**ENTHUSIASTIC MEETING
HELD AT PROVOLT**

The little hamlet of Provolt, at the mouth of Williams creek, was the scene of a very enthusiastic gathering last Sunday. Nine automobiles and several livery rigs from Grants Pass went out loaded with business men and their wives and were met at the church by nearly all the residents in the vicinity of Provolt. After several spirited songs an address was delivered by Mrs. M. C. Findley, of Grants Pass, who presented the mother's view of the temperance question. The way she handled her subject showed that she was thoroughly familiar with the question and she presented it in a very logical and convincing manner.

The principal address of the day was delivered by the Reverend Mr. Brooke, of Grants Pass, and a more masterly and forceful address has not been heard in this part of the country. He treated his subject from every view point, laying special stress upon the economic and moral features of the temperance question. His talk was received with great interest and many commendations were heard at its close.

Mr. Lovelace, candidate for sheriff, and E. E. Blanchard were seen in the crowd and were called upon for a few remarks. Both of them spoke briefly on the subject of good citizenship and expressed themselves in hearty sympathy with the movement.

Altogether the meeting was one of the most enthusiastic held in Josephine county in connection with the campaign for better things.

SALEM, Ore., Oct. 18.—N. McArthur, speaker of the last house and secretary to the governor, is at his home suffering from an attack of acute indigestion and is reported to be painfully ill. He was suddenly stricken on the street last evening, falling to the ground and was taken to the home of a nearby physician and later removed to his own home.

So far Deputy County Sheriff Smith, who has charge of the collection of the county taxes, has collected \$148,938.99 out of a total assessment of \$183,000. About \$12,000 more are expected to come in, leaving a very small amount delinquent this year.

**DID THEY IMITATE
ALICE LONGWORTH?**

NEW YORK, Oct. 19.—A report is being circulated today that the American women attending the society dinner tendered last night to Mayor Yuki Osaka of Tokio, "topped off" their cafe noir with cigarettes—dainty cigarettes, with "old gold" tips and paper elaborately monogrammed. Whether the report be true or not, it is yet too early to know definitely, but the story going the rounds today is that the society women at the banquet smoked many cigarettes and sipped much wine. None of the Japanese women present, according to the report, smoked.

SAN FRANCISCO, Oct. 19.—Prince Ferdinand Francols, brother of Portugal's exiled queen mother and uncle of the deposed King Manuel, is in San Francisco today seeing the sights of the city. Tuesday next he will sail for the Orient on the steamer Mongolia, where he expects to do some scientific investigating and surveying. Prince Ferdinand arrived from New York last night and took apartments at the St. Francis hotel. He declined to talk about recent events in Portugal. He said he was in New York when the revolution broke out and that he did not feel himself in a position to make statements on Portuguese affairs.

**DAUNDRUFF AND ITCHING
SCALP YIELD TO
THIS TREATMENT**

Why experiment trying to drive the dandruff germ from underneath the skin with greasy lotions or fancy hair-dressing when C. H. Demaray's Drug Store will guarantee ZEMO and ZEMO SOAP to entirely rid the scalp of the germ life that causes the trouble.

ZEMO and ZEMO SOAP can be obtained in any city or town in America and are recognized the best and most economical treatment for all affections whether on infant or grown person. One shampoo with ZEMO SOAP and application of ZEMO will stop itching and cleanse the scalp of dandruff and scurf.

We invite you to try ZEMO and ZEMO SOAP and if not entirely satisfied we will refund your money.

C. H. Demaray, Druggist.

**ROOSEVELT RESTS BEFORE
BEGINNING CAMPAIGN**

NEW YORK, Oct. 18.—Colonel Roosevelt went to Sagamore Hill upon his return from his southern and middle western tour today.

"I am going to rest awhile," he said, "but I will come back Thursday and resume the campaign against the nominees of Tammany Hall and the 'ticker' crowd."

Answer all the "help wants" that look like "chances to work" to you. Answer them promptly—showing a valuable business characteristic. Answer them pointedly, giving all the information about yourself that is asked for in the ads. And—keep on answering them day after day—the while advertising in the "situation wanted" columns, and you'll find a good job!

**E. E. BLANCHARD
Independent Candidate for Representative from Josephine County
PLATFORM**

First—I am a strong advocate of the direct primary because I believe that the people, having no axes to grind, will choose safer and better candidates than any political ring or machine, which always has axes to grind.

