Price 25c. per bottle and \$1.00 per bottle. Sold by National Drug Stores.

APPORTIONMENT OF THE COUNTY SCHOOL FUNDS

County School Superintendent Lincoln Savage has made the following apportionment of school funds of the county, the total amount being \$18,248.40. Each school district receives \$190 and \$4.30 per scholar in attendance, besides \$5.00 for the return of teacher's institute certificate, which is evidence that the teacher of the district has attended a session of county or state institute during the year. There are 74 teachers engaged in the county, but only 42 certificates were turned in, indicating that many teachers did not attend institute or the school clerks were negligent of their duty in sending in the certificates.

The apportionment is as follows:

No.	Amount	No.	Amount
1.....	\$ 647.20	24.....	\$664.70
2.....	310.70	25.....	139.44

FOOTINGS OF THE TAX ROLL FOR 1909

Assessor Pollock has made the extensions and footings of the tax roll for Josephine county and it shows some interesting figures, among other things that the assessed valuation is this year \$572,788 more than last. The valuation of the roadbed of the Southern Pacific railroad company has been placed at \$35,000 per mile, an increase of \$5000 per mile; and the rolling stock has been increased \$3000 per mile. This is in accordance with the rate in Jackson and Douglas and several other counties. The Southern Pacific company is making strenuous objection to this valuation and declares it will take it to court before they will pay this amount, but all the counties are holding firmly to this amount of valuation.

The value of taxable property in the county is placed at \$8,785,550. The footings are as follows:

Acres cultivated land.....	19,476

A LONG LOST BOY COMES TO LIGHT

Dave Hulbert, Who was Thought to Have Perished Ten Years Ago Is Found.

A telegram dated at Georgetown, Cal., about the last of September says Dale Hulbert, a daring slack-wire performer, who has not been heard from by his relatives and friends in Georgetown for over ten years, has been located by a piece of news in Thursday's Bee, which stated that he had made several aeroplane flights recently in Switzerland with a novel flying machine. Many of his friends had given him up for dead years ago, as the last heard of him he was floating down the Mississippi river on a flatboat, which he had purchased for hunt-

ing and fishing purposes in the spring of 1899. Dave Hulbert is one of two sons of Horace Hulbert, an ex-newspaperman who lives near Grants Pass. The other son was sent by the government to the Philippines as an electrician and gained considerable notice by inventing a small wireless telegraph instrument to connect the land with sea-going vessels.

MERLIN.

Many of the residents of Merlin and vicinity attended the reception and dinner given by the citizens of Grants Pass through the Commercial Club. All who were there are warm in their praise of the business men, not forgetting the women, for their cordial and pleasant entertainment. Milt Reynolds has a happy smile these days, having learned that it is possible for him to put his farm under irrigation from the creek. He intends beginning at once in order to have the water on in time for next year's crops.

Chas. E. Short returned last week from Salem where he has been engaged in some special work for the Southern Pacific for the past month. James Haven is completing a neat little cottage to replace the old house which he recently tore down. Butcher Reynolds is spending a week in the mountains trying to overcome a cold. Should a bear or deer happen his way, he has a gun along with which to supply camp meat.

A freight train collided with a cow and calf belonging to Charles E. Short Tuesday morning, killing both animals.

Postmaster Gull received a letter this week from a man upstate inquiring whether the postoffice at Merlin is for sale. People elsewhere are willing to buy anything that is offered here.

The rain last week amounted to almost a downpour and the ground is in prime condition for plowing.

A meeting was held Sunday evening at which an organization was formed for the purpose of holding Sunday evening services at the Baptist church. A course of study is being prepared in which the young folks especially are highly interested.

The old folks have called a meeting for the purpose of organizing a club for the winter. It is probable that it will be in the nature of a literary society, but once started there is no telling what it will include.

Fruit Inspector Burke was down from Grants Pass last week and notified orchard owners that they must clean up their trees and keep them clean.

James Abell, who recently purchased a ten-acre tract of land, is clearing preparatory to putting out strawberry plants.

GALICE.

J. C. Mattison, superintendent of the Orleio, made a trip outside the first of last week.

The freight teams are hauling pipe through here to the Orleio, where they are putting in a big pipe line to run the air compressor.

Judge Jewel and wife, of Grants Pass, were visiting friends in Galice last week.

Miss Edna Keith, of Merlin, is visiting her brother and friends this week.

Miss Georgia Ward made Grants Pass a visit of a week. Had a big fish pond and dance at the Galice hall last Saturday night. Everybody reported a good time.

Mr. Ayers, a stockholder in the Orleio mine from Salem, has joined the muckers. He balances the scales at 275, but in a month he will think he has been taking anti-fat.

