**WOLF CREEK NEWS.**  
 The rain helped the farmers a great deal, wetting the ground so they could plow.  
 L. E. Miller returned to his home at Golden after spending several months at Kennett, Cal.  
 Mrs. U. Miller left for Kennett, Cal., last week to stay a short time with her son, whose wife is seriously ill.  
 Roy Jordan is working for his sister, Mrs. A. I. Rogers.  
 Messrs. Joe Huber and James El-Hott, of Grants Pass, spent Sunday in our vicinity.  
 Messrs. Shaver and Chas. Smith, of British Columbia, are visiting the latter's sister, Mrs. O. C. McIntosh, of Golden.  
 L. E. Miller visited your city this week.  
 E. E. Loban has returned after an absence of several months.  
 Mrs. A. Rogers made a business trip to Grants Pass last week.  
 Orin W. Weir, of Dallas, Tex., passed through here last week. Mr. Weir and his brother decided to settle a controversy over some land by a walking contest, when seen here he was three days ahead of his brother.  
 Mrs. W. Davis has been quite ill since the last writing. **SUNSHINE.**

**The Best Plaster.**  
 A piece of linnell dampened with Chamberlain's Liniment and bound on to the affected parts is superior to any plaster. When troubled with lame back or pains in the side or chest give it a trial and you are certain to be more than pleased with the prompt relief which it affords. This liniment also relieves rheumatic pains and a certain to please anyone suffering from that disease. Sold by M. Clemens.

**JOSEPHINE CREEK.**  
 A portion of the Gold King mine is leased for this season and four men are working on it at present.  
 The Anderson strike at the head of Day Gulch is proving to be a wonder. There is a rumor afloat that they have uncovered a large body of rich ore and ground has been taken up with prospect for a large camp this winter.  
 Ed Daily is busy this week putting in his wheat and oats. The fine rain of the past week has given the farmers the opportunity on the Illinois valley and they all wear that glad smile.  
 Gus Anderson has hauled the lumber for the new flumes on his placer mine which will run with a large force of men this winter.  
 There are a few placer claims on this creek to be leased yet, then we would have a boom camp and Josephine would be a camp as of old.  
 It is rumored that M. J. Anderson has agreed to donate one hundred and fifty dollars towards putting a bridge across the Josephine creek, which would mean a big boom to men owning claims on the south side and it would give them a chance to

haul in their supplies which at present have to be packed.  
 Ed Daily received a letter this week from Detroit, Mich., stating that Peter Reiser died there and was buried October 4, at Detroit. He was a resident of Kerby in the years of 1884 or 1886. His father landed here in 1849.  
**Where the Supply Comes From.**  
 A recent article in N. A. R. D. Notes shows how the mail order houses secure some of their so-called wonderful bargains. A state factory inspector says:  
 "While going through one of the large buggy manufacturing plants of the United States I noticed that the perfect spokes, hubs, fellos, etc., were placed in one place, and the knotty, imperfect ones in another. My friend, the manager, in explanation, said: 'Oh, these knotty ones go into buggies for So & So, the big mail order house—you can't tell the difference after they are painted.'  
 The honest retail merchant doesn't sell that kind of goods—his goods are all first-class, and his prices are right, too—quality considered.  
 Kodol is for Dypesia, Indigestion, sour stomach, or for any stomach trouble. Kodol is very pleasant to take and it acts promptly. It digests all the food you eat, for it is composed of the very same digestive juices that are found in a healthy stomach. It is guaranteed to relieve you and is sold here by all druggists