Second—I subscribe to Statement Number One because I favor the election of United States senators by a direct vote of the people. The Oregon system being the only effective method of bringing about this result, I shall earnestly oppose any effort to nullify or weaken this law.

Third—I am opposed to the assembly plan of nominating candidates because it will make possible a revival of all the evils of the convention system, where the machine bosses get together and dictated a ticket, also I am opposed to the assembly because I deem it a direct blow at the primary law.

Fourth—I favor the rule of the people and am an uncompromising opponent of machine politics.

Fifth—I favor the enactment of good, sensible laws for the welfare of the state and the people thereof—and the rigid enforcement of the same. I do not believe that it is within the province of an officer to decide whether or not a law shall be enforced. By his oath he must enforce it.

**EDUCATORS PASSED
MANY RESOLUTIONS**

Whereas the teachers of Josephine and Jackson counties assembled at Grants Pass, Oregon, October 12, 13 and 14, 1910, have spent three days with profit and enjoyment:

Be it resolved: First, that we extend our thanks to Superintendents Lincoln Savage and J. Percy Wells for the successful manner in which they have conducted this institute and for the able instructors they have secured.

Second, that we extend our thanks to all of the instructors for their helpful services during this institute.

Third, that we thank the Grants Pass school board for the use of the high school building, where our sessions have been held, and to the people of Grants Pass, who have so kindly opened their homes for our entertainment we express our thanks and appreciation, and further that we especially extend our hearty thanks to Superintendent Turner and his corps of teachers for the royal manner in which they have provided for our entertainment.

Fourth, that we extend our heartfelt thanks to our retiring State Superintendent Ackerman for his general success in building up our public school system to its present state of excellency.

Fifth, that we, the teachers assembled, express our sincere regrets for the illness of Superintendent Cameron of Ashland, which has deprived us of his helpful presence during the last two days of the institute.

Sixth, that the teachers of Jackson and Josephine counties believing that rural teachers with their many classes and trying situations are in as great need of the help of a general supervisor as are city teachers, therefore we ask the legislature of Oregon to make it possible for each twenty districts in each separate county to have a supervisor, which supervisor is to give one full day each school month to each school in his district.

Seventh, that we ask the state legislature to provide copies of the state school law free of charge for each teacher employed.

Whereas the highest attainment in intelligence and citizenship depends upon the efficiency of our public schools, which in turn depend upon the qualification of the school teachers of the land, and

Whereas the greatest proficiency of the school teachers depends upon special training therefor, and no state seeking the highest grade of such efficiency has found so good a channel through which to accomplish this as the state normal, and

Whereas Oregon stands as high in her ambitions as any other state and realizes her disadvantage in being deprived of her state normal schools by an act of the last legislature, and Whereas good schools are the foundation of good government and good citizenship,

Now, therefore be it resolved:

First, in the interest of the future of our state, we, the public school teachers of Jackson and Josephine counties here assembled, recommend the reinstatement of the state normal schools of Oregon by the next legislature.

Second, that such schools be so arranged as to accommodate the various sections of the state and that they receive the support of every patriotic citizen.

Third, that especially do we of southern Oregon plead for our own normal under the sunny skies and mild the fruit and flowers of the Rogue river valley.

Fourth, we desire to plead in the interest of the children who are now coming on and from whom we must pry of four cents for each \$1000 of taxable property for the maintenance of the Southern Oregon State schools is a mere bagatelle, only the expect our rulers to be filled, that they shall not be driven to some distant state for their qualification to teach.

Fifth, the cost of maintaining these Normal school for each year under the present proposition.

We beg each voter to vote yes on number 240 as he will find it printed on his ballot.

E. A. HUMPTON,
A. J. HANBY,
MARIAN I. WHITE,
Committee.

Mr. and Mrs. Jordan Hansen, who have been making a tour of the coast, stopped in Grants Pass several days last week to visit with Mr. and Mrs. E. E. Blanchard. Mr. Hansen was a delegate to the Danish brotherhood, which was in session at Fresno last week. They will visit at Portland, Seattle and other points of interest before returning to their home at Missouri Valley, Iowa.

**WOMAN'S AUXILIARY.
SHALL UNCLE SAM
PRINT THE ENVELOPES**

At the meeting of the Ladies' auxiliary of the Commercial club, held Monday afternoon, matters in connection with the recent fair occupied the attention of the members. It was found that the club had netted approximately \$100 from the dinners that were served at the club rooms. A vote of thanks was extended to Mrs. J. L. Burke, who had charge of the dinners. The club also wishes to extend its thanks for the assistance given on this occasion by so many ladies.

