No. 32

REVOLUTION IN MEXICO FEARED

TWO AMERICANS KILLED BY VICIOUS MOB

MEXICO CITY IN A TURMOIL

United States Ambassador James Wilson Narrowly Escapes Bomb of Revolutionists

MONTERREY, Mex., Nov. 10.—Mexican revolutionists threw a bomb at James L. Wilson, United States ambassador to Mexico, today, but he escaped unhurt, according to advices received here from Mexico City.

The bomb was thrown during an anti-American demonstration. The men who threw the explosive were captured by the police. News reports from the Mexican capital are closely censored and details of the rioting are not yet known.

SAN ANTONIO, Nov. 10.—Advices received here from Laredo state that the rioters in Mexico City attempted the life of United States Ambassador Wilson.

SAN ANTONIO, Tex., Nov. 10.—That Mexico is in the hands of an incipient revolution whose aim is the overthrow of the present government is the statement of the Mexican revolutionary leaders here today. Mexico City, according to private advices they have received, is really in a state of siege. Americans are in great danger, despatches say, and many of them have barricaded their homes. The revolutionists claim to have authentic information that two Americans, a school child and a young man, were killed in the outbreaks yesterday. The burning at the stake of Antonio Rodriguez at Rock Springs, Tex., was not the real cause of the Mexico City outbreak, they assert, but was merely seized upon as opportunity by the revolutionists to gather their forces without too much interference from the police and federal troops. Attacks on Americans are likely to continue as a blind, it is said, until the revolutionists are in a position to declare themselves. The situation in the Mexican capital is critical.

The revolutionary leaders here say that revolutionists in Mexico have been planning a revolt and that the plans were already completed and the leaders only waiting for a favorable opportunity for attempting an attack on the government. They seized on the present occasion to divert the patriotic demonstrations to divert the suspicion of the government leaders and carry out their plans.

SAN ANTONIO, Tex., Nov. 10.—Two Americans were killed, one being lynched by a mob, during the night in Mexico City, according to despatches that were received here today. The mob, composed of natives, participated in an anti-American government demonstration.

Americans on street cars were stoned by the mob.

It was reported that a child riding on a car was struck by a stone and killed. The wildest disorder reigned during the night. The assaults were absolutely unprovoked, according to the despatch. One American, a young man, as yet unidentified, was caught by the mob on the outskirts of the city and strung up to a tree. His body was cut down by the police but life was extinct. The rioters attacked a car in Juarez avenue on which several Americans were riding, among them being women and children. Stones were hurled through the windows. One little girl was struck on the head and killed.

Several battles are reported to have taken place between the revolutionary forces in Nicaragua.

Eurilene C. Creel, former ambassador from Mexico to the United States, now foreign minister, was sent as a special representative of President Diaz to confer with the secretary of state in Washington regarding the Nicaraguan situation. It

was reported at the time, and never denied by either government, that Creel came with a plan for settling the dispute in Nicaragua, and that it was not accepted by the United States. Mexico, however, was fully informed of the attitude of the United States and knew that Zelaya was not in favor of the American government. The fact that he was allowed to remain so long in Mexico was considered as an indication that Mexico was inclined to regard the decision of the United States as unfriendly.

WASHINGTON, Nov. 10.—The state department, it is reported, has received information that a Mexican college student started the riot by tearing down an American flag. The report was made by Consul-General Arnold Shanklin. Students paraded the streets shouting "Down with the Americans," the report says. They tore down and trampled upon an American flag, and the mob threatened the United States consulate.

NEW HARBOR FOUND NEAR CRESCENT CITY

That there is nothing new under the sun is exemplified strikingly by the announcement that a new harbor has been found within two miles of Crescent City. F. W. Wooley is the man who claims to have found this new harbor which has been overlooked all these years. Of course the harbor is not entirely in existence at this time, but it can be easily made into a deep, landlocked harbor, according to the plans that Mr. Wooley has made at a very small expenditure, comparatively.

The new harbor is to be formed out of two lakes which lie a couple of miles above Crescent City by means of digging a canal to connect them with the sea. Lake St. George, or Dead lake, as it is sometimes called, is a small body of water about a mile and a half long by a quarter to a half mile wide, with a mean depth of fifty feet. This lake is about two miles north of Crescent City and about a mile from the ocean. Mr. Wooley proposes to dig a canal 300 feet wide from this lake to the ocean and then to throw out jetties on either side of the mouth of the canal.

This will involve an expenditure of about \$650,000, according to Mr. Wooley, and will provide about three miles of water front and dockage facilities, which will be ample for several years.

