which shows that 1090 were killed
and 22,491 injured in railroad acci-
dents in the United States during the

This is an increase of 101 in the
number killed over the same period
of the preceding year and an increase
of 5645 injured. In the same
months of 1909 electric railway acci-
dents killed 26 persons and injured

APPETITE GONE.
Indigestion Is the Cause of It—Get
Rid of It.

People go on suffering from little
stomach troubles for years and im-
agine they have a serious disease.
They over eat or over drink and
force on the stomach a lot of extra
work.

But they never think that the
stomach needs extra help to do ex-
tra work.

It these people would take a Mi-
o-na stomach tablet with or after
meals it would be a great big help
to the stomach in its strain of over-
work.

Demaray to cure indigestion or any
stomach disease or money back.

A BUMPER FRUIT
CROP IS PROMISED

It is said that never in the history
of the Rogue River valley was there
greater promise of a large fruit crop
than there is at present. Every day
lessens the chances of injury by
frost and a few days more will bring
us in the clear, and then if we pro-
tect the fruit from the codling moth
we are pretty sure of a bumper har-
vest. It is all important that Oregon
be able to supply a large amount of
fruit this season, as the middle west
has been visited by severe frosts,
which have caused the complete des-
truction of apples, pears and peaches;
so it is doubly important that the or-
chards of Josephine county be pro-
tected from pests at this time. We
were never before in a position to
lose as much by neglect as we are
this season. Care for the crop and
care in marketing will make big fi-
nancial returns for our fruit this fall.

Suppressing White Slave Traffic.

A strong effort is being made in
New York to suppress what is known
as the white slave trade. The grand
jury now sitting with John D. Rocke-
feller, Jr., as foreman, has found
many indictments against men and
women engaged in furnishing slaves
for Alaska and Seattle.

The evidence warranting the ar-
rests was secured by two young col-
lege women, one 40 years of age, a
graduate of Radcliffe, and the other
a young graduate of Smith college.
Their names have been withheld be-
cause their work has not yet been
completed. Both of these women will
appear at the trials and testify
against the alleged white-slavers.

One of these women went to
Alaska, the other to Seattle. They
became friendly with the proprietors
of illegal resorts, pretending that
they wanted to buy women for im-
moral purposes. They secured the
names of alleged white slave dealers
in New York.

Guessing the Population.

The Medford Mail Tribune says
that Jackson county will lead all
Southern Oregon in population this
year according to present indications.
It estimates that the county's popu-
lation will range between 30,000 and
35,000 inhabitants. In the same
paper it prints a special from Grants
Pass which says:

"A conservative estimate of the
population, according to the census
enumerators, is 16,000."

Three Pugilists Kill.

According to newspaper reports,
prize fighting resulted in the death
of the three principals in the space
of eleven days last month. These
were:

April 19—Young George Cole, ne-
gro, Merchantville, N. Y., died in
Presbyterian hospital, as the result
of a prize fight with Stanley Rogers.
Fight was a slugger match, ending
in knockout.

April 21—Max Landy, Boston, died
following prize fight with Joe
O'Brien, Cambridge. Fight had en-
ded in a draw.

April 30—Tommy McCarthy, San
Francisco, following knockout in
16th round of fight with Owen Moran
of England at Dreamland rink, San
Francisco, previous night.

Besides the three deaths, "Kid"
Harrison, a local pugilist of Allen-
town, Penn., is in a critical condition
through a knockout blow at Water-
bury, Conn., by another pugilist
known as fighting Abe. The chances
of recovery in Harrison's case are
doubtful. The three deaths has, it
is claimed, produced a gloom in the
sporting world, and yet this "sport"
is quite likely to go on regardless
of the heavy death rate.

turning to her home in this city.

The forest service office in this
city on Wednesday received from
Gold Basin, Wash., a number of spec-
ies of Eastern hardwood trees to be
planted at the experiment station on
Page creek in the Illinois valley. A
part of the trees were also taken to
Winchuck river in Curry county for
planting. The trees are of the hick-
ory, walnut, oak and maple of the
east and trial is to be made to as-
certain if this variety can be success-
fully grown in the west.

Mrs. Jennie H. Judson received
last week a copy of the Montgomery
News, published at her old home at
Hillsboro, Ill., telling of a hail storm
which occurred at that place on
April 15 of this year, and giving sev-
eral illustrations of the effects of the
storm. The hail stones were of mam-
moth size, measuring nearly 3 1/2
inches in diameter, and they fell by
the million. Windows were broken
and slate and other roofs ruined. The
paper also contained an interesting
item of the 90th anniversary of Mrs.
Judson's aunt, who is at this ad-
vanced age a woman of remarkable
energy and vigor. She assisted in
preparing dinner for the occasion.

Get on the Census List.
No patriotic citizen must under
any circumstances permit himself
and family to escape the census
taker. It is a solemn duty you owe
to your town, county and state to be
included among those who help to
swell the population of Oregon. If
you find that your neighbors have
been visited and that you have not,
report to the Grants Pass Comm-

cial Club the fact and you will be
put on the list. Not only should the
census contain the name of every
man, woman and child, but all the
questions asked by the census taker
should be faithfully answered so that
the whole truth may be known in
the census report.

The census count is on. Get busy
and get into the game.
