

ROYAL BLOOD STOOPS TO ANNEX AN HEIRESS

NEW YORK, Feb. 7.—The old story of American wealth and a foreign title meeting at the altar was re-staged today in the marriage of Miss Helen Vivien Gould, second daughter of Mr. and Mrs. George Jay Gould, and Lord Decies of England.

As is usually the case in international alliances on such prominence, today's wedding again demonstrated the morbid curiosity of the public and thousands of persons crowded about old St. Bartholomew's to get a glimpse of the bride and the notables in attendance.

Owing to several threatening letters Lord Decies has received from cranks professing resentment at the disparity between his age and that of his bride, an unusually heavy police guard was provided and no outsiders were allowed to gather at the door of the church.

The full Episcopal service was performed by Bishop Greer, assisted by Reverend Leighton Parks, rector of St. Bartholomew's. Ten thousand dollars worth of flowers turned the interior of the church into a veritable bower, the scene of enchantment being enhanced by a special musical program, under the direction of Organist Hyde.

In sumptuousness, the wedding rivaled that of the bride's older sister majorie, who at the same altar was married to Anthony J. Drexel less than ten months ago.

Miss Gould's attendants were her sister, little Miss Edith Gould, as maid of honor, her still smaller sister, Miss Gloria Gould, and Miss Diana Dalziel as flower girls, while the bridesmaids were Miss Hope Hamilton, the bride's cousin; Miss Hannah Randolph, of Philadelphia, Miss Allison Pierce, Miss Louise Cromwell, of Washington; Miss Emetine Holmes and Miss Anna Graham, Lord Alastair Graham, a cousin of Lord Decies, was best man.

The wedding gown was of heavy white duchess satin, in semi-empire style, heavily embroidered with silver roses. The train was eight yards long. The veil was of real lace. Lady Decies plans to wear her bridal gown at the coronation of King George and at her presentation to the English court in June.

Lord Decies, who is only two years younger than his father-in-law, has seen much service as a soldier, having been in the Boer campaign. Being an engaging conversationalist, it was suggested that his stories of his travels and fighting may have won the heart of Miss Vivien, for Lord Decies was a frequent guest of the Goulds at their Georgian Court and town residences.

Lord Decies himself thought it nothing unusual that a man of 44 should wish to marry a girl of 18.

"Why, I'm not old," he said to the New York interviewers. "In England a man of 44, especially if he has lived actively in the open air, as I have done, is considered right in his prime. Differences in ages such as between Miss Gould and me, are very common in England."

In addition to being a soldier, Lord Decies is one of the most prominent sportsmen in England. He owns a small racing stable and is known as a cricketer and football player, a hunter and boxer.

The country seats over which Lady Decies will be mistress are Killycreehy, Ireland; Sefton Park, Snaugh, England, and Beresford Lodge, Kent.
