That a woman should desire an attractive home is both natural and desirable. Women who preside over beautiful homes, especially when these homes reflect their own handiwork, are, as a rule, the most earnest home makers.

Page Wire Fence

The Fence that OUTLASTS THEM ALL. Admitted to be the Strongest Wire Fence in existence.

Tests by experts prove that PAGE WIRE has double the tensile strength of the best Bessemer steel used in common wire fence. And twenty-five years of continuous test by actual users prove that its durability is phenomenal.

No other wire fence has equaled its record for long and satisfactory service, under the most extreme conditions to which a fence may be subjected.

This wonderful wire is High Carbon, Plain Open Hearth Steel. It has not been weakened by welding. The Page Knot—THE KNOT THAT WON'T COME OFF—is actually WOVEN of continuous wire and is not a mere "staple" or "hinge" to unwrap or a "weld" to weaken the wires. No kink of the horizontal wire; no raw ends to catch, pull wool or generate rust to poison the whole fabric. The galvanizing is 50 percent better than is used on common fence wire, giving almost REST-RESISTANCE. The spiral coil gives the marvelous ELASTICITY which prevents sagging and adapts PAGE FENCE to hills and hollows.

The coil supplies the TENSION which makes PAGE FENCE self-supporting over a long span, thus saving 50 posts every 100 rods, besides saving staples, nails and labor.

PAGE RABBIT AND STOCK FENCES

are the very best that money can buy or modern science produce, they are guaranteed twice as strong as any fences sold; better spaced, they will actually turn rabbits—no guess work or failures, and it is not necessary for "protection against stock, large, four or more strands of barbed wire" to be stretched along side a PAGE FENCE—the fence protects itself.

PAGE FENCE sells for far less money, quality considered, than any other fence—besides we furnish man and tools and assist in the erection of every rod of PAGE FENCE without extra cost. We guarantee every rod.

Examine all fences of all makes then call and we will show you PAGE FENCE and explain its superiority and give you prices on any amount or style.

We fence farms complete, and can give you estimates on any amount of either regular or special fences.
