LET US HELP OURSELVES. Financiers and others tell us that the entire nation is enjoying prosperous conditions. In fact, the country is more prosperous now than ever before. In substance this is the statement recently made by the National Monetary commission. It says that the number of banks, na tional, state and private, have doubled since the year 1900 and that the average per capita bank resources for the entire country is \$237.24 This is the year for counties and towns to make an effort to bring in new capital to assist in the development of their resources. > GIVE US A NEW CITY CHARTER. Grants Pass has reached a crisis in its history and is now confronted with the absolute necessity for a new city charter which shall be in keeping with the demands of the hour. The old charter is twenty years behind the times and those who made it never dreamed that the city would be anything more than a town of 1000 or 1500 inhabitants and yet the charter is too lame, too unserviceable and too far behind the age even the remote period of its adoption to serve any purpose whatever, Let us have a new charter and one that will enable us to build a large city without half the expense and trouble which the present charter demands.

We hope that some member of the council will offer a motion or a resolution which will result in the appointment of a special committee to lay the foundation for a new city of George Crawford, Mrs. Dawson charter. Such glorious weather as we have experienced since the first day of the month is almost beyond the power of pen to describe. The soft summer sunshine has gladdened the hours and put all nature in tune to warn us that Spring is already at the gate and her mantle of green covers the dell and gentle slope with swelling buds and infant blossoms to crown the delight of those fortunate enough to dwell in this land of sunshine, flowers and plenty. First Spring Chat

For the approaching SPRING and SUMMER SEASON our exhibit of attractive Novelties in Men's and Young Men's Apparel will be the largest and most diversified ever shown in this market. All the fashionable fabrics and shades in the very latest patterns we show in profuse variety. They are, as heretofore, made according to our very highest standard of manufacture, and contain that "chic" and finish that has given our garments their well deserved prominence and success.

We will place upon sale several

New Features in Spring Suits

which, to avoid imitations, we will not as yet describe in print. There is no better or more convincing proof of the genuine merits of our goods than their appreciation by the best dressers. If you have never seen our Clothing, convince yourself of its merits by obtaining the opinion of any of the recognized leaders in style in Grants Pass.
