Plain Facts and Plain Figures

Every article will be marked in plain figures and strictly one price to all, and that one price will in every instance be the lowest ever quoted on first-class merchandise without exception. **WE WILL NOT** and do not want to make one cent of profit. **WE MUST RAISE \$10,000 IN THE NEXT FIFTEEN DAYS**, therefore it stands to reason that our prices will be the lowest ever quoted in Grants Pass for similar merchandise. It's up to you to hitch your dollar to the biggest load of value it has ever pulled. It is time for you to get wise to the fact that the dollar is your best friend. Don't waste your hard-earned money, but spend it wisely; spend it where you can get the most. Compare prices and then you'll notice the difference, not only in money saved, but in the quality of merchandise. Remember the place—Geo. S. Calhoun Co