**BLIZZARD SWEEPS GREAT LAKES STATES**  
 Michigan and Superior Lashed Into Mad Fury by Piercing Northern Gale.  
 CHICAGO, Oct. 12.—While the Atlantic and Pacific Coasts are basking in sunshine, the Middle and Middle Western States find comfort in furs. The first chilly blasts of winter have swept a section from Manitoba to Kansas and from West Virginia to Colorado. Most of the states within this radius are covered with the first snowfall of the winter, and accompanying the white flakes was a piercing north wind that cut to the bone.  
 From Manitoba comes the report that the mercury has fallen to near zero; that snows covers a large portion of the province to the depth of three inches. The blizzard has raged in Duluth for two days. A cutting wind is driving in from Lake Superior and the constant flurries of mixed snow and rain have covered the streets and sidewalks with a thin coating of ice, giving the city a December appearance. In Detroit the temperature hovered between 20 and 40 degrees above zero. A 20-mile wind prevailed. Points in Ohio, Indiana and Illinois report a drop in temperature to from 40 to 20 above zero. Everywhere there is snow. At Omaha, Lincoln and Norfolk, Neb., the mercury stands at 22 above. Des Moines and other places in Iowa are covered with snow and the northern gale has sent the thermometer down to between 30 and 22 above the zero mark. In Kansas City, Mo., it stood at 28 above. Other places in Missouri report the arrival of winter. Kansas prairies have taken on a robe of white and the Sunflower state has put up its storm shutters. Oklahoma and the Texas panhandle are shivering. All of Wisconsin awoke this morning to sweep paths through a six-inch snow. The temperature throughout the Badger state ranges from 10 to 30 above. A howling north wind raged all night.  
 The gale lashed Lakes Superior and Michigan into a fury. The mad waters washed the decks of the larger steamers, and anxiety was felt for smaller craft, but aside from a few tug and tow boats dragging their anchors until they reached the beach no damage is reported.  
 Throughout the fruit district of Colorado business in the towns is suspended to allow the clerks and other employes to help put the \$1,000,000 apple crop out of frost's way. Last night an overcast sky saved the fruit, and by tomorrow the largest part of the crop will be safely stored.

**A Development League Organized.**  
 The Globe, of Gold Beach, gives the following account of an important meeting held there last week.  
 "A citizens meeting was called here last Saturday evening for the purpose of organizing a development league. A good interest was shown, being about 40 citizens present, including the representatives from different points as far up the Rogue as the Bend and as far south as Harbor. All were enthusiastic in the belief that nothing would prove so beneficial to the county in general, as a few dollars spent in this way in advertising the many wonderful resources of Curry. Judge Bailey was elected president, W. A. Wood secretary and Alf Miller treasurer.  
 "A committee was appointed consisting of W. A. Wood, R. A. Dean and J. R. Browning, to draft by-law and report next Saturday evening. A cordial invitation is extended to every citizen of Curry no matter where he lives or what his occupation or politics may be, to join us, and help in the one great cause of advancement of Curry. We earnestly hope that all personal feelings and petty differences throughout the county will be put aside and all join hands in this one great cause, and work as one united until our efforts are crowned with success and Curry's population is counted by the thousands instead of the hundreds, as is now the case.  
 "One of the first projects to be undertaken is a wagon road up the river to connect with the forestry trail, now only a few miles from the Curry-Josephine line.  
 "Josephine county has already spent over one thousand dollars on the project and the government has expended several times that amount besides many individuals contributed liberally towards it; and why not Curry and its citizens do likewise? With a concerted effort on the part of Curry and Josephine united with the forestry service would, we believe, be any easy matter to get state aid, but it is up to the people first to unite and then show to the world what resources would be developed by such a project. Let the thousands of home-seekers in the eastern states know what a gigantic fruit district is still wrapped in nature's beauty. What a mineral belt this road would traverse. Our inviting beaches, through the summer months, would be lined with thousands of sun-baked people from the interior that now go elsewhere for their summer vacation. Let us provide a way for people to get into our county and then invite them to come and enjoy the richness of our climate and soil."

**NATURE'S WARNING.**  
 Grants Pass People Must Recognize and Heed It.  
 Kidney ills come quietly—mysteriously.  
 But nature always warns you.  
 Notice the kidney secretions.  
 See if the color is unhealthy—  
 If there are settlements and sediment,  
 Passages frequent, scanty, painful.  
 It's time then to use Doan's Kidney Pills.  
 To ward off Bright's disease or diabetes.  
 Doan's have done great work in this locality.  
 P. S. Provost, cor. Mead and Vista streets, Ashland, Ore., says: "I used Doan's Kidney Pills and they gave the most satisfactory results. For a long time I suffered from kidney trouble and the too frequent passages of the kidney secretions gave me great annoyance. My back ached severely and the remedies I tried gave no relief. I did not have much faith in Doan's Kidney Pills when they were recommended to me but procured a box. In less than a month I was much better. I feel I can recommend Doan's Kidney Pills to others suffering from kidney complaint."  
 For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.  
 Remember the name—Doan's—and take no other.