A letter from Mrs. Sarah A. Evans, president of the State Federation of Woman's clubs, expressing the desire that the auxiliary become identified with that organization, and it is hoped to have the local organization represented at the annual meeting of the federation at The Dalles on October 24 to 27. The alliance with the state organization will in no way affect the purposes of the auxiliary.

Several matters were brought up for consideration at the next meeting of the auxiliary on November 7, the principal one being the matter of changing the meeting hour. It was suggested that by holding the meetings in the evening and making them more social in character, more interest could be aroused.

**GOOD WAY TO USE
HYOMEI FOR CATARRH**

Besides breathing through the inhaler a few times a day, many catarrh sufferers write that they find inhaling HYOMEI (pronounce it High-o-me) from a bowl of steaming water each night before retiring a great aid in curing stubborn cases.

Try it; it's very simple; gives quick relief and makes you breathe easier.

Fill a bowl half full of boiling water; pour into the water a teaspoonful of HYOMEI, cover head and bowl with a towel, and breathe through nose and mouth the pleasant, medicated, antiseptic and healing vapor that arises.

This method relieves that stiffness at once, and makes your head feel fine.

You can get a bottle of HYOMEI at druggists everywhere or at C. H. Demaray's for only 50 cents. Ask for extra bottle HYOMEI Inhaler.

But bear in mind that a HYOMEI outfit which includes Inhaler and bottle of HYOMEI costs \$1.00.

But, as stated before, if you already own an Inhaler, a bottle of HYOMEI costs but 50 cents.

HYOMEI is guaranteed by C. H. Demaray and druggists everywhere to cure catarrh, sore throat, coughs, colds, asthma and croup, or money back. Try it on that generous basis.

Stomach dosing never cured catarrh, and never will. HYOMEI directly reaches the inflamed membrane, kills the germs and soothes and heals the inflammation. Write for free trial bottle of HYOMEI to Booth's Hyomei Co., Buffalo, N. Y.

Cheapest Land in Oregon.

Because there has been no boom, because we have the soil, rain fall, climate and everything to make a good investment and a desirable home. You owe it to yourself and pocket book to look this over. Write for list or come and see us.

For nearly forty years a number of lines of commendable private industry have felt themselves injured and aggrieved by the increasing use, through the instrumentality of the post office department, of the free-printed individual return-request on stamped envelopes. Among the industries thus injuriously affected are the employing printers; the journeyman printers; the publishers of country papers and trade periodicals; stationers and stationery manufacturers; paper dealers and manufacturers; lithographers; photo-engravers; envelope manufacturers; and even the magazines and daily newspapers which derive a revenue from general advertising. Their antagonism has been manifested at various times, but never resulted in effective action until the organization of a joint committee some months since. Upon this committee are represented seven great national associations, composed of business men and their employees, engaged in most of the industries above enumerated, to the number of many thousands, all of whom are intensely concerned in the success of its efforts.

The committee is not making any apologies for its organization or for the methods, entirely legitimate, and intended to be entirely respectful to the post office department and the national administration, under which the movement for securing legislation to prohibit the practice complained of has been conducted. The right of petition is an American heritage, and a resort to the influence of enlightened public opinion is always permissible and patriotic.

The Tou Velle-Nelson bill, which prohibits the printing of special requests on stamped envelopes under the auspices of the post office department after June 30, 1911, passed the house of representatives June 20, 1910, by the emphatic vote of 192 for and 27 against the measure. This action was taken by the house on the unanimous recommendation of its committee on the postoffice and postroads, which had given patient and exhaustive hearings to both sides of the question, including the arguments of the present contractor and of a representative of the postoffice department, each strongly opposing the bill. The senate did not have time to act upon the measure before adjournment; consequently it is still pending in that body, and this committee has assurances that, at the next session, it will be passed by the senate with as strong a relative majority as it received in the house. At any rate, fair dealing and the confidence due from one branch of the government to another would seem plainly to demand that the senate be given full opportunity to express its views on this matter free from influence by the executive department, which the award of another contract for four years commencing July, 1911, would tend to exert.

To write a properly-issued and simply to write the truth about the property—and print it more than once, if necessary.

If you saw it in The Courier say so.
