NEW COMMISSION FIRM SUPPLIES PUBLIC NEED

The new commission firm of H. M. Axtell and Company is meeting with great success in disposing of its first shipment of fruit and produce, and from the encouragement given them by the merchants of this city generally they expect to do a first-class business and be of mutual benefit to the merchants and producers alike, which will work to the good of the consumer as well. Mr. Axtell says that while his first shipment was a mixed car lot, he still is able to meet the Medford commission merchants' prices. This class of merchandise has come principally from Medford heretofore. He says he can practically lay down produce in Grants Pass from Sacramento, Cal., at the same rate as is paid from Medford here, which makes a saving to the local merchant of from 20 to 30 cents per hundred; and when his business warrants him in buying fruit and vegetables direct from the California Growers' association in full car lots, the rates will be materially lower.

In speaking of his undertaking, Mr. Axtell said that he will get in close touch with all local growers and instead of letting the home market become glutted at times with produce and fruit that merchants are really forced to buy to accommodate their farmer trade, and which many times prove a dead loss to the merchants, the commission house will keep track of these local conditions and assemble carload shipments for Portland, Klamath Falls, and, in some cases, Medford, with a return shipment of other produce. His firm is tabulating the names of the ranchers in this vicinity and ascertaining the amount and kind of crops planted by each. With these farmers on the rural telephone line, he is enabled to secure on short notice what he wants that is locally grown and knows just when and where to find it.

The new commission company will buy any produce that is marketable and pay cash for it. This, Mr. Axtell claims, will be a great benefit to the farmer, as he will have cash to go his trading with, instead of getting due bills. The Ahlf block is ideally fitted with cold storage facilities for commission house purposes and the company will have plenty of room. Prices will be regulated by Portland quotations. There are 50 or more retail stores in the territory of which this city is properly the distributing center.

REPORT OF COMMITTEE ON PUBLIC SAFETY

Grants Pass, Ore., April 4, 1911. To the Honorable Mayor and Common Council of Grants Pass.

We, the undersigned committee appointed by the mayor to investigate school houses, lodging houses, skating rinks, theaters, opera houses, etc., in regard to fire escapes, rear doors and exits, report as follows:

We do hereby recommend two steel fire escapes on Riverside school house, one on the east side upstairs at the end of hallway and one on the west side at the end of the hallway upstairs.

We would further recommend four steel fire escapes, one on each side of the Central school building, also that all doors be hung to open out.

We also recommend that there be two doors on the north end of the skating rink opening out and that the one at the south end be hung to open out.

We also recommend that the rear door in the Electric theater be hung to open out, also the shed door back of the Electric theater to be left unlocked and open during all performances.

We also recommend that the door at the west end of the hallway upstairs at the Josephine hotel be hung to open out.

We further recommend two steel fire escapes, one on the west side and one on the south side of the Grants Pass hotel, also a steel fire escape on the south end of the George Hansen building occupied upstairs as a rooming house, and that the door at the foot of the stairs be hung to open out and the rear door of the Bijou theater be hung to open out.

We would further recommend that there be two steel fire escapes on the north end and one on the south side of the East school house.

We further recommend that the property owners pay for these improvements.

WANT ROAD BUILT SOUTH BANK OF RIVER

A move is being started for the improvement of the road on the south bank of Rogue river between Grants Pass and Rock Point, and to this end a committee representing the land owners along the route have planned an automobile trip over the road, is shown by the following communication:

The land owners along the public road on the south bank of Rogue river between Rock Point and Grants Pass have a plan to secure the immediate betterment of this road, which they will submit to the county courts of Jackson and Josephine counties, the work to be of a permanent character and such as can be used in making it a macadamized highway that will be a section of the Pacific highway, now under course of construction between Seattle and San Diego, and on which the state of Washington is employing its convicts, and for which California recently voted a bond issue of \$18,000,000, the greater part of which is to be expended in building the highway through the state.

To enable the members of the county courts of Jackson and Josephine counties, and others who are interested in the proposed Rogue River Valley boulevard, a tour of inspection of the above mentioned road will be made on Sunday, April 23, but if there should be rain on that day the inspection will be made on the following Sunday. The trip will be by autos and the route will be down Rogue river by the south bank road and back by the north bank road. The start will be from Medford at 9 a. m. sharp. Dinner will be had in Grants Pass. The committee has arranged for autos and dinner for the party. The Josephine county guests will be expected to come to Medford on the morning train so as to make the round trip with the party, they returning to Grants Pass by the evening train if they prefer. Their carfare will be furnished by the committee.

Judge J. R. Nell, Commissioner James Ownes, Commissioner George L. Davis and Road Engineer W. W. Harmon, of Jackson county, have accepted our invitation and they heartily approve of this trip of road inspection. The newspaper men of Medford, Grants Pass and Gold Hill and a number of good roads boosters have been invited to be members of the party.

ALL MY PIMPLES GONE

Girl Tells How a Blochy Skin Was Cleansed by a Simple Wash.

"I was ashamed of my face," writes Miss Minnie Pickard, of Almahaw, N. C. "It was all full of pimples and scars, but after using D. D. D. Prescription I can say that now there is no sign of that Eczema, and that was three years ago."

D. D. D. has become so famous as a cure and instant relief in Eczema and all other serious skin diseases, that its value is sometimes overlooked in clearing up rash, pimples, blackheads, and all other minor forms of skin impurities.

The fact is, that while D. D. D. is so penetrating that it strikes to the very root of Eczema or any other serious trouble, the soothing Oil of Wintergreen, Thymol and other ingredients are so carefully compounded there is no wash for the skin made that can compare with this great household remedy for every kind of skin trouble.

D. D. D. is pleasant to use, perfectly harmless to the most delicate skin, and absolutely reliable. A 25 cent bottle will give you positive proof of the wonderful effectiveness of this great remedy. M. Clemens.
