MURPHY

Mr. and Mrs. Ernest Loughridge, of Wilderville, visited at M. M. Ainsworth's Sunday.

Miss Audrey Russell, of Grants Pass, accompanied by her sister and little brother, and cousin, Miss Fern Coustno, spent Saturday at her father's farm at Murphy.

The dance given at the old Murphy school house Saturday night was well attended, and was much enjoyed by those present.

Road Supervisor Gilmore has several men and teams at work grading down and widening the Lindsay hill this week.

Geo. Flint, who has charge of the Foster farm, is setting out 9,000 grape vines on the place this spring.

Arthur and Willard Hannum, Orin, Ellis and Fred Vincent are assisting Mr. Flint set Tokays this week.

Extra parts for all Oliver plows always on hand at Cramer Bros.

W. T. Perry, of Grants Pass, visited at the home of Dell Osborn Sunday.

Surveyor Hall finished the survey of the road on the Madrona property Tuesday.

Dr. and Mrs. Loughridge and Mr. and Mrs. Norton, and Miss Mabel Crofton, of Grants Pass, were visitors at John Brockley's Sunday.

The railroad surveyors have reached a point about 2 miles east of Murphy at this writing.

SUCKER CREEK ITEMS.

We are having beautiful weather, although the nights are a little too cold and frosty for the grain and grass to grow very fast.

Clyde Hayes has been helping Sawyer Bros. put in grain this week.

Job White has returned from Arizona, where he has been for some time. I guess Job thinks Oregon all right.

We were all grieved to hear of the death of Miss Leonard, one of our home girls, who with her parents, went to Brownsville to live a year or so ago.

Frank Thompson, who lives near Kerby with his mother and sister, Miss Daisy, had the misfortune to have his workshop burned one day last week. The building was a large two-story house. The lower floor, Frank's shop, was full of valuable tools, also a gasoline engine, cream separator and other articles. The upper floor was used for a dance hall, and Frank and his sister had given a little party the night of the fire. The origin of the fire is not known. The loss is about \$2,000 with no insurance.

Have you tried brightener? Try a little on some scarred furniture and watch results. Cramer Bros. have it.

Frank Barrett was doing business in Kerby Friday of last week.

Mike Adams, of Waldo, is dangerously ill.

School will open in the Payne district next Monday with Miss Iva McArthur as teacher.

Mr. and Mrs. James White are visiting a few days with Mrs. White's father and mother, Mr. and Mrs. James Tycer, also with Mr. and Mrs. Ed Tycer and family.

Mrs. Nellie Evans, who has been visiting relatives and friends in Kerby for two or three weeks, returned last week to her home in Portland.

Mr. and Mrs. Elex White and three boys ate Sunday dinner with their daughter, Mrs. C. S. Sawyer and her family.

John Krauss visited Kerby Sunday.

George and Roy Wells have been putting out quite a large new orchard this spring.

P. Peacock, of Waldo, is very sick. We hope to hear soon that he is better.

M. A. Emerson is taking more orders for alfalfa seed this week.

Mrs. Jennie Nadle, who has been teaching school up Sucker Creek for the last six months, left Friday of last week for a short visit in Portland.

Mr. and Mrs. F. D. Sawyer spent Monday afternoon in Kerby, visiting Dr. Dixon and shopping.

Ora Smith was doing business in Waldo a few days ago.

Mr. and Mrs. H. H. Gibbs visited the Wimer mines Saturday.

J. C. Dysert, who has been very ill for several months, is some better at present writing.

PENN-OREGON ORCHARDS

Herbert Bratton and bride, of Huntingdon, Penn., arrived at the Penn-Oregon Orchards on Monday evening. They were married in Huntingdon on March 13 and came west on their wedding trip. They expect to make their home up on the ranch. Mr. Bratton is the youngest son of H. C. Bratton, manager of the Penn-Oregon Orchards. He was formerly employed by the Pennsylvania railroad at Altoona.

Harvey Murray, who has been at Kerby helping to care for Earl McAllister during his illness, was brought to the home of Rolly Murray, his brother, on Sunday last, threatened with fever.

The old Linton property upon Red Hill is again tenanted. Extensive improvements to this property are contemplated.

Sherman Jess has made many improvements to his property this spring. A new wire fence and a large clearing are a part of them.

Wall tents and tent flies in all sizes at Cramer Bros.