When the new town which is to arise at this new harbor has reached such proportions that more dockage facilities are required, another canal can be dug from Lake St. George to Lake Earle, which is about a half mile away. Lake Earle is a larger body of water, being about five miles long and a mile and a half wide. This lake is shallow and will have to be dredged.

The total cost of this project will be about \$2,000,000 when completed.

Mr. Wooley has been spending considerable time the last four or five months on this scheme. This week he has been in Grants Pass and has laid his proposition before local business men. He says he has presented his scheme to engineers and they have pronounced it feasible, and that John F. Stevens, Hill's right hand man, has said it was the best scheme that has been presented to the Hill interests for a harbor on the coast.

Mr. Wooley departed Saturday for Crescent City.

SCHOOL WRECKED ON HALLOWEEN BY BOYS

GOLD HILL, Nov. 8.—The worst piece of Halloween vandalism to occur in this vicinity was the wrecking of the outbuildings and fixtures of the Dardanelles school, on Kane's creek. The lock was broken and the door taken from its hinges and the interior of the building "rough-housed." The stove was overturned and the pipes stuffed with refuse. It took until noon for the teacher and pupils to get things in shape to hold school, and repairs will be necessary to the extent of at least \$20. Kane's creek residents assert that they know that boys from Gold Hill did the job, and that they are prepared to prefer grave charges in case the identity of the culprits can be proven.

JOSEPHINE COUNTY REMAINS DRY BY A VERY SLENDER MAJORITY

Full Returns Are Not Yet In, But an Unofficial Count Shows Dry by 12 to 16 Votes.

Josephine county remains dry by the narrowest of margins. In fact, the margin is so narrow that many of the wets refuse to concede that they have lost. The dry majority is variously estimated at from 12 to 16. Others even claim that it is smaller than that.

The uncertainty arises out of the fact that there is a variance in the telephonic returns from some of the outside precincts. The whole matter will be settled definitely tomorrow when the board of canvassers meets.

Last evening was one of nervous strain for the adherents of both sides, as the lead favored now one side and then the other. It was not until the election board of West Grants Pass precinct, the last to finish its work at 11:30, had completed the count, that there was any certainty at all.

The vote on county prohibition stood as follow sin the three city wards: North Grants Pass—for 257, 101. South Grants Pass—for 145, against 154; majority for the wets 9. West Grants Pass—for 114, against

157; majority for the wets 23. Total dry vote, 516. Total wet vote 447. Majority for the dries in Grants Pass 69.

Indications are that the two prohibition amendments have failed and that the home rule amendment has carried by a small majority. In this instance it is impossible to make a positive statement until the votes are canvassed.

Enough returns have been received to indicate the election of the entire republican county ticket with the exception of county judge.

The newly elected officers are as follows:

- Representative, Dr. J. C. Smith, republican.
- County judge, Stephen Jewell, democrat.
- Sheriff, Will C. Smith, republican.
- County clerk, S. F. Cheshire, republican.
- County treasurer, J. E. Peterson, republican.
- County surveyor, H. C. Hall, republican.
- County coroner, F. D. Stricker, republican.
- County commissioner, O. L. Barlow, republican.

NEW YORK BEATS COLONEL ROOSEVELT

NEW YORK, Nov. 9.—Practically complete returns today give the democrats a majority of 25 in the legislature, insuring a democrat successor to Senator Depew. The democrats gained ten congressmen in the state.

John A. Dix, democratic candidate for governor, was elected by a plurality of 62,487, according to revised figures today. The pluralities of the entire democratic ticket average 50,000.

NEW YORK, Nov. 9.—"The lesson taught by the election is clear," said Gifford Pinchot today, in commenting on the showing made throughout the country by the insurgent branch of the republican party. "Taken as a whole, it is an overwhelming rebuke for the reactionaries and an unmistakable sign of a demand for a kind of progress for which the insurgents stand. The returns I have seen show that not a single insurgent candidate for governor, with two exceptions, failed of election, and that every stand-pat candidate was beaten. The congressional elections tell the same story. The only serious resistance to the republican was made by men frankly insurgents. Where administration figured in the campaign, as in Ohio and New York, the democrats won. Where the republicans were not supported by the administration, as in California and Kansas and Wisconsin, the republicans won. The people are tired of government by big corporations for their own profit. Clearly the people resent the failure of the republicans to stand between them and the domination of big interests, and they believe that congress did not keep faith with them regarding the tariff."

