Standing of the Teams.			
	Won	Lost	Pct.
Grants Pass.....	3	1	.750
Central Point.....	2	2	.500
Medford.....	2	2	.500
Jacksonville.....	1	3	.250

Sunday's scores—Grants Pass 11, Jacksonville 0; Central Point 6, Medford 5.

Grants Pass 11, Jacksonville 0.

The above tells the story of Sunday's ball game at the local enclosure, when Grants Pass made it three straight by taking Jacksonville into camp to the tune of 11 to 0. The locals were all there with the big stick and the way they slugged the sphere around that lot was something fierce, their batting alone would have won the game by a good margin without the aid of Jacksonville's errors. The boys are sure coming up and playing some ball, playing the same old game that always did and always will win, and if they keep it up there will be nothing to it—the pennant for 1909. They're on top now and ball playing like last Sunday's exhibition is about the only thing that will keep them there. Osborne pitched the record game of the season, nobody walked; 7 batters smote the air thrice, and up to the ninth, no hits were scored off him. C. Wilson, the first man up in this inning, was an easy out; and S. Wilson, next up, made the only hit Jacksonville was able to get. The next two men fanned. Thrasher, "the man behind," was there too, and one thing that makes a pitcher happy is to know there's something behind the bat that's going to stop the ball. Jacksonville wasn't playing the game they usually put up, and their errors all came where they counted the most; it was sure a hard-luck game for them. Grants Pass made a few errors too, but they were so few and far between that they didn't count.

The Score.
Grants P. 0 1 0 2 0 1 4 3 —11 10 5
Jack'ville 0 0 0 0 0 0 0 0 —0 1 8
Batteries—Grants Pass, Osborne and Thrasher; Jacksonville, Wilson and Wilson.

COMMERCIAL CLUB REGULAR MEETING

Considerable Business of Importance Transacted on Monday Night.

The Commercial Club held its regular monthly meeting at the club rooms on Monday evening, June 14. There was considerable business of importance transacted. First came reports of committees assigned to do the work of getting up the Fourth of July celebration. This shows that we may expect a large celebration.

The new furniture for the reading room was reported to have been purchased and is now on the way to Grants Pass. In consequence of the Rose Festival to be held on Thursday and Friday it was found necessary to postpone the trip to Galice and Merlin until next Monday and Tuesday. The party is to leave here in carriages at 5:30 a. m., to take breakfast at Merlin at 7 o'clock. After a short visit at that place they will go on to Galice where they will

be received by representatives of the prominent mines of the district. The return trip will be made on Tuesday afternoon and evening. The following committee was appointed to have charge of the details of the excursion: C. G. Coutant, M. J. Anderson, H. L. Andrews and C. L. Clevenger.

A. D. Coon, recording secretary of the club, presented his resignation, giving as his reason that he had moved to the country and could not do the work. This had placed so much upon the shoulders of the manager, or publicity secretary, that Mr. Coon believed it best to resign. H. L. Andrews was elected to fill the vacancy and will serve as recording-secretary of the club, while the publicity work will be done as heretofore by the manager of the publicity committee.

WITH THE CHURCHES

St. Luke's Episcopal Church.
Sunday services: 8 a. m., celebration of the Holy Communion; 10 a. m., session of the Sunday school; 11 a. m., morning prayer, litany and sermon.

The evening service will be omitted to allow Mr. Bartlett to conduct services in Ashland.

First Christian Science Society.
Christian Science services will be held Sunday at 11 a. m., June 20, 1909, in W. O. W. hall. Subject, "Is the Universe, Including Man, Evolved by Atomic Force?" Wednesday evening meeting at 8 p. m. in same hall. You are cordially invited to attend.

First Baptist Church.
Sunday, June 20, the pastor hopes to secure either James Edmunds or Pres. Riley to preach. If they do not, the subject of the morning sermon by the pastor will be "What I May Expect from God;" and evening sermon, "Vessels." Bible school meets at 11:45. The Young People's service is to be led by Geary McCracken. A cordial invitation is extended.

The dust is gone, time to paint. Use Patton's Paint. Buy it of Cramer Bros.

Balky Benzine Buggy.
Truax says 'taint so and Presley says 'tis. Truax calls Presley's auto a "wagon" and Presley declares that is not what Truax called his own machine when it would not go Monday evening. Presley says Truax's family had to walk home, he had to haul the Truax auto home, and Truax did some tall talking, and all because a spark plug wouldn't work. We hardly know whether to believe this or not. Presley says it's gospel.

