Brotherhood Convention. Portland Presbyterians are putting their best foot forward in their effort to get ready for the Brotherhood Convention, June 8 and 9. The Portland Commercial Club has been secured for the opening event, which will be a banquet, or fellowship supper. Mr. Robert Livingston, one of the well-known citizens of the state, will preside. It is expected that W. W. Cotton, general attorney of the Harriman lines in Oregon, will give an address of welcome. Wallace McCamant, of the Portland bar, will speak upon "The Appeal of Historic Presbyterianism to the Men of Today." The moderator of the General Assembly will probably be present and will respond to the sentiment, "The Presbyterian Church of Today." President Charles S. Hoyt, of Chicago, will speak on the "Presbyterian Brotherhood."

The convention theme will be the claim of the church upon its men. "The Man and His Master," "The Man and His Minister," "The Man and the Family Altar," "The Man and the Bible School," "The Man and the Boy," "The Man and His Community," "The Man and Education," "The Man and Missions," "The Man and Personal Evangelism," will be presented by some of the leading Presbyterians of the state. Among the speakers are: A. C. Schmitt, of Albany; J. F. Ewing, E. C. Herlow, Judge E. C. Bronaugh, Dr. J. R. Wilson, Jesse J. Ross, all of Portland; R. B. Morton, of Pendleton, and W. P. Cragin, of McMinnville. A round table conference and open parliament will be conducted by the national officers. Wednesday evening a popular mass meeting will be addressed by Dr. Landrith and President Holt, and Dr. Foulkes, of Portland, the latter speaking upon the theme, "The Pacific Presbyterian Brotherhood."

### State Convention of County Officers.

On June 7 next there will be held in Portland a State Convention of County Commissioners and County Judges, a movement which has just been started for the instruction of these officials and to secure concerted action in the various public improvements which come under the direction and discretion of the county courts. It is to be hoped that the Josephine county commissioners and judge will be able to attend this convention. This is a most important matter to the people of all the counties of the state. These conventions have worked great good in other states and will in Oregon if our county judges and commissioners all attend.

### Banquet to Japanese Officers.

The Japanese visiting fleet is in Puget Sound and has been invited by the Chamber of Commerce of Portland to that city, but Rear-Admiral Ljichi declines to take the fleet so far inland but has accepted the invitation for himself and twelve of his officers and promises to arrive in Portland on the morning of June 7. The Japanese residents of the city will take the party in charge on their arrival and in the evening the Chamber of Commerce will banquet them at the Hotel Portland. The president of the chamber says that the banquet will be open to all members of the organization and that few, if any, invitations outside of the membership will be extended. It is claimed that the banquet will be no ordinary affair. The Portland Chamber of Commerce has the good taste and its members have the money to give the officers of the Japanese fleet a proper reception and banquet. The people of the state of Oregon will be pleased with the courtesy extended to these visiting strangers.

### Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O.

Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

### The State Grange.

McMinnville, Or., May 13, 1909. Editor Courier: The State Grange convened May 11, with representatives from all the twenty-four counties that have granges except Crook. There is great enthusiasm and much earnest work being done. Jackson county has one delegate, Josephine two; the worthy overseer is from Deer Creek. McMinnville gave us a royal welcome and are doing everything possible to assist us and make our visit pleasant. The reception at the Imperial Theater was most enjoyable.

Several measures are being discussed that will be of great benefit to the state, for the same influence the Grange has brought about in the legislature before will be exerted again and if measures for the public good cannot be reached through our present representatives they will be invited to stay at home.

This convention is no child's play, but a band of earnest workers for the public good. Three discussions the delegates from Josephine county per day and committee work between.

The delegates from Josephine county have been placed on the following committees, some of which have reported while others are still at work: Education, Agriculture, Division of Labor and Conservation of Water Supply.

We leave for Illinois Saturday. MR. and MRS. H. B. ALVERSON, Delegates from Josephine County.