RAILROAD IN BUTTE FALLS

BUTTE FALLS, Nov. 8.—The Pacific & Eastern railroad will reach Butte Falls during this week. The last bridge will be crossed this morning and work will be rapid from this time on until the line reaches the timber city.

The road is planning to inaugurate a regular train service to Butte Falls as early as possible. In all probability an excursion will be run in the near future, giving all an opportunity of inspecting the new line.

DEMOCRATS WILL HAVE MAJORITY IN THE HOUSE

WASHINGTON, Nov. 9.—According to returns available today, the republicans will suffer a loss of 44 votes in the lower house of the next congress. The present house has 217 republicans and 174 democrats. The sixty-second congress, according to today's figures, will be made up as follows: Democrats, 217; Republicans, 173; socialists, 1.

CHICAGO, Nov. 9.—Blaming the rout of the republican party to bitterness in its own organization, but praying for success in 1912, W. B. McKinley, chairman of the republican national congressman committee, issued the following statement:

"When it is considered, as now seems to be the fact, that barely two-thirds of the republican vote in the middle western states came to the polls and the further fact that factional differences had aroused an unusual degree of bitterness among the republicans the result of the election is not at all surprising. Every effort to promote harmony was made by the congressional committee, in many instances with success. The revision of the tariff has always proved a disturbing element in American politics, and this year has been no exception. Judging by the light vote polled, the republican party had the same experience it had in 1892, two years after the passage of the McKinley law. At that time about 40 per cent of the republican vote in the middle west was loathe to vote against their party and was not quite clear that the new tariff measure was the one wanted. Yesterday's election is a repetition of that time."

"After the democratic Wilson tariff bill had been a law, the distress in the country was so wide-spread that the people returned the republican party to power by a tremendous majority. Looking to the future, it is my opinion that the republican party will wipe out all factional differences and present a united front in 1912."

"There can be no question but that the American people in 1912 will give to the patient, patriotic man in the White House a substantial endorsement for the wise and patriotic administration he has given them."

James T. Lloyd, chairman of the national democratic national committee, issued the following statement:

"Present indications are that the next congress will be democratic by about 35 majority. The returns indicate that our pre-election estimates were about correct. The causes which have led to the results shown are well known. It is a serious rebuke to the republican party for its failure to reduce the tariff as the party had promised. The high cost of protected manufactured articles, which has resulted in greatly increasing the cost of living, had much to do in producing these results. There is general dissatisfaction with San Bernardino, 400; San Diego, 200; San Francisco, 600; San Luis Obispo, 300; Santa Barbara, 1200; San Mateo, 1000; Santa Clara, 1500; Santa Cruz, 1000; Ventura, 600.

Based on the same figures, Bell carried the following counties:

- Amador, 75; Butte, 600; El Dorado, 150; Imperial, 300; Kern, 600; Merced, 300; Modoc, 150; Sacramento, 300; Solano, 800; Stanislaus, 200; Yolo, 236; Yuba, 200.

DETROIT, Nov. 9.—Returns from sixty out of 120 precincts in the first congressional district show Doremus, democrat, is 147 votes ahead of Edwin Denby, republican. Denby is a member of the Ballinger-Pinchot committee. It was estimated today that Charles W. Osburn's plurality would reach 50,000.

The Michigan legislature is overwhelmingly republican, thus insuring the election of Charles E. Townsend to the United States senate.

Gillette-Duke

A pretty church wedding was solemnized at the M. E. church (south) on Monday morning at 11 o'clock, when Rev. F. M. Canfield pronounced the words which united Carroll Gillette and Miss Lillian Duke in the holy bond of matrimony. The church was artistically decorated with white and pink roses, intertwined with green vines, and as the sweet strains of Mendelsshon's wedding march, played by Miss Roe Canfield, filled the room, the bridal party entered.

First came the bride's maid Miss Mae Nipper, escorted by Morey McGuffie, as best man. The bride and groom followed immediately after and were met at the altar by Rev. F. M. Canfield, who performed the beautiful ring ceremony, in the presence of relatives and friends of the young people. The bride wore an elaborate wedding gown, made from cream panay cloth, which is made from the pith of the pineapple tree, hand loomed and hand embroidered, and all the sewing hand work. This cloth, which is sheer and fine, was worn over a cream silk foundation, brought from the Philippine islands, the whole combination making an exceptionally beautiful and attractive gown. The bride bouquet was composed of bride roses. The groom wore the conventional black. The bride's maid was dressed in a dainty white gown and carried pink roses.