More Canned Pears Go East.
The Grants Pass Canning Co. on Wednesday shipped another car load of canned Bartlett pears, this car being billed direct to New York City, to C. F. Leggett & Co., jobbers.

It is gratifying to know that we are in touch with a first-class market for our cannery products.

We understand that an effort is being made to arrange for the operating of the cannery during the present season.

C. L. Starr, secretary of the board of state tax commissioners, and also of the board of normal school regents, was in the city last Saturday and called on County Assessor Pollock to urge the increase of the assessment valuations. Mr. Starr was also giving publicity to the Salem Cherry Fair to be held in that city July 16, 17, 18.

Hot-pan Lifters at Cramer Bros.

GREENBACK WILL RESUME OPERATIONS

We learn from reliable sources that the Greenback mine, 20 miles north of Grants Pass, which has been one of the great producers of the country but which was shut down a year ago, is soon to be put in operation again by its old superintendent, Cary W. Thompson, who has taken a bond and leases on the property and will work it with a large force as soon as the mine can be re-timbered and some dead work done. There is a fine 40-stamp mill on the property and a first-class cyanide plant. This property has paid to the shareholders \$1,200,000 and has paid a gross revenue of nearly \$3,000,000.

There is abundant capital to reopen the mine and the general impression of mining men who are well acquainted with the property is that this will again become a great producer. As soon as all things are in readiness a force of 50 men will be taken on and mining in a regular way will be resumed. We also learn that the old foreman of the mine, Mr. Anderson, who had charge for eight years or more, will occupy his former position.

The resumption of work on this popular property will be good news to everybody in Grants Pass. The Greenback in its palmy days distributed among the business houses of Grants Pass considerable sums of money annually. The new element in our population can hardly realize that Grants Pass was built up by properties like the Greenback and the placer mines of the county. They would be astonished if told that in the old days this volume of trade amounted to fully half a million dollars annually.

During the past twelve months mining in this county has made a new start and this year promises to be a revival of the palmy days of the past. The business men of this city fully realize that our mining interests are looking up and that the future of Josephine county is to be closely connected with this industry.

BAPTIST ASSOCIATION IN GRANTS PASS

Was in Session Wednesday and Thursday at the First Baptist Church.

The Rogue River Baptist Association convened in annual session in the First Baptist church in this city on Wednesday morning, some thirty out-of-town people being in attendance. Rev. G. L. Hall, of Medford, was selected as moderator; Miss Martin, of Medford, clerk; and Mrs. Merley, of Ashland, as treasurer. From the opening sermon by Rev. F. W. Baker, the program was well carried out. Miss Millsbaugh, of Portland, representing the woman's societies took charge of the woman's session to the delight of her many friends in this valley. In the person of Rev. C. A. Woody, D. D., superintendent of missions for the Pacific Coast, we were given a Christian statesman's view point. Dr. David Downie and his wife for 38 years missionaries in Nellore, India, captured every member of the convention.

An unusual feature of the meetings was the "Association Supper." Arthur Conklin fittingly served as toastmaster. Seventy people sat down to the excellent supper. Among the toasts was one by Rev. G. L. Hall, "The Marthas;" Rev. W. H. Eaton, "Impressions of a New Comer;" Thos. Gordon, "Bringing Things to Pass;" Mrs. Caldwell, "Our Sister Churches;" H. T. Hull, "Hulled Corn;" Rev. F. C. Lovett, "Why I Got Married."

For the last day of the convention Rev. F. C. W. Parker, of Portland, spoke for our state work and President Riley, of McMinnville, for our college. The Young People and S. S. sessions, conducted by Prof. Smith, of Medford, and R. H. Hackett, concluded the day sessions of a good gathering.

Irrigation Steel Pipe.
The pipe for the irrigation pump at the dam is being hauled up on both sides of the river. The pump is in readiness and the additional pipe which they have been waiting for to supply the last 120 feet to reach the intake of the 200-foot ditch will be in place and ready for pumping sometime on Saturday.

The pipe to go to the dam on the south side is being hurried forward without delay. Ten joints of 20-inch pipe, 16 feet long and weighing 400 pound each, are carried as a load on an ordinary freight wagon.