Lloyd Smith, the mighty hunter of the district, recently shot a large wild cat. The "varmint" weighed 21½ pounds and was beautifully marked. More chickens will be raised upon Red Hill this year than last.

Mrs. James Evans is suffering from la grippe, but is now recovering. Miss Elizabeth Evans is down with measles.

Otto Kaler and family, consisting of his wife and three children, are now living on the former Swain place, now a part of the Penn-Oregon Orchards. They came to Oregon from Iowa.

Marion Triffin, of Wonder, spent a day recently among his Red Hill friends.

Rev. McLean, of Bethany church, Grants Pass, is to hold preaching services in the Red Hill school house on Sunday afternoon, March 26, at 3 o'clock.

CALIFORNIANS HOLD AN ALL NIGHT SESSION

SACRAMENTO, Mar. 22.—Thirty-nine weary senators were in their places today when daylight broke, following an all-night vigil under a "call of the senate." The fortieth senator, John J. Cassidy, of San Francisco, who caused the record-breaking detention of the senators, had not been found. The Sacramento police force, the sheriff's deputies and the San Francisco authorities had been ordered by the legislature to assist Sargeant-at-arms Coughlin to hale Cassidy before the bar of the senate, but the night long man hunt had been unsuccessful.

Cassidy's vote is needed on the question of passing a bill to prohibit the courts from restraining picketing or trade boycott in labor troubles. At that, the senator's vote would not be decisive. The vote now stands 19 to 20 against the measure. Caminetti, its defender, believes that Cassidy will vote with him. With the vote 20 to 20 Lieutenant-Governor Wallace would have the deciding vote. He is said to be against the bill.

Comment on Cassidy's disappearance recalled the fact that he, while usually voting for labor measures, is an employe of the United Railroads of San Francisco. It is believed that he saw that "disappearance" was the best way out of his dilemma.

The Pasmores

The Pasmore Trio presented their superior program to a small audience at the opera house Tuesday. The music more than pleased the lovers of good music, the program seeming far too short. The ladies, though, were very gracious in their response to encores and their masterly control of their instruments and winning manner called for many.

It was advertised that the program would be an entire change from that presented at their previous stop in this city, but the old program was printed, necessitating the announcement of the numbers by Miss Susannette. For the benefit of those present at the concert and who expressed a desire for it, we publish the program rendered: Trio, Novelletten, Gade. Violin solos: Humoreske, Dvorak; Ballade and Polonaise, Vieuxtemps. Piano solos: On Wings of Song, Mendelssohn Liszt; Polonaise No. 2, E major, Liszt. Cello solos: On the Lake, Godard; Scherzo, Van Goens. Moment Musicaie, Schubert; Traumerel, Schumann (Arranged by H. B. Pasmore); Waltz Romance, Schuett.

The Pasmore sisters were seen at the "Good Eats" cafe this morning and diverting their attention from nicely browned flap-jacks and corn syrup to the reporter, they spoke with enthusiasm of their audience. They said they were not used to a small audience, but it was a pleasure to appear before one so appreciative of their efforts and the heartiness of the applause compensated in a measure for lack of a full house.

F. F. Groves, after seven years' effort in trying to find a better place than Grants Pass, returned Tuesday night and will hereafter remain contented. He and Mrs. Groves spent much time in Colorado Springs and farther east, also at Los Angeles. Mrs. Groves came to Grants Pass some months ago, while Mr. Groves went to San Diego to try that climate. After having experienced seven white frosts and one snow in six months and shivering in the damp breeze he decided that the favored spot was no place for him and he has returned. Mrs. Groves a week ago bought a 15-acre tract about 10 miles down the river and they will set out additional fruit and make improvements.

WOMEN'S VOTE BEATS THE SOCIALISTS IN MILWAUKEE

MILWAUKEE, March 22.—Defeating the socialist candidates for the school board in this, the hot-bed of the propaganda in the United States, Milwaukee women today are recognized as a political power which had nullified all precedents. They polled 10,000 votes.

When two socialists were nominated for the school board the women named twelve non-partisan candidates to oppose them. Four of the 14 candidates were to be elected and the women concentrated their power against the two socialists. In some residential districts the women outnumbered the men, but at all the polls throughout the city the women were outnumbered by the male voters 2 to 1. Their solidarity, however, won the day. One of the reasons for the women's opposition to the socialists was bitter denunciation of the socialist control of the city by Catholic and Lutheran clergymen.

