The business has been conducted under the name of the Hair-Riddle Hardware Co. for more than 10 years, the firm being composed of W. M. Hair and Geo. Riddle, since that time Mr. Hair disposed of his interest in the business to W. L. Ireland and for some time past has had no connection with the business. There are on exhibition in the display windows of the Rogue River Courier some potato samples which are attracting considerable attention from passersby. They are of the Early King variety and were raised by Clinton Cook on the Sorenson place on the Applegate. The tubers at the Courier office are large, some being a foot in length and over a foot in circumference. A single hill produced 16 potatoes which, in the aggregate, weighed 15 pounds.

**Medford 3, Grants Pass 0.**

Although cold and stormy Saturday afternoon, the rain could not dampen the enthusiasm of the good-sized crowd which attended the football game played at the baseball ground between the Grants Pass High school and the Medford High school teams. The game came off as scheduled, but the result was not what was anticipated by the Grants Pass faction. In the first half Medford kicked a field goal from the 25-foot line and scored three, and this was the only score made during the game. On the whole both teams played a good game and enthusiasm ran high, but next time we expect to get a bigger slice of the glory.
