**Crump Recovering.**

Harvey Crump, who was shot on the evening of January 9 on M street, is still at the South Pacific hospital in this city and is recovering from the injury received at that time, although the bullet has not yet been removed from his head. An operation was performed last Friday afternoon by Drs. Loughbridge and Pindley and a drainage was formed from the wound which relieved him from some of the intense suffering which he had been experiencing. He is still very close mouthed in regard to the affair and no new developments have come before the public, although it is believed that the officers are in possession of some interesting facts in the case.

**Enjoyment Supreme at the Legion.**

"The best program you ever had in the Legion," "We certainly had a good time." These and others are samples of the things said by those who attended the "good time" given by the First Oregon Legion 2136, N. P. L., in Woodman hall last Friday night.

No one knew that we had a full fledged orchestra in the grants Pass membership until last Friday night. Very enjoyable instrumental and vocal music, solos, a trio, and a quartette were among the musical productions. The audience began to laugh when the avaricious landlord got double rent for one room out of two unsuspecting victims. A wild Irishman tried his best to get employment as an actor, but his palpable ignorance of the word "sufficient" frustrated his desire and the heartless audience laughed loud and long at the poor fellow's misfortune. It was clearly demonstrated that it was very possible for a freckled face girl to entertain a caller all alone, and also that a cat should stand on four legs. Another thing was demonstrated about ten o'clock, and it was that when it comes to making cakes, sandwiches and coffee the ladies of the Legion are hard to beat. After the refreshments, ten members demonstrated their ability to tell a funny story and do it as it should be "did." The two successful contestants were presented with a gold watch, but refusing this were tendered a package of chewing gum instead. The occasion was further enlivened by telegrams of regret being frequently rushed to the platform from Taft, Roosevelt, King Edward, the mayor of Grants Pass and others.

A. R. McLean, the worthy president of the local Legion, and his efficient staff of supporters, are deserving of much commendation for the manner in which the affairs of this rapidly growing organization are conducted.

**\$50,000 Hotel Needed.**

One of the things that Grants Pass needs is a \$50,000 hotel and there is nothing that will do the town more good at this time than such a caravanary. We need a hotel that will accommodate tourists and travelers generally. If the Commercial Club can find time to take up this matter it will be quite easy to secure what is wanted. There is scarcely a man in Grants Pass who does not know that the city is greatly handicapped for the want of a good place of entertainment. If we had what is desired, the Southern Pacific and the entire Harbiman system would advertise Grants Pass as a desirable place for tourists to visit.

**BENSON PAYS HIGH TRIBUTE TO HANNA**

Replying to Judge's Letter of Resignation, Governor Thanks Him for Long Services.

In replying to Judge H. K. Hanna's letter of resignation, Governor Frank W. Benson took occasion to pay a very high tribute to the retiring official. The governor says:

"State of Oregon, Executive Department, Salem, January 13, 1910. Hon H. K. Hanna, Circuit Judge, First Judicial District, Grants Pass, Oregon.

"My Dear Judge: I have carefully read your esteemed favor of January 12, tendering your resignation as circuit judge of the first judicial district of the state of Oregon. It is always a matter of regret with me, when an officer who has, for a long period of years, served his state with fidelity and has, continuously during all of that service, performed the duties of his office without fear or favor, guided only by the wish to faithfully carry out the duties of his trust, contemplates his voluntary retirement. Knowing you as I have during our close relationship, extending over a period of twenty-five

years, and having, during that time, been permitted to know you, both as such officer and as a man, the fact that you are now voluntarily surrendering that trust, adds greatly to the general feeling of regret I always entertain in such cases.

"Almost continuously for twenty-four years you have filled the office of circuit judge of the first judicial district. Time and time again the people of your district, irrespective of party politics, have endorsed your work and placed upon it, that which I know you regard now, in your declining years, as the greatest recompense that you have received, and that is, their approval of work well done.

"During your career as a public servant you have been called upon to exercise the duties of your office in cases that were of the greatest importance to the litigants appearing before you. During such a career as this, it certainly appeals to me that had there been anything connected with it that could have been shown that you were not faithfully discharging the duties of your stewardship, it would have been impossible for anyone to have secured, practically unsoiled as they were by you, so many public endorsements of the approval of the people.

"I have accepted your resignation and, as you will note by the press dispatches of this day, have followed your recommendation. I feel that there is no other man better qualified to advise me on such subjects than yourself. In addition to this, the bar of Southern Oregon and a large number of prominent citizens of that section, have approved your endorsement.

"With your leaving the public service at this time, I feel that the state of Oregon has lost one of its most trusted servants and an officer who has, during all of his honored career, served his state well.

"In conclusion, I desire, as the executive of the state, to thank you for the service rendered our state during your term of office, and to wish you and your family good health and prosperity.

Very truly yours,  
(Signed) "FRANK W. BENSON, Governor."

LEE—At Grants Pass, Tuesday, January 18, 1910, R. Henry Lee, of Brights disease, aged 71 years, 9 days.

In the death of Mr. Lee we have lost a dear friend, one whom to know even the slightest was to love for his kindly disposition, his ready sympathy and his many noble and admirable qualities. He has been an invalid for 14 years past, suffering from arthritis of the knee joints, beginning in one knee and finally leaving him crippled in both knees so

the years were spent in a wheel chair. He was born January, 1839, at St. Johnsbury, Vt., and in his young manhood worked in the railroad offices, and later served for years as sealer of weights in the Fairbanks scale works. Nearly six years ago, when Mrs. N. P. Dodge visited her twin sister, Mrs. Lee, in Vermont, she prevailed upon them to return with her to Oregon and make their home at Grants Pass, in the hope that the climate might have a beneficial effect and also that they might all be together. There was quite a noticeable improvement in health for some time, but age and enforced inactivity began to tell and he showed signs of failing health for some months past, although up to a few days before his death he was able to be with the family at meals. The funeral was held at the Dodge home Thursday afternoon, with interment at the I. O. O. F. cemetery. He leaves a sister, Mrs. Willard Chase, of this place, and a wife, who during the years of his affliction has cared for him as faithfully and lovingly as a parent could for a beloved child. Mr. Lee was a member of Passumpsic Lodge, No. 27, F. & A. M., of St. Johnsbury, Vt.