MOTHER CARES FOR HER MANIAC SON 30 YEARS

CHICAGO, Mar. 22.—Six husky deputies today snared George Odette, a raving maniac, through the bars of steel cage in the garret of his mother's room near Waukegan today, preparatory to placing him in the Elgin Insane asylum. The man had been kept in the cage for nearly 30 years and his commitment to the asylum follows the death of his mother, aged 92, who had remained by his side since she was 62, seldom leaving the garret, where she prepared his food and attempted to lighten the burden of his miserable life.

The formality of a test for his sanity was gone through yesterday when members of the board questioned him as he stood nude, shrieking at them and rattling the bars. His beard hung nearly to his knees, was bloodstained and matted and his body bore many bruises, marks of frequent struggles against the steel.

The man has been violent since his incarceration, no one but Mrs. Odette dared enter the garret. When a boy Odette was shocked by a toy electric battery and it robbed him of his reason. He was first sent to an asylum, but on hearing that he refused to eat and was starving, the mother secured his release by promising to care for him herself.

ANNOUNCEMENT

Our Locality to be Homesteaded Again in Ten Acre Tracts

I wish to announce that I am inaugurating a new method of securing bona fide settlers for this section of the Rogue River valley. I have entered into contracts with the owners of several tracts of fruit land to be sold without payment down but to be paid for on or before six years.

This plan is quite similar to the government homestead law. The only provisions are that each man locating on a 10-acre tract first deposits \$1000 in trust in one of the Grants Pass banks to be checked out for improvements and developments on his 10 acres during the first year. Simultaneously with this deposit the owner will furnish abstract and make warranty deed to the purchaser and in payment for same take mortgages due on or before six years from date with interest at six per cent, payable quarterly. The buyer to pay taxes and keep the buildings insured in favor of the mortgagee, as his interest may appear.

I would like to talk with the owners of lands and explain my plan to them. It is not only decidedly to your interest, but to that of the locality that you come in and let me fully explain the details of this plan to you.

I also have both developed and undeveloped lands for sale, in large and small tracts, for cash or on payments; also lands to be planted to orchard and cared for five years, sold on small payment down and small monthly payments, as well as some very desirable residence and business lots and small acreage for suburban homes; also business chances. In fact, this new homestead feature is simply an addition to my general real estate business.

NINE MINERS KILLED BY FALL OF SLATE ROCK

PITTSBURG, Mar. 22.—Nine miners were killed early today by a fall of slate at the Hazel mine, near Cannonsburg.

One American, David Bonley, was among those killed. Eight hundred men were at work when the accident occurred. According to reports, the victims were entering the mine on a coal car when it jumped the track, demolishing the posts supporting the roof. With the caving in of the roof tons of slate crashed down on the miners, crushing their bodies almost beyond recognition.

Officials of the Pittsburg-Buffalo Coal company deny that the car jumped the track, and assert that the slate fell from the roof on the car.

The mine was closed following the accident and work will not be resumed until after the funerals of the victims.

THE BIG, RED FRONT, SIXTH STREET

A. H. Fetters, of Omaha, Neb., arrived here last night and will spend a few days with A. N. Parsons. Mr. Fetters is the mechanical engineer who designed the first motor car used by the Harriman lines and which ran out of Omaha.

Dr. Smith received a call from upper Williams Tuesday night stating that Chas. Hoxie, a prominent resident of that place who is operating a shingle mill, had, in some unexplained manner, cut his hand with one of the saws. Hoxie started for Grants Pass, but when only about four miles from home was obliged to turn back, being too weak from loss of blood to travel further. Dr. Smith responded to the call and brought Hoxie to this city for treatment and he is staying with friends.

Our fingers of the right hand were cut off with a part of the hand.

I. F. Moore, who recently disposed of a large plumbing establishment in Medford, has purchased of the Grants Pass Hardware company their plumbing and tin shop at 510 H street, and has also leased the building, which he will remodel, putting in a plate glass front and making numerous other improvements. With something over \$2000 worth of heavy sheet metal working machinery and up-to-date tinner's tools, Mr. Moore says he will have one of the largest shops in this part of the state. He said that he had been watching Grants Pass and had become convinced that the future of this city warranted him in his present undertaking. He will have an expert tinner and metal worker here in a few days who is at present engaged putting a heavy cornice on the Howard block at Medford for Mr. Moore.