Manz Meyers, of the Carlton group, paid Grants Pass a visit last week. He reports everything nice at the mine.

Elmer Colvig and Will Frier went to Grants Pass the first of the week to take examination in the Forest Service.

Mrs. James Hill made Galice a visit last week. Noah Jones, Barlow Bros.' packer, had an accident last week in which one of his mules in the pack train fell off the trail and rolled about one thousand feet. The next day Mr. Barlow got him out and home, only worse off a few bruises and no bones broken. RED WING.

SAVAGE CREEK NEWS.

M. J. Rick went back to work Tuesday on the southern division bridge gang, after being home a few days to see his youngest daughter, Helen, who is ill with paralysis. Mr. Kinkle contemplates putting in four acres more of strawberries. He made seven hundred dollars off his first crop of 2 1/2 acres. He has berries till after Thanksgiving.

The bridge at Woodville is progressing rapidly. The people at Savage Creek will have sky

miles to go for mail and supplies. John Kinkle has been very ill, but he is now able to be about though he suffers severely at times. Misses Susie and Hazel Rick will attend the institute at Ashland. Ernest Kinkle is hauling wood to town every day, taking advantage of the fine weather. J. C. Savage and family are visiting Mr. and Mrs. Fred Miller on Applegate a few days. The weather is fine for plowing and the farmers are taking advantage of it. Chas. Kinkle commenced to work on the new school house at Woodville this week. School has closed for the week on account of the Teachers' institute. The grandfather of our teacher, Ada Welch, is very ill of pneumonia at Central Point.

FRUITDALE.

Mr. and Mrs. George Hamilton arrived home the latter part of last week from their visit east. Although they report the time of their lives they are glad to get back to Fruitdale. Claude Jones, of Redding, is visiting his father, Mrs. Frank Dodson returned home Sunday.

If you want the best cider mill on the market, get a Hocking Valley at Hair-Riddle Hardware Co's. for \$19.00.

Work on the Fruitdale road will begin in a day or two with Alonzo Jones as the new road master. Mr. Jones is a man of experience and is interested in the new good road movement.

Mildred and Glenn Hamilton entered school Monday. Master Glenn accompanied his parents on their eastern trip. School is dismissed for this week while the teacher attends the institute at Ashland, Ore. Fruitdale is quite proud of the school. A more orderly lot of youngsters is not to be found anywhere.

A pleasant little picnic occurred in upper Fruitdale at the home of Mr. Heffley. The dinner was served under the trees and the tables fairly groaned under the good things. Those present were: Mr. and Mrs. Heffley, Mr. and Mrs. John Stanbrough, Mrs. Green, Mr. and Mrs. Geo. P. Stanbrough, Mr. and Mrs. E. L. Churchill, Mildred Churchill, Miss Kline, Mrs. Kerchoff, Mr. and Mrs. E. E. Blanchard, Florenz Breitmayer, Fred Breitmayer, J. H. Harris and Robert Harris.

Tragic Death of Chas. Ames.

Word has been received here of the tragic death of Chas. Ames, a former resident of this city, who met death by falling over a 200-foot cliff while on a hunting trip in California on October 2. Information was furnished by a man named Chas. Schultz, who in company with Mr. Ames was on a hunting trip in the vicinity of Charper Creek. Night overtook the men and in going down a steep hill Ames lost his balance and slid for about 30 feet and then fell over the cliff. His partner made efforts to get him but the night was dark and the place so dangerous that he gave it up and at daybreak went for help. When found the body was badly crushed and the scalp completely torn from the head. Mr. Ames was a resident of Grants Pass several years ago and will probably be remembered by many Grants Pass people.

C. H. Demaray Sells a Remedy for Catarrh on that Liberal Basis.

Breathe Hymel over the germ-ridden membrane, and it will kill the germs, and cure catarrh. There is no other way—you must get where the germs are before you can destroy them. And when catarrh germs have disappeared, other things will happen; there will be no more hawking, not even in the morning; that offensive breath will disappear; there will be no more obnoxious mucous or coughing, or sneezing, or huskiness of voice, or difficulty in breathing. All these disagreeable accessories of the demon catarrh will disappear, and as they go the glow of health will return, and all the strength and energy that was formerly used in combating the hordes of catarrh, will bring back your vitality and ambition, will make a new, healthy, happy being of you in a few weeks. C. H. Demaray will sell you a complete Hymel outfit for \$1.00. This includes a fine inhaler, a bottle of Hymel (pronounced High-o-me), and instructions for use. Sold by leading druggists everywhere. Extra bottles 50 cents. And bear in mind, money back if Hymel doesn't cure.