Immediately after the ceremony the bridal party went to the home of the groom's parents, Mr. and Mrs. C. G. Gillette, where an excellent wedding luncheon was served, only the immediate relatives and a few friends being present. The bride is the daughter of Dr. and Mrs. R. A. Duke, who arrived here recently from Nashville, Tenn. She is a young lady of pleasing personality, endowed with all the estimable qualities which go to make up a perfect womanhood and has made many lasting friends since coming to this city. The groom is a well known and successful business man of Grants Pass, who is highly esteemed and respected by all who know him for his sterling worth and fine character. Both are very popular in the social circles in which they move. Mr. and Mrs. Gillette left on the afternoon train amid showers of rice and good wishes for a wedding trip in San Francisco, returning by boat to Portland, and may possibly visit Honolulu before returning to this city, where they expect to make their permanent home.

Justice of Supreme Court, four-year term—Henry J. Bean, Umatilla county, republican. Thomas A. McBride, Clackamas county, republican-democrat-non-political judiciary.

Justice of Supreme Court, six year term—George H. Burnett, Marion county, republican. Frank A. Moore Columbia county, republican-democrat-non-political judiciary.

Attorney-General—A. M. Crawford, Douglas county, republican.

Superintendent of Public Instruction—L. R. Alderman, Lane county, republican.

State Printer—Willis S. Dunaway, Multnomah county, republican.

Commissioner of Labor and Inspector of Factories and Workshops—O. P. Hoff, Multnomah county, republican.

Railroad Commissioner—Frank J. Miller, Linn county, republican.

State Engineer—John H. Lewis, Marion county, republican.

JAY BOWERMAN MEETS DEFEAT

OSWALD WEST OREGON'S NEXT GOVERNOR

HE LEADS BY 1150 VOTES

Balance of the State Ticket Is Filled With Republicans Elected by Safe Majorities

PORTLAND, Nov. 10.—With complete returns from all but 11 precincts in Multnomah county, West leads Bowerman by 1150 votes. It is probable that West's plurality will be increased in Multnomah county when the complete count is made. Bowerman now has 11,970, and West 12,125 votes in the county. John Manning democratic candidate for congress, has been beaten 7230 votes in this county, with complete returns from all but 10 precincts, by A. W. Lafferty. Lafferty now has 16,359 votes, while Manning has 9929.

Oswald West will carry Oregon by more than 5000 votes. Complete returns have been received from Baker, Jackson, Linn, Polk and Wasco counties.

PORTLAND, Nov. 9.—Oswald West, democrat, has been elected governor of Oregon, a state which gave Taft 24,000 plurality at the last presidential election. The remainder of the republican ticket has been swept into office by big majorities. The last hopes of the republicans for Bowerman's success over West went glimmering early today when West overcame Bowerman's lead in Multnomah county. With 148 precincts complete out of 182, and 30 precincts incomplete, the democratic standard bearer had a lead of 1950.

West's lead throughout the state at four o'clock this morning, with more than half of the total vote counted, was 1951, and the republican leaders admitted that the final count probably would give West a clear plurality of 3000 at the least.

There is no doubt but that the remainder of the republican ticket was elected. The winning candidates follow:

Congressman—First district—W. C. Hawley, Marion county, republican. Second district—A. W. Lafferty, Multnomah county, republican. Governor—Oswald West, Clatsop county, democrat.

Secretary of State—F. W. Benson, republican.

State Treasurer—Thomas B. Kay, Marion county, republican.

Justice of Supreme Court, four-year term—Henry J. Bean, Umatilla county, republican. Thomas A. McBride, Clackamas county, republican-democrat-non-political judiciary.

Justice of Supreme Court, six year term—George H. Burnett, Marion county, republican. Frank A. Moore Columbia county, republican-democrat-non-political judiciary.

Attorney-General—A. M. Crawford, Douglas county, republican.

Superintendent of Public Instruction—L. R. Alderman, Lane county, republican.

State Printer—Willis S. Dunaway, Multnomah county, republican.

Commissioner of Labor and Inspector of Factories and Workshops—O. P. Hoff, Multnomah county, republican.

Railroad Commissioner—Frank J. Miller, Linn county, republican.

State Engineer—John H. Lewis, Marion county, republican.

WILL USE MOSS

HARBOR, Nov. 8.—The Wood Bros. of Harbor, have just filled a contract for forty thousand pounds of moss gathered from the trees of the Chetco river. This enterprise is yet an experiment with the Wood Bros., and an entirely new one for Curry, which may prove a very profitable one, as thousands of tons could be gathered along the streams of Curry.
