SILVER TROPHY FOR FRUIT PRIZE IS BROUGHT HERE

The costly silver trophy cup won by A. D. Helms, of Ashland, at the National Apple show at Spokane last autumn has been brought from Chicago to Grants Pass by Elmer S. Shank, who arrived here Wednesday from the windy city. Mr. Helms has not yet seen his rich prize, but it will be sent him at an early day. The cup is on exhibition in one of the windows of Mr. Shank's office on Sixth street, near the postoffice.

The cup is 10 inches high and nine inches across the top of the bowl. It is of sterling silver and three handles adorn it, similar to the conceits of the ancient Greek craftsmen. In having three handles this forms three divisions of the outside surface, each of which bears an inscription, cut in bold and handsome script. On one face is the following: "Awarded to A. D. Helms, Ashland, Oregon."

The second reads: "Awarded to A. D. Helms by International Apple Shippers' association, trophy of the National Apple show, Spokane, Washington, November 14 to 19, 1910."

The third inscription reads: "For the best carload of apples exhibited and judged from the standpoint of commercial grading and pack and consisting of—" Here the inscription ends, as it seems the engraver was not furnished with the name of apples which won the prize. What should have been added and will be done later are the words "Spitzenbergs and Newtowns."

Plan New Billiard Parlors—

The billiard parlors and cigar store on Sixth street formerly owned by Reymers & Offins was sold last week to E. R. Lawrence, of the Bijou theater, and E. A. Hienz, of the Good Eats restaurant. These gentlemen will take possession of the building tomorrow. Besides the front of the building already occupied by the parlors, the new proprietors have secured 12 feet additional space from the Layton hotel building adjoining and will also have the entire rear of the building. They will immediately begin remodeling and renovating the entire structure, which will be refurnished and fitted with the latest, most up-to-date fixtures. The gentlemen plan to make this the finest billiard room between Portland and San Francisco.
