REWARD OFFERED FOR DETECTION FIRE SETTERS

Hereafter, during the fiscal year ending June 30, 1911, unless otherwise ordered, and thereafter, provided congress shall make the necessary appropriation or authorize the payment thereof, the department of agriculture will pay the following rewards:

First. Not exceeding \$250, and not less than \$50, for information leading to the arrest and conviction of any person, in any United States court, on the charge of wilfully and maliciously setting on fire, or causing to be set on fire, any timber, underbrush or grass upon the lands of the United States within a national forest.

Second. Not exceeding \$100, and not less than \$25, for information leading to the arrest and conviction of any person, in any United States court, on the charge of building a fire on lands of the United States within a national forest, in or near any forest timber or other inflammable material, and leaving said fire before the same has been totally extinguished.

Third. All officers and employees of the department of agriculture are barred from receiving reward for information leading to the arrest and conviction of any person or persons committing either of the above offenses.

Fourth. The department of agriculture reserves the right to refuse payment of any claim for reward when, in its opinion, there has been collusion or improper methods have been used to secure the arrest and conviction thereunder, and to allow only one reward where several persons have been convicted of the same offense or where one person has been convicted of several offenses, unless the circumstances entitle the claimant to a reward on each such conviction.

These rewards will be paid to the person or persons giving the information leading to such arrests and convictions upon presentation to the department of agriculture of satisfactory documentary evidence thereof, subject to the necessary appropriation, as aforesaid, or otherwise, as may be provided by law.

Applications for reward, made in pursuance of this notice, should be forwarded to the Forester, Washington, D. C.; but a claim will not be entertained unless presented within three months from the date of conviction of an offender.

In order that all claimants for reward may have an opportunity to
